

KILLED IN A WRECK.

PASSENGER TRAIN PLUNGES OFF A HIGH TRESTLE.

Accident Happens on the Baltimore & Ohio Road at Bellaire, Ohio—Four Killed and Seven Injured More or Less Severely.

Columbus, Ohio, April 6.—A frightful wreck on the Baltimore & Ohio railway occurred this morning at Bellaire, Ohio. Four people were killed and seven badly injured.

A coach jumped the track as the train was approaching the trestle, which is situated on a curve. The coach ran on the ties half way across and then the engine left the rails, carrying down five benches of the trestle to the ravine below. The dead are: ELI LUCAS, engineer, whose family reside in this city.

MRS. E. YOUNG AND HER LITTLE DAUGHTER, of Summerfield, HENRY BROWN, of Bealleville. The injured are: JESSE JONES, Summerfield, Ohio; fatally injured.

NATHAN YOUNG, Summerfield; fatally injured.

JOSEPH DENON, Barnesville, Ohio; seriously injured.

FRANK HOLLAND, Summerfield, Ohio; baggage master; leg broken.

Nathan Young was rescued from the coach, but he cannot live. No examination was made of his injuries, as he is in a precarious condition. The engine and cars are a total wreck, as also is the trestle. The trestle which the train overturned was about forty feet high.

BIG CHINESE ARMY.

Eighty Thousand Men on Formosa, 50,000 Well Armed.

London, April 6.—The Times publishes a dispatch from Hong Kong saying the Chinese army in the northern part of the island of Formosa numbers 80,000 men, of which 50,000 are splendid soldiers, who are well armed. The remainder are raw levies and include a great number of beggars. Fighting is said to be imminent, but the foreigners are believed to be safe. Vigorous measures are being taken at Swatow and Canton in order to resist the Japanese. Booms have been constructed across the Canton river and levies of men are being enlisted for military purposes. A dispatch from Shimonoseki says the military activity of the Japanese is unabated. Five transports having infantry and cavalry on board were hurried away the day previous to the filing of the dispatch and before the armistice was officially declared.

Mescalero Indians Are Fractious.

Denver, Colo., April 6.—A report from El Paso says the Mescalero Indians at the agency, thirty miles from Fort Stanton, have broken away from the agency and gone on a marauding tour. Major-General McCook has not received any notice of the trouble and is not disposed to give it any credence, believing it actuated by a desire on the part of the residents of Lincoln county to influence him against removing the troops of cavalry under Capt. Bonus from Stanton, which had been recommended for abandonment.

Indiana Teachers in Session.

South Bend, Ind., April 6.—The Northern Indiana Teachers' association, embracing the territory north of the Wabash river, began its annual convention at the First Presbyterian church last night. The convention opened at 7:30 in the evening, the address of welcome being delivered by Mayor David B. J. Schafer. The response was made by David K. Goss, superintendent of the Indianapolis schools. The retiring president, B. F. Moore of Frankfort, delivered an address and was followed by the inaugural of President-elect H. G. Woody of Kokomo. The convention will close tomorrow forenoon.

Gathering of Bankers in Court.

Cincinnati, Ohio, April 6.—The hearing of the officers of the Commercial bank will be held before the Insolvency court to-day. Nearly all the bank presidents and officers of the city have been subpoenaed. It is charged that President Foote had \$35,000 borrowed, that the capital stock was reduced to \$200,000, and yet \$228,000 was floated, and that the \$40,000 of surplus and \$850,000 in bills receivable are not accounted for.

Wisconsin Teachers in Session.

Milwaukee, Wis., April 6.—The convention of the Southeastern Wisconsin Teachers' association began yesterday at the State Normal school. About 300 educators were present at the opening session and about 100 more came in time for the afternoon session, and it is expected the number will reach 800 when the session opens to-day. The convention will last through till to-night.

Huntington Re-Elected.

San Francisco, Cal., April 6.—The board of directors of the Southern Pacific railroad company met yesterday to re-elect officers for the coming year. C. P. Huntington was elected president by unanimous vote and every one of the subordinate officers were filled by the men previously holding them. In every case the election was by unanimous vote.

