

THREE THOUSAND TROOPS.

THEY ARE GUARDING BROOKLYN STREET CAR LINES.

THE SOLDIERS MUCH DISSATISFIED.

The Labor People Also Very Much Out of Sorts—A Number of Disturbances Take Place—A Corporal Is Badly Beaten by Strikers—Talk of General Strike in New York and Brooklyn.

BROOKLYN, N. Y., Jan. 21.—About 3,000 militiamen are under arms in this city prepared to put down any violence that may be attempted by the striking street railway men or their sympathizers, Mayor Schieren having decided that the police force was inadequate.

The privates do not enter upon the campaign with any degree of enthusiasm. In the strike of 1892 they had a long spell of service at Buffalo, protecting railway property, and they profess to fear that if they should be kept on duty for more than thirty-eight hours their employers will come to the conclusion that membership in the national guard is not compatible with efficiency in business. Many are talking of resigning from their companies.

The calling out of the troops seems to have aggravated instead of alleviating the situation. It has caused indignation among the labor unions, and there is a prospect that other trades will be called upon to strike in sympathy. Master Workman Connelly said that a general strike might be ordered before to-morrow morning.

The first demonstration of violence toward the soldiers took place at the Halsey street depot, where Corporal Cherry of company I, Forty-seventh regiment, was knocked down by a crowd of strikers and so severely beaten that he had to be taken to the armory. Two Halsey street motor men were assaulted by a mob and so badly hurt that they could not continue the trip.

Two cars of the Fulton street line, one flying a United States mail flag, reached Williams place and Fulton street at 1:40 o'clock. A crowd of about 1,400 strikers surrounded the cars and chased the four policemen from them. Passengers and a number of non-union men were also driven off. Police reinforcements were at once called for. The motor men deserted their posts and the cars were soon at the mercy of the mob. The trolley wires were cut at Manhattan crossing and Stone avenue in two places.

About the same time two more Fulton street cars were held up at Williams place and Fulton street and the crews deserted their posts. The Summer avenue line was also blockaded, the circuit having been burned out by inexperienced hands.

The trolley wires were cut by the strikers at Fulton street and Nosttrand avenue. They were repaired by the company, but less than an hour later were again cut further down the street.

LAD BEFORE THE COURT.

The Union Pacific Foreclosure Petition Presented—A Decision Next Week.

St. Louis, Mo., Jan. 21.—Before Judge Walt H. Sanborn of the United States circuit court to-day, Attorneys Winslow S. Pierce and R. A. Hall of New York, representing F. Gordon Dexter and Oliver Ames, second trustees for the first mortgage bondholders of the Union Pacific railway company, filed a bill of complaint setting forth that the interest on the \$27,000,000 of first mortgage bonds of the company had been defaulted January 1 and asking the foreclosure of the mortgage and appointment of separate receivers for that division of the Union Pacific covered by the mortgage and known as the main line.

Mr. Pierce also presented a form of order, closely following that in the Denver Pacific case, and asked that it be made the order of the court. After considerable general discussion by counsel of the proper verbiage of the order, the court took the matter under advisement and will render a decision later, probably the first of next week.

The discussion between the attorneys and Judge Sanborn partook of the nature of a friendly interchange of opinion, and while nothing was definitely settled it seemed to be generally accepted by counsel for both sides that the order asked would issue, though the exact terms, of course, remained with the judge for final determination.

CHINESE AGAIN BEATEN.

Another Battle Won Easily by Japanese—Wei-Hai-Wai to Be Shelled.

LONDON, Jan. 21.—A dispatch from Hai Ching, dated Thursday, says that in the fighting which occurred in the vicinity of New Chang on Wednesday last, the Chinese were defeated by a loss of 900. The Japanese loss was fifty.

The Russian cruiser Kreyser has been ordered to proceed to Wei-Hai-Wei from Shanghai as promptly as possible, in view of the fact that a Japanese land and sea attack upon that important port is expected shortly.

Three Japanese warships yesterday opened fire upon Ting Chow Foo. The firing ceased in a short time, and no damage was done.

IT IS A WAITING CONDITION.

Much Hope That Positive Improvement in Business Is Near.

NEW YORK, Jan. 21.—R. G. Dun & Co.'s Weekly Review of Trade says: "There are some good signs, but generally, which hesitates much as it has done for months. Gold continues to go abroad, and the deficit of revenue is already over \$9,500,000 for the month. In the main, it is a waiting condition, with much hope that positive improvement is not far off, but not very satisfactory evidence of it as yet."

HAWAII'S UPRISING.

Minister Willis' Report to the State Department.

WASHINGTON, Jan. 21.—This morning Minister Thurston received a telegram from President S. V. Dole, sent by way of San Francisco, and reading as follows: "Rebellion broken. Leaders and remaining followers fugitives in the mountains."

