

Now in my capacity as a county officer I know something of the many errors that a man can easily make if he has only one idea in view, namely, "to get there."

In conclusion I will say that so far as I am concerned I do not lose confidence in him as a man, but as a Populist always I do.

Yours, always standing by the Omaha platform. A. M. BRITTELL. County Clerk Chase Co.

From One who Struck Oil

Hon. J. V. Wolfe is out in Wednesday's State Journal with a disgruntled "open letter" to Governor Holcomb. The article abounds in cheap ridicule and school boy puns, and the whole proceedings are devoid of ordinary judgment except in so far as a fitting selection was made in choosing the B. & M. organ as a medium through which to circulate his tale of woe.

Mr. Saunders, editor of the Argus, was seen through the Holcomb-Edmisten glasses sufficiently important for the place of deputy oil inspector, and from the dizzy height of his office rebukes Mr. Wolfe for overestimating his own importance.

From Another Who Didn't Bore

Gov. Holcomb wrote Mr. J. V. Wolfe a letter, after having given the appointment of Warden for the State Penitentiary to Geo. W. Leidigh, a prominent Democrat of Nebraska City, in which he seeks to condone the offense by saying he was "compelled" to make the appointment; upon which Mr. Wolfe writes the Gov. a manly letter in which he asks the Gov. why he did not let him know in time who was compelling him to do any such thing, and he would have done all in his power to prevent their being able to overcome him thus, as he thinks it very wrong of them and rather weak in him.

Stop Paying Political Tribute

Last week's WEALTH MAKERS published an open letter from J. V. Wolfe, to Governor Holcomb, in which Mr. Wolfe uses some pretty plain language and calls the Governor to task for catering so much to the wishes and wants of the Democrats by appointing so many to fill desirable positions.

Not Expecting a Silver Party

New York, May 5.—Ex-Speaker Charles F. Crisp, of Georgia, made a brief stay in the city yesterday. He left for Washington in the afternoon and from there he will go to Asheville. He said: "It is almost too early to talk about the national campaign. I, however, do not believe that there will be a silver party in the field. The silver men started in early. They have defined their position and voiced their demand. The question now is, will they receive recognition from the old parties? I hardly think that the Republican party will heed the demand, and it will be so much to its disadvantage.

Now, for one, THE WEALTH MAKERS wants to say that the Democratic party so declaring for bimetalism, has no attractions that tempt us toward it. And we can't conceive how an out-and-out, through-and-through Populist can be drawn away from the Omaha platform and into the embraces of Democracy by the anticipated bimetallic Democratic platform.

President—W. F. Dale, Atlanta. Vice President—W. F. Porter, Clark. Secretary—Mrs. J. T. Kelle, Hartwell. Treasurer—James Cameron, Beaver City. Lecturer—W. F. Wright, Bethany. Executive Committee—J. M. Dunsick, Mason City. F. G. Wilke, Wilcox; T. A. Donahoe, Sartoria.

The executive committee met at the home of the secretary, May 7 and 8, and made arrangements to push the work of reorganization.

They desire to have sub and county Alliances confer with all labor organizations in their vicinity with a view to more thoroughly organizing to protect labor from the power of capital. The circular the executive committee ordered sent out last winter applying for aid was printed in nearly a hundred eastern and southern papers and had great effect in awakening the people and causing contributions to flow into the state; but owing to the inability of getting free transportation unless donations were made through the state commission none of it reached its destination except towards the last, when freight was prepaid or guaranteed. The executive committee desire the members to know that they were striving to aid them and that at their dictation the secretary wrote hundreds of letters which we believe benefited the state greatly, although nothing like what it would, could we have gotten transportation, as when donors found their contributions could not reach the parties they were designed for they refused to contribute more.

WHAT IS IT WORTH TO YOU.

I wish each member and ex-member of the Alliance would ask him or herself what it would be worth to them to have the Alliance reorganized so fully that each school house would be used as a center from which would weekly radiate beams of hope and plans for the emancipation of the toiler, more especially of the farmer.

Looking back fifteen years I can see a great deal of good has been done which we take little account of. At that time if a lawyer came to a school house to tell the farmers how to raise yellow corn and pumpkins and let him do the most important part of his business for him the farmers would sit and drink in every word and not one could be found to dare to publicly question any absurd statement he might make.

In the last campaign a prominent lawyer came clear from Lincoln to talk to the farmers here (the lawyers here were afraid to), and when he got off the usual line of honest money etc., etc., they laughed in his face, and asked some very hard questions. He finally gave up and laughed too. He saw his words had no effect and took his defeat gracefully.

The education these farmers have received in the Alliance. If we ever obtain industrial freedom it will be by educating the workers so they will understand their God given rights and how to obtain them, and then taking those men who have left our difficulties and whose interests all lie with the working class; then, and not until then, will we enjoy anything like the wealth we create. What would that be worth to you, or to your children. Many of us have toiled 20 and 30 years and produced enough food in nearly every year to have fed our family for 50 years to a hundred years. Yet we cannot exchange ninety-nine one hundredths of it for enough overruling and the coarsest, cheapest kinds of goods to carry us through the year without running behind, so that the first failure of crops makes paupers of nearly the whole state.