Shot While Trying to Escape.

Milwaukee, Wis., April 6.—Detective John Hanneff shot Oliver Nelson, alleged forger, on Greenfield avenue shortly after noon yesterday. Nelson was under arrest, broke away from the officer, and was ordered to stop. He paid no attention to the warning and was shot, but not dangerously wounded.

Southern Pacific Files a Big Deed.

Bakersfield, Cal., April 6.—A trust deed was recorded in the county recorder's office yesterday by the Southern Pacific company, transferring all its property, including rolling stock in this and other counties, to the Central Trust company of New York, the consideration being \$58,000,000.

Government banking explained in "Money Found." For sale at this office. Send 25c.

TO FORM ONE BIG UNION.

Various Central American States Think Federation Probable.

Washington, April 6.—A convention some time this year of the several countries of Central America, with a view to forming a confederation or union similar to the United States, is regarded as a probability by Central American diplomats here.

These diplomats state that the subject is under discussion in their respective countries, and that a time and place for the convention will probably be fixed before long. Two such conventions have been held in Guatemala and in Costa Rica, but they failed to effect definite results, although showing favorable feeling among the influential classes toward such a union. Recent events, especially the threatened war between Mexico and Guatemala, have more forcibly directed the attention of the Central American states to the desirability of a federal nation and Great Britain's demands on Nicaragua have tended in the same direction.

A diplomat of extended experience in Central America said yesterday that the leading public men and the people at large are so strongly favorable to a federation that in his opinion it is sure to come.

BIG STEALS AT CARSON.

The Mint Is Relieved of \$23,000 at One Time.

Carson, Nev., April 6.—Superintendent Mason of the government assay office in New York has been in full charge of the mint scandal investigation here for two weeks. He has discovered shortages that approximate \$30,000, and all the suspected melts have not yet been examined. The greatest steal yet discovered in one melt was unearthed by Superintendent Mason a few days ago. He found that one run or melt which purported to contain 2,200 ounces, half gold, half silver, had but forty ounces of gold. The shortage on this fraudulent melt, therefore, was about \$22,000. It is known that the frauds extend over a period of five or six years.

AFTER NICARAGUA.

England Sends an Armed Force and a Warship to Collect Its Claim.

New York, April 6.—A special cablegram to the Herald from Panama says: "The British cruiser Royal Arthur, with Admiral Stephenson, arrived this morning from Callao. From one of her officers it was learned that landing parties were being organized and were drilled during the voyage. The officer said the objective point of the vessel was Corinto, Nicaragua, where it was likely the would land men if Great Britain's claim against Nicaragua for the expulsion of Consular Agent Hatch was not satisfied. The Royal Arthur will await further instructions from the British admiralty before proceeding to Nicaragua."

AGAINST INCOME TAX.

Supreme Court Now Said to Stand Five to Three That Way.

Washington, April 6.—There was a story current yesterday to the effect that one of the Justices of the Supreme court of the United States called on the President within a day or so and informed him that five of the Justices had determined that the income tax is unconstitutional. The other three hold it to be constitutional and the case is hanging fire for this reason. Two of the five Justices who are against the tax are willing to declare certain parts of the law constitutional if evidence is given them that the treasury is in need of the funds from the tax.

Blue and Gray Fraternize.

Pittsburg Landing, Tenn., April 6.—The national reunion of the survivors of the Army of the Tennessee, the Ohio and Mississippi opened to-day on the battlefield of Shiloh. The attendance so far is not heavy, but large contingents are expected this afternoon and to-morrow, when the formal exercises will be held. Illinois, Iowa, Indiana and other northern states are represented by delegations officially appointed by the respective governors, and so are Tennessee, Mississippi, Kentucky and other southern states. To-morrow there will be a general fraternization between the men who wore the blue and those who wore the gray.

Taylor Jury Is Discharged.