Another telegram received by the minister was from Hawaiian Consul General Wilder at San Francisco and announced that the steamer Australia, whose regular sailing day was today, would postpone her departure until Monday and that Mr. Hatch, the Hawaiian minister of foreign affairs, would return to Hawaii aboard her. Secretary Gresham received formal notice of the uprising, in the shape of the following dispatch from Minister Willis, telegraphed from San Francisco:

"HONOLULU, Jan. 11, 1895.—To the Hon. W. Q. Gresham, secretary of state, Washington: At Waikakai Beach, five miles from executive building, night of January 6, uprising of Hawaiians. Reported several hundred well supplied with arms and ammunition. Commanded by Captain Nowlein and R. W. Wilcox. The Hon. C. L. Carter, late commissioner, killed first night. Desultory fighting every day since without further loss of life or property to government. Three Royalists killed and fifty taken prisoners. Over fifty non-combatants, mostly whites, arrested including three ex-attorney generals and many prominent citizens. Martial law declared January 7. No vessels allowed to leave. All other islands reported quiet. Crisis thought to be over, but excitement still intense. President Dole expressed to me his gratification that no national ship has been in port during this disturbance. Arms reported to have been brought from Vancouver by Norma."

WILLIS. Soon after he reached the state department Mr. Gresham sent to the navy department for Secretary Herbert and the two cabinet officers engaged in a close consultation for half an hour as to the advisability of sending a United States cruiser to the islands.

After consulting for some time the two secretaries came to the conclusion that nothing should be done toward sending a ship to Hawaii except by the direction of the president and they went directly to the White house to learn the president's wishes in the matter.

Later Secretary Gresham requested Secretary Herbert to dispatch a vessel to Hawaii immediately. The vessel chosen is the Philadelphia and she will have on board Admiral Beardslee, the commander of the naval station.

BROUGHT UP BEFORE CONGRESS.

Soon after the senate met to-day Mr. Frye of the committee on foreign affairs offered a resolution expressing the "profound indignation" with which the senate heard of the efforts to restore the deposed queen to the throne of Hawaii, sending words of sympathy to the young republic and expressing it as the sense of the senate that the United States government should at once dispatch warships to the islands. Senators gave the closest attention to the reading of the resolution and the galleries filled rapidly. Mr. Frye asked that the resolution be given immediate consideration. After a stirring debate the resolution went over on objection by Mr. George of Mississippi. Just before 2 o'clock Mr. Boutelle of Maine got the floor in the house with the purpose of presenting a resolution relative to the rebellion in Hawaii. He made a fiery speech.

Mr. McCreary vainly tried to interrupt Mr. Boutelle, whose words gushed like a torrent. Mr. Boutelle said nine-tenths of the people of the United States and of congress, irrespective of party, had no sympathy with the Hawaiian policy, which he charged was directly responsible for the tragedy in the Hawaiian islands.

At this point the hour of 2 o'clock arrived and the speaker announced that under a special order the remainder of the day would be devoted to eulogies on the life of the late Representative Lysie of Kentucky.

Mr. Boutelle vainly sought to have the order set aside temporarily until a resolution he desired to offer could be considered. When the speaker rapped for order he continued his appeal amid great confusion and the speaker was obliged to order him to be seated and to instruct the sergeant-at-arms to enforce the order. The resolution was similar to that offered by Mr. Frye in the senate.

Consul Job Denounces Wilcox.

CHICAGO, Jan. 21.—Fred W. Job, Hawaiian consul here, in an interview to-day, declared that the killing of Carter in the fight at Honolulu was the result of bitter personal enmity of Wilcox, who is said to have been the leader of the Royalists. Wilcox, he said, had long been an enemy of Carter, and is a man without principle. "This man Wilcox ought to be shot as soon as taken," he said. "The Western law ought to apply in his case—shoot him first and try him afterward, to find out if he were guilty or not."

FLAMES IN WINFIELD.

Half a Block in the Business Center of the Town in Ashes. WINFIELD, Kan., Jan. 21.—Henderson & Nichols' livery stable, V. Caton's marble works, Reed & Miller's plumbing and wind mill house, Pierce's livery stable and the Christian church were entirely destroyed by fire last night. The contents of the stable of Henderson & Nichols' stable, also of the wind mill house, were burned. The losses are estimated at \$20,000.

Admission Bills to Be Brought Up.

WASHINGTON, Jan. 21.—The bills for the admission of New Mexico and Arizona to statehood are expected to come before the senate next week. They passed the house some months ago. Delegate Joseph of New Mexico, who has given most of his time in congress to advancing the New Mexico bill, says that he has little doubt of favorable action by the senate, as the only active opposition being made is that of the A. P. A. organization, on the ground that the old Spanish and Mexican population of New Mexico is almost exclusively Catholic.