What a record! Is there nothing better in store for our children than we have found in this life? Certainly it will be better for them or worse. All the non-wealth-producing classes are organized and determined to raise the price of their money and take more and more of the products of labor for the use of each dollar, and in other ways are determined to force the rising generation into serfdom. These people worship gold; they care neither for God nor humanity. They obey no law either human or divine. They have no patriotism. They plan to make this a worse country for the laboring class than now exists in the known world. The only hope of defeating them is through organization. No one can look at the conditions and not realize that this is true. What is industrial freedom worth to you? What is the hope of leaving your children in possession of it worth to you? You are your brother's keeper. Each day forces some of them to the wall. Each day and hour some soul gives up in despair at the inhuman conditions surrounding him or her and goes insane or is driven to crime or death. What would it be worth to you to restore hope to their soul and rescue the perishing. Can you not devote a little time out of your life to accomplish this? Nine-tenths of your time you can devote to the service of Shylock, but can you not rob him of the other tenth and use it for humanity and the cause of freedom? Some brave and worthy ones are doing this. Some write me they will devote time to write twenty or thirty letters to waken up the indifferent or discouraged. Some will give a week's time going from house to house. What will you do reader? I would like to hear from every old worker the coming week just what we may expect from them in the near future. The executive committee has provided so that you can reorganize without money until Oct. 1st, so that nothing need deprive any member from again getting to work. And the need of it no one disputes. Then let us hear from those who will take up the work again, especially in those places where it has been abandoned. Courage. Freedom's ahead. Let us be worthy of it. A better day will surely dawn, but it depends on our exertions whether it comes in this generation or many, many years from now. If complete serfdom is established as the traitors plan, it will be many generations

probably, before the world will be as civilized as we might make it right now. Arouse! Organize! Educate! Agitate! Conquer! Possess the land.

SOCIETY.

I looked and saw a splendid pageantry Of beautiful women and of lordly men. Taking their pleasure in a flowery plain. Where poppies and the red anemone, And many another leaf of cranioy, Flickered about their feet and gave their state To heels of iron or satin, and the grain Of silken garments, floating far and free, As in the dance they wore themselves, or strayed By two together, or lightly smiled and bowed, Or courtesied to each other, or else played At games of mirth and pastime, unafraid In their delight; and all so high and proud, They seemed scarce of the earth whereas they trod.

I looked again, and saw that flowery space Stirring, as if alive, beneath the tread That rested now upon an old man's head, And now upon a baby's gasping face Or mother's bosom, or the rounding grace Of a girl's throat; and what had seemed the red Of flowers was blood, in gouts and gushes shed From hearts that broke under that frolic pace. And now and then from out the dreadful floor An arm or brow was lifted from the rest, As if to strike in madness, or implore For mercy; and anon some suffering breast Heaved from the mass and sank; and as before The revelers above them thronged and pressed.

Sheriff Sale.

Notice is hereby given, that by virtue of an order of sale issued by the Clerk of the District Court of the Third Judicial district of Nebraska, within and for Lancaster county, in an action wherein Ida J. Lewis is plaintiff, and Edward T. Hart et al are defendants I will, at 2 o'clock p. m., on the 18th day of June, A. D. 1895, at the East door of the Court House, in the City of Lincoln, Lancaster County, Nebraska, offer for sale at public auction the following described real estate to-wit:

Notice to Non-Residents.

Grant A. Bush, Mable A. Bush, F. J. Bush and Abbie Bush, non-resident defendants, will take notice that on May 11th, 1895, Jane A. Heacock, plaintiff herein, filed her petition in the District Court of Lancaster county, Nebraska, against said defendants, the object and prayer of which was to foreclose a certain mortgage executed by the defendants, Grant A. Bush and Mable A. Bush, to the plaintiff upon lot 25, in block 3, in Cottage Home addition to the City of Lincoln in Lancaster county, Nebraska, to secure a promissory note dated June 1st, 1888, for the sum of \$500.00 and due and payable on the 1st day of June, 1890.

Notice of Bridge Contract.

NOTICE PLACED, Neb., May 6th, 1895. Sealed bids will be received by the County Clerk of Lincoln County, Nebraska, until 12 o'clock noon (Central Standard Time) of the 4th day of June, 1895, for the construction of a two way wagon bridge across the north channel of the Platte river, where road No. 171 crosses said channel on the east 1/2 of the northeast 1/4 of section 37, town 13, R. of range 28, in Lincoln county, Nebraska, about 2 1/2 miles southeast from Maxwell. Said bridge to be ten (10) feet in width and about two hundred and thirty-one (311) feet in length at each end. Piling to be of White Oak or Cypress timber, and flooring to be of two inch Oak. Specifications for said bridge on file in the county clerk's office of said county. A certified check for One Hundred (\$100.00) guaranteeing the entering into a contract with bond for the faithful performance of the same must accompany the bid. Work of construction of said bridge must be commenced within twenty days after date of signing contract. Bids for said work should be endorsed "bid for B-125 on Road No. 171." The Board of County Commissioners reserve the right to reject any or all bids. SEWELL, FURHITT, County Clerk.