Carrollton, Mo., April 6.—The jury in the Taylor case came into court at 9:30 o'clock this morning and reported that the members could not agree. The jury, which stood seven for conviction and five against, was then discharged. As the jurors filed out of the courtroom they were hissed, hooted at and reviled by the people who had gathered about the courthouse. It is the general opinion here that Carroll county has been disgraced by the five jurors who stood out for acquittal.

Strikers Use Dynamite.

Pomeroy, Ohio, April 6.—An attempt was made at Minersville early this morning to blow up with dynamite the family boat of John Forbes, a miner imported to take the place of striking miners. The boat was badly shattered, but no lives were lost. Fourteen men have taken the place of old miners in Williams' mine and serious trouble is feared. Forbes fired on the dynamiters, but they escaped. There was a woman and two children in the wrecked boat. The situation is desperate in Minersville.

Results of Sham Battle.

City of Mexico, April 6.—Lieut. Chas. G. Dwyer, military attaché of the American legation, who served on President Diaz' staff, was sunstruck and bore from the field during the sham battle. Several other accidents occurred and two cavalrmen were knocked from their horses and trampled to death.

Colored Murderer Hanged.

Atlanta, Ga., April 6.—Richard Gates, colored, was hanged at Lagrange for the murder of Lee Sledge, another negro, in a jealous frenzy. The hanging was in private. Gates died claiming that he was going straight to heaven.

He Is a Bunko Steerer.

Paris, April 6.—Thomas O'Brien, the man who shot Waddell March 27, admits that he is Thomas O'Brien, the bunko steerer. Later in the day it was announced that Reed Waddell, O'Brien's victim was dead.

FOUND IN THE DEBRIS

FIFTEEN PEOPLE MEET DEATH AT NEW ORLEANS.

Explosion of Powder Razes Two Buildings—Frequenters of the French Market Hurled Suddenly Into Eternity—Miscellaneous Escapes.

New Orleans, La., April 6.—Fifteen people were killed and buried in the ruins of the building blown to pieces by the explosion early this morning.

As near as can be judged the disaster occurred at 2:35 o'clock and took place in the powder-room of Charles J. Salathe's grocery and ship chandlery store. The store and a saloon adjoining, also owned by Salathe, are reduced to ruins and Salathe, his wife and one child, together with three servants, a clerk and an orphan boy, who lived with them, were killed. The first bodies taken from the ruins were those of Salathe and his wife. They were badly bruised.

The French market was just being opened and the men who sell fish and other food were unloading their wagons. Some of them had gone into the saloon to drink, and the barkeeper, Felix Rego, and five or six people who were drinking there are under the debris.

Splinters, bricks, pieces of timber and other material were scattered on the market, damaging that and the windows in Sarrazin's tobacco factory, adjoining, were shattered. More than six men who were on the streets were slightly injured by flying particles.

Emile Boulet, the owner of the barroom, had stepped across the street for a moment and was in the market when the explosion occurred, thus saving his own life.

There were sleeping apartments over the barroom in which a number of people were supposed to be resting for the night, as it was a lodging house.

The cause of the explosion is unknown. Salathe kept a large quantity of powder, which he sold to fishermen and hunters. Two of the children of the groceryman were miraculously saved. One, a little girl named Lillie, was found in the debris in a different section of the ruins from her brother Eddie. Both children were slightly scratched.

Eddie was in a back room, while his mother, father and the baby were sleeping in the room in front.

Charles Reisa of Howard and Lafayette streets, a colored barber, was seriously wounded by flying timbers, and was carried to the hospital in the ambulance. Lillie Salathe was pulled out from between some timbers by John Bagnere. As soon as the fire which followed the explosion had been extinguished, a party of searchers went to work to find the bodies of the dead.

While the police are inclined to believe that the explosion was the result of an accident, a number of people residing in the vicinity of the wrecked buildings are of an entirely different opinion. They state openly that the explosion was an attempt to kill the man Boulet, who had a miraculous escape. Boulet is a Frenchman, who, two years ago, shot and killed one of the wealthiest Italians doing business in the vicinity of the French market. This man was Aristides Balestrac, who ran a barroom in the neighborhood, as well as a fish and game stand in the market. Boulet and Balestrac were at one time good friends. They were in the saloon business together. Boulet's wife came between them, and not only broke up the business arrangements, but caused a deadly enmity between the men.

