

OUR PRECIOUS STONES.

A Diamond in Michigan—Rubies and Emeralds in North Carolina—Other Finds. WASHINGTON, June 25.—The report of the geological survey on the discovery of precious stones in the United States for 1894, compiled by Special Agent George F. Kung of New York, was made public to-day. The principal developments of the year are summarized as follows: The finding of a 10 1/2 karat diamond at Dowagiac, Mich.; developing of a new ruby mine near Franklin, N. C.; finding of emeralds at Mitchell Peak and near Elmer station, N. C.; finding of a remarkably compact variscite giving a new ornamental stone called tahite, and a smaller output of turquoise mines, due to the depressed financial conditions. The rumor that was circulated early in this year of the discovery of brilliant diamonds at Mount Edgecumbe near Sitka, Alaska, was proved on investigation to be without foundation. Sapphire deposits are reported twenty-five miles west of Phillipsburg, Mont., 1,400 acres in extent. A new locality of true emeralds was also found near Bakersville, N. C., and a big output is predicted upon development of the vein. The output of turquoise, of which so large a quantity was mined during 1891 and 1892, was limited to not more than \$30,000 for 1894. No new turquoise mines of value were opened.

A DANGEROUS MANIAC.

William Campbell Arrested on His Way to Kill Mr. Cleveland. CLYDE, N. Y., June 25.—William Campbell, an old soldier from Buffalo, N. Y., who arrived here Saturday, told Chief of Police Hamilton that he was on his way to Washington to kill Grover Cleveland. "I know the chap well," he said, "and I mean to put him down here he won't be able to do the old soldiers any more harm." Realizing that he had a crazy man to deal with, Chief Hamilton replied that he, too, longed to perform the same act, and suggested that they go together. "President Cleveland could be more easily assassinated by two men than by one, you know," he said to the lunatic. To this the man assented, and away the two started. Chief Hamilton kept the man talking about himself and telling how he would carve President Cleveland until the village lockup was reached. At this point the man grew suspicious and wanted to know what they should do in that building. Chief Hamilton replied that they would step in to talk the matter over for a minute or two. The next second the lunatic was hustled into a cell.

RECRUITS FOR REBELS.

Spanish Volunteers and Others Join the Cuban Forces. TAMPA, Fla., June 25.—Spanish papers which arrived here last night confirmed the report that Major Castellanos, commanding the regiment of Camajuani, containing 400 Spanish volunteers had joined the insurgents. Another band of seventeen Spanish volunteers in Camajuani district, under command of Emilio Perez, also joined the insurgents. Perez was an official of the city of Camajuani. Passengers bring reports that on Thursday, in a fight at Cozcatlan, in the province of Santiago, Captain Miguel Campos, son of Captain General Miguel Campos, was killed. The aide-de-camp was wounded and taken prisoner. Generals Roloff and Zanchez had an engagement with the Spanish forces in Las Villas Wednesday. Seventy Spaniards were killed, while the Cuban losses were but two.

JEFFERSON CITY FIGHTS

An Injunction Sought to Stop the City Removal Proposition. JEFFERSON CITY, Mo., June 25.—A suit of great importance, at least to Jefferson City and Sedalia, was filed in the circuit court here to-day, Joseph R. Edwards asking for a writ of prohibition to prevent the secretary of state from submitting to the qualified voters of the state the current resolution providing for the removal of the state capital to Sedalia. Mr. Edwards is himself an attorney and associated with him in this suit are Judge H. Clay Ewing, A. M. Hough, J. C. Fisher, F. M. Brown, Edwin Silver and W. S. Pope. The case will be argued some time next month before Judge Shackelford.

INSURANCE DEPARTMENT.

Conducted by J. Y. M. SWIGART, Correspondent. Fire, cyclone or hail. RAIL. The hail applications are coming in and policies are being sent out. We hope that there will be many more who will avail themselves of this opportunity of protecting themselves against this dreaded calamity. If you wait for an agent to visit you you will pay him for his trouble. Send for applications and by-laws.

CYCLONE.

We should be receiving thousands of cyclone members these days. If you pay more than \$3.00 for membership, for \$1,000 you may know that you are getting into a company that was organized for the sole purpose of making money. We pay our agents \$1.00 per application, the other company pay their agents on the same plan that the stock companies do that is on the percentage plan. Hence the agent is induced to work against the interest of the company because if he over insures you he is paid by you according to his contract with the company. In a strictly and purely mutual company the fees are not often very large, and all the members are or can be posted as to where the money goes, i. e., the amount the agent receives, the amount the secretary receives, the amount paid to Tom, Dick, and Harry, and further you would want all agents to get the same pay for the same work. I have no doubt that hundreds have intended their letters for us but addressed the Mutual Insurance Company, and as the other company is located close to the post office, they no doubt have received them. Hence please address me in person, and avoid any mixing up of the mails.