STRIKE IS ALL OVER.

Illinois Steel Company the Winner and the Works Will Resume Today.

Chicago, May 13.—The Illinois Steel company has withdrawn the fifty special deputies who have been on duty in and about its works at South Chicago. This is substantial evidence that the strike which began in bloodshed has come to an early end. The north furnaces are the only ones which present a formidable appearance. A line of protection has been thrown about them. They are surrounded by a rope fence, which is patrolled by several of the city police. This seems to be regarded by the company as a possible point of danger. About fifteen hundred men are at work today. All but the steel works and the rail mill are in operation, and these will be running Monday. The men who went out on the strike were receiving, according to Superintendent Walker, \$1.65 a day. The official statement of the company, which was made last February, shows the year's profits of the company, which has a capital stock of \$25,000,000, to have been but \$30,000.

It is also stated by an official of the company that during the last two years of depression the company has lost \$2,000,000. This, of course, covers the period of six months during which the works were shut down. From these figures it would seem that the claim of the company that it has dealt liberally with its workmen is sustained.

SAND AND DUST STORM.

Drop in Temperature Accompanied by a Mild Form of Cyclone.

Kansas City, Mo., May 13.—One of the worst sand and dust storms in years prevailed in Oklahoma and at one or two points in Kansas yesterday. At Pittsburg, Kan., comparatively no outdoor work could be accomplished. The ground is baked and all crops are suffering for want of rain. At Guthrie, Ok., a terrific windstorm from the north struck the town in the afternoon and the temperature fell rapidly. The air suddenly became dark with dust and sand, and for a time the people sought their cyclone cellars in fear of a twister. Ten miles northeast of Guthrie the storm did partake of a cyclone and much damage was done, though as far as can be learned nobody was injured.

At Kingfisher, Ok., a sandstorm of great vehemence raged from 1 o'clock in the afternoon until late in the evening. For five hours the storm kept up with unabated fury, the temperature during that time falling 37 deg. It is believed nobody in this vicinity was hurt, though whose reports are likely to come from the country towns, which it is known must have been struck by the storm. The town of Hennessy was also struck, but the extent of the damage suffered there, if any, is not known.

DUPONT CASE COMPLICATED.

Senator Mitchell Hints that the Election Will Not Stand a Test.

Washington, May 13.—Senator Mitchell, the ranking republican for the chairmanship of the committee on privileges and elections, before which the probable Delaware contest will be referred, said that he did not care to say anything that would commit him before hearing the testimony, but, if he was correctly informed as to the condition of affairs in Delaware, and if the constitution of that state was as has been quoted in the papers, he could not see how Speaker Wilson, while acting as governor, had the authority to vote for a candidate for the senate. Of one thing, however, Mr. Mitchell said he was profoundly convinced, and that was that the governor of the state had no authority to make an appointment, and if he did so he was confident the senate would not give such an appointee his seat in the senate.

NOT A HOUSE LEFT.

Oakfield, N. Y., Completely Wiped Out by Fire Sunday.

Buffalo, May 13.—The village of Oakfield was destroyed by fire this morning. Not a house is left standing. It is reported that no lives are lost and that the property loss will reach \$100,000. The fields about the burning village are filled with refugees, who have saved nothing from the flames. Shortly after 4 o'clock Buffalo was asked for a hook-and-ladder truck, but as the device is never sent out of the city no help was sent from Buffalo, nor will any help be sent unless an engine is asked for. Aid was solicited from Batavia. All telegraph instruments and the telephone station were destroyed. Oakfield is on the west shore between Batavia and Churchville, and contains about 1,000 inhabitants. There are about twenty stores and business houses grouped together in the center of the village.

EQUAL SUFFRAGE IN UTAH.

Salt Lake City Crowded with Delegates to the Convention for To-Morrow.

Salt Lake City, May 13.—The great convention in the interest of equal suffrage will open here to-morrow, and over one thousand delegates, not only from this territory, but from all the adjacent states and territories, have registered at the headquarters of the executive committee. Miss Susan B. Anthony, president of the National Women's Suffrage association, and Rev. Anna Shaw, of New York, representing the National Women's Council, have also arrived. Those who are now drafting a constitution for the incoming state, to be voted on the coming fall, have grafted equal suffrage on the instrument, and the present convention is expected to give a great impetus to the cause. With suffrage a part of the constitution, women will be enabled to vote at the first state election in the fall.

Anti Revolutionary Bill Defeated.

Berlin, May 13.—In the reichstag the famous anti-revolutionary bill was rejected in its entirety and the body then adjourned. The defeat of this much talked of bill practically decided numberless questions, concerning chiefly the freedom of the press, freedom of speech, and, indirectly, the right of assembly. After the rejection of paragraph 112 of the bill, the reichstag refused to discuss the measure any further, all amendments were withdrawn, and the entire bill, paragraph by paragraph, was rejected without debate.