The trial resulted in Boulet's acquittal. Ever since then Boulet has been looked upon as a marked man. His friends tried to persuade him to leave the city, or at least to stay away from the market, but he refused. Last night he occupied a room on the second floor, and it is believed that the explosion was for the simple purpose of killing him. That he escaped is looked upon as a miracle. Balestrac was a leader in the Italian colony. He was a man of great influence, and was just the sort of individual to be at the head of a Mafia organization.

FIX RAIL AND WATER RATES.

Transportation People Meet in New York and Reach a Decision.

New York, April 6.—All the members of the Association of Lake Transportation Lines held a meeting in the Trunk Line association offices in this city and agreed on the distribution of lake and traffic—package freight—eastbound, for the approaching navigation season.

An agreement was adopted which provides for an apportionment of the business, and also gives assurance of a strict maintenance of rates throughout the season. The established rate for all-rail traffic is 25 cents per 100 pounds on six-class freight. The lake differential from Chicago to New York is 5 cents, making the regular schedule 20 cents. This agreement will take effect with the opening of navigation, and it applies to business originating at northwestern points and at Lake Superior and Lake Michigan ports proper.

INSURGENTS WORSTED.

Battle of March 24 Resulted in Their Defeat at Faraguana.

New York, April 6.—A Herald special from Havana, Cuba, says: "Lieut-Col. Aroz with 250 men and 35 Spanish guerrillas met Amador Guerra and 600 revolutionists near Faraguana at 4:30 o'clock Sunday morning, March 24. Fighting began at once, the insurgents holding their ground with great tenacity. The Spanish guerrillas, under command of Capt. Vaguero, finally charged upon and dispersed the insurgents, who lost twenty killed and many wounded. The Spaniards lost one lieutenant killed and one sergeant wounded. A saddle belonging to Amador Guerra was found after engagement, and it is supposed he is wounded. He was seen to fall from his horse during the fight. Guerra repeatedly cried: 'Arriba al machete. Viva Cuba.' Lieut-Col. Aroz has been highly eulogized for his bravery and that of his troops."

Mexican Editor Sentenced.

City of Mexico, April 6.—Don Carlos Gavino, the editor who was arrested and tried for publishing an article attacking the Guatemalan minister, has been sentenced to imprisonment for seven months and to pay a fine of \$200. M. Albert Samson, editor of L'Echo du Mexique, has been released on bail.

MAY CALL OUT TROOPS.

Strikers Who Have Not Been Paid Threaten to Cause Trouble.

New York, April 6.—Sheriff Servis has forwarded to Gov. Werts of New Jersey a statement of the serious condition of affairs at Spa Springs, where 600 employes of the Staten Island Terra Cotta Lumber company are on strike. He will swear in 100 deputies at once and has 108 already guarding the works, but has asked the governor to keep a regiment ready to move if militia should be needed.

The workmen have not been paid for four months, and are now on the verge of starvation, and in many cases are in actual want of enough food to sustain life. Some of them have not had a mouthful of food a day for a week.

The company has promised again and again to pay and has several times named days and hours when the money would be ready. The promises have never been fulfilled, although the strikers went to work relying on the promises of the officials that the money would be on hand. They quit at the hour set when the money did not appear.

CUT DOWN APPROPRIATIONS.

Michigan Mining School and Fish Commission Estimates Reduced.

Lansing, Mich., April 6.—In the house yesterday in committee of the whole the action of the ways and means committee in cutting the appropriation for the state mining school from \$115,000 to \$105,000 and that of the state fish commission from \$75,000 to \$60,000 was indorsed. The house also passed the age of consent bill, with the age at 16 years, as fixed by the senate.

The senate agreed to the bill providing a general charter for the fifty-three cities of the fourth class. At the solicitation of citizens of Charlevoix county the bill disorganizing Manitowish county and attaching the territory to Charlevoix and Leelanaw counties, which passed both houses Wednesday, was recalled from the governor and will be held until the petitioners can be heard.

Why Are the Americans in Prison?

Washington, April 6.—Have the Cuban authorities ignored the demand of the state department for the immediate release of the two American sailors confined in the filthy prison of Santiago de Cuba? An official said yesterday the administration would resort to the most extreme measures to secure the liberation of these men, or at least their freedom from military imprisonment and trial by the civil authorities. Notwithstanding that martial law has been declared throughout the islands Secretary Gresham still rigidly adheres to the stand he took some time ago against the trial by military authority of American prisoners not actually participants in the revolution, with arms in their possession, at the time of their arrest.

Wisconsin Legislative Measures.

Madison, Wis., April 6.—The senate committee on judiciary last night reported for passage the bill to relieve ex-Treasurers Baets and Kuehn from the payment of interest money retained by them as treasurers, and also the bill to relieve ex-Treasurer McFetridge and his sureties from the payment of any more of the interest money retained by him as treasurer, he having already paid the entire amount of the judgment, and the interest which has since accrued being alone now payable. The appointment of Halford Erickson as labor commissioner was confirmed. In the assembly the joint resolution proposing a constitutional amendment to allow women to vote was made the special order for next Wednesday evening.

Recommending Judge's Impeachment.

St. Paul, Minn., April 6.—The house committee having the matter in charge last evening decided to recommend the impeachment of Frank Ives of Crookston, judge of the Fourteenth Judicial district. Ives is charged with illegal and arbitrary actions on the bench and with several other kinds of unjudicial conduct. The vote in committee was close, standing 9 to 8 for impeachment. The majority of the committee will report in favor of dismissing the charges against Judge Ives. There will be a hard fight in the house, and the minority report is quite likely to be adopted.

Sanger and Johnson to Meet.

New York, April 6.—John S. Johnson will stay in America this season, for last night his manager, Tom Eck, agreed to terms for a series of match races with Waller Sanger, the Milwaukee giant. The two greatest riders the west ever turned out are to ride a series of three one-mile races, one east, one west, and the third on such track as may be selected by the winner on the toss of a coin. The affair is purely sporting, no money consideration being involved.

Foreign Sugar Hurting the Trust.

Philadelphia, Pa., April 6.—The sugar trust has issued a circular to the sugar brokers of this city asking them not to handle any foreign sugars. There is considerable German and Scotch sugar coming to this port, and both are selling below the trust's figures. William Gillespie, one of the largest sugar brokers in this city, says no attention will be paid to the circular.

Pleads Not Guilty.

Milwaukee, Wis., April 6.—William Loeber, the alleged murderer of Ferdinand Moritz, the cattle dealer, whose body was found near the Pabst farm three weeks ago, was arraigned and pleaded not guilty to the charge of murder yesterday. He was remanded for trial at the next term of the criminal court.

Last of an Historic Building.

Bloomington, Ill., April 6.—Yesterday work was begun on the demolition of the two-story brick building at 102 East Front street, which was erected fifty-five years ago. It was for many years occupied as a law office by David Davis, and was the headquarters of Abraham Lincoln on his numerous visits to Bloomington.

Young Wife Murdered.

Sissonville, W. Va., April 6.—The 15-year-old wife of Riley Thomas was found murdered yesterday. Her jealous husband is suspected.

VENEZUELA DEFIANT.

READY TO CROSS SWORDS WITH ENGLAND.

In the Hope That the United States Will Uphold the Monroe Doctrine the Little Republic Will Insist on Its Rights.

Washington, April 6.—It is said by persons in a position to speak with authority that as soon as Venezuela is convinced Great Britain has finally decided to arbitrate or settle the boundary dispute, as suggested by the United States, through Ambassador Bayard, the southern republic will regretfully but resolutely turn to what it regards as its only resource, a resort to force. Venezuela fully recognizes the great military strength of Great Britain, but it is declared its people are ready to see their homes and their cities desolated and laid in ashes rather than submit to what they regard as national dishonor. It is said that the contention with Great Britain is not so much one of territory as of the sentiment and honor involved. So firmly impressed have the people become with this that the opinion is expressed that they would rather see their country go out of existence than pass into the practical control of a foreign power.

Little doubt is felt under these circumstances that Venezuela will forcibly assert its rights to the disputed Orinoco territory as soon as Great Britain's rejection of a settlement is definitely communicated. This territory extends 150 miles along the coast, running back thirty-five miles to what is known as the Schomburgk line. Through the middle of this strip runs the Orinoco river, commanding the commerce of it to the interior of South America. Great Britain is already well entrenched there with a naval station at the mouth of the river.

The interest of the United States in the controversy has progressed steadily in recent days. It began with the friendly suggestion through Mr. Bayard, and a request from congress that Great Britain submit the matter to arbitration. The United States squadron, under Admiral Meade, was accorded a reception at Venezuelan ports recently, and steps were taken to commemorate the Monroe doctrine by erecting a statue to President Monroe at the capital of Venezuela. Within recent days Venezuela has granted large concessions of the Orinoco country to citizens of the United States. A strong hope seems to be entertained on the part of Venezuela that the United States will not stand idly by if a resort to force is made.

It is understood that the position of Great Britain in declining the suggestion of the United States for the settlement of the trouble with Venezuela is substantially as follows:

First—Great Britain takes the position that the question of arbitration was once before proposed by Venezuela. At that time the foreign office gave the subject careful consideration and then submitted a reply embodying a proposition to arbitrate certain definite subjects of controversy. To this proposition Venezuela has never made a reply either accepting or rejecting the proposed basis of arbitration. Under these circumstances it is not desirable to proceed to a second arbitration when the first remains unanswered.

Second—In any event there are certain portions of territory to which Venezuela lays claim, which under no circumstances will be made the subject of arbitration, as they are recognized portions of the British domain, and therefore are not subjects on which the judgment of arbitrators could be invoked.

Third—The subject matter is one between Great Britain and Venezuela, so that the good offices of the United States are not regarded as essential to a settlement, as it is not understood the United States has assumed a protectorate over Venezuela, or has other interest than that of a friendly power.

Hard Fight for the Presidency.

Grand Rapids, Mich., April 6.—Preliminary to the meeting of the American Republican College league here to-day a spirited contest is going on for the presidency. President Cox declines a re-election and the aspirants are L. B. Vaughan of Chicago, E. J. Henning of Madison, and W. D. Williams of Kalamazoo. Fred B. Deherville of Vermont is spoken of as the dark horse. The balloting begins this afternoon. At the banquet tonight Julius Caesar Burrows and Warner Miller of New York are to be the principal orators.

Girl Smothers Herself to Death.

Wisner, Neb., April 6.—Miss Sophia Bertrand, a graduate of the State university, was told yesterday by her father, a wealthy stock raiser, that she should not marry the man of her choice. When her father returned to dinner the girl was dead. She had carefully undressed herself, put two pillows under her head, pulled a sheet over her and then a big feather bed, submitting with no evidence of a struggle to being smothered.

Attempt at Train Wrecking.

Brillion, Wis., April 6.—An unsuccessful attempt was made to wreck the limited express on the Chicago & Northwestern railroad. A freight engineer, going the other way, saw the obstruction in time to save the express.

McKinley Back in Ohio.

Hartford, Conn., April 6.—Gov. McKinley of Ohio will arrive in this city next Tuesday to attend the banquet of the McKinley club. While here the governor will hold a public reception.

Still Balloting in Delaware.

Dover, Del., April 6.—One ballot was taken yesterday for the United States senator. It resulted as follows: Higgins, 3; Addicks, 5; Massey, 3; Ridgley, 10; Pennewill, 1; Martin, 1.

Want Heavy Damages.

Butte, Mont., April 6.—Suits for damages aggregating \$145,000 against the Kenyon-Connell Commercial company, have been commenced, the result of the dynamite explosion Jan. 15.

Mistaken for a Burglar.

Milledgeville, Ga., April 6.—W. E. Reynolds, a professor in the military college here, shot and killed Pat Shea, whom he mistook for a burglar. Shea was drunk.
