VIEWS OF THE AMERICAN AMBASSADOR TO FRANCE.

VIEWS ON LIVE TOPICS.

Has Not Yet Decided Whether He Will Be a Candidate for President—Sorry That Japan Did Not Take Pekin—Great Britain Must Behave Or We Will Annex Canada—The Cuban Insurrection.

PARIS, July 9.—The Figaro publishes an interview to-day with United States Ambassador James B. Eustis, in which he is reported as saying that nothing has yet been decided as to his candidacy for the nomination of the presidency of the United States.

With reference to the movement in Canada to separate the Dominion from Great Britain, Mr. Eustis said it rested entirely with the United States as to whether Canada should or should not be taken into the confederation of states.

Regarding the insurrection in Cuba, Mr. Eustis is regarded as having admitted that American sympathies favored the insurgents, who found in the United States, unknown to the government of that country, assistance of all kinds.

ANOTHER DAUGHTER.

President Cleveland Once More Becomes a Happy Father.

BUZZARD'S BAY, Mass., July 9.—President Cleveland was made the father of a third little daughter at 4:30 o'clock yesterday afternoon, and both mother and little one are doing well.

The president's family now consists of three children, all girls. Ruth, the eldest, was born in New York, after the close of Mr. Cleveland's first term. She is now about 14 years old and is a pretty brunette, much resembling her mother.

Dr. Bryant, the attending physician, has attended Mrs. Cleveland at the birth of all three children and accompanied her when she came here from Washington several weeks ago. He is a resident of New York and it is at his home that the president stays when in New York.

Dr. Bryant reported to-day that Mrs. Cleveland and the little one are resting quietly and that everything is progressing finely. He will add nothing except that the newcomer is a "fine little girl."

Telegraph boys have paid numerous visits to the house bearing messages of congratulation to the president from all parts of the country.

LOST BY SPANIARDS.

Insurgents in Possession of All Cuba Save the Western Portion.

KEY WEST, Fla., July 9.—Advices from Havana are to the effect that the Spaniards have practically lost control of all Cuba save the western portion, and insurgents under Gomez are rapidly advancing on Havana.

Insurgents under Antonio Maceo are in possession of the east end of the island, except the city of Santiago de Cuba, and have levied tax on all the farmers in that district. The farmers pay tribute willingly, as they hate the Spaniards, because of their oppression.

Martinez Campos, with 4,000 Spanish soldiers, is moving toward Santa Clara to check Gomez's march toward Havana. Gomez is said to have 5,000 well-armed men, and news of a battle is expected daily in Havana.

The common people regard Gomez as a liberator and are flocking to his standard. They willingly furnish insurgents supplies.

Gomez is reported as saying he wants no more men, but arms and ammunition. The report that Sandoval, who led the forces who murdered Marti, has been captured is confirmed. It is said he will be shot.

FLOOD AT WINONA, MO.

NINETEEN LIVES LOST AND THIRTY HOUSES DESTROYED.

HEAVY FINANCIAL LOSS.

Big Buildings Swept Away as Though They Were Made of Cardboard—

Rev. G. W. Duncan and Wife and Daughter Among the Dead—The Storm Came in the Night.

SPRINGFIELD, Mo., July 9.—About 10 o'clock Friday night a terrible cloudburst occurred on the mountains above Winona, a sawmill town in Shannon county, on the Current river branch of the Kansas City, Fort Scott and Memphis railroad, and the flood, gathering in the valley in which Winona is situated, swept down in a mighty wall of water, destroying thirty buildings, stores and dwellings as though they were cardboard and causing the deaths of at least eleven persons, while eight more are missing and there is little doubt that these also perished.

Those positively known to be dead are as follows: The Rev. G. W. Duncan, Mrs. G. W. Duncan, Mattie Duncan, a small child, Mrs. Crawford, married daughter of the Rev. and Mrs. Duncan, Crawford Gertrude, George Nevins, Mrs. Nevins, Norma Nevins, a little daughter of Lloyd Wright, Maggie Cannon and John Norris.

The bodies of Rev. G. W. Duncan, his wife and daughter, George Nevins, Norma Nevins, and the Wright girl were recovered, but the others have not been found. A slashing rain preceded by a stunning wind set in at 9 o'clock. While the wind closed the rain increased intensely until at 10 o'clock it became a tumult. At 10:15 four feet of water was on the streets.

In fifteen minutes more buildings could no longer stand the strain and began to career and dissolve in the waters. Vivid flashes of lightning pierced the downpour which came like the falls of Niagara. Houses were smashing and in the waters were hundreds of men, women and children.

When the torrent had in a degree subsided, the men who had seen to their own families, turned their attention to others, and by 3 o'clock in the morning the worst was over. Those who had escaped the sweep of the devastation stood shivering without clothing or without an opportunity to dry themselves. When day dawned there was nothing of their homes in the town. There was no shelter, no food, no clothing.

As soon as the destroyed telegraphic communication was restored Mayor B. F. Evans telegraphed to surrounding towns for aid. Rev. G. W. Duncan, who lost his life, was pastor of the Winona circuit and was but recently ordained. He was formerly an engineer on the Iron Mountain railroad.

Winona was the principal town in Shannon county, both as to business and population, having about 700 population. The Current River railroad, a branch of the Memphis route, runs east and west through the county in the Hutton valley, and surrounding the town is a great pine lumber region.

STORM AT EL RENO.

A Large Number of Buildings Blown Down—One Man Fatally Injured.

EL RENO, Ok., July 9.—A terrific storm struck this city yesterday afternoon about 5 o'clock. Many small frame structures were overturned and great damage was done to some of the best buildings in the city. The Kerfoot hotel was perforated with flying gravel stones that broke nearly all the windows out of the west side. Lee's big livery barn was badly wrecked and the African M. E. church destroyed. The roof of the Masonic building was crushed by falling chimneys. The First National bank's large plate glass front was blown in.

At the fair grounds everything was swept away. George Baker, who owns a string of trotters, was seriously injured. Trotting Bonnie and Rustler, two valuable trotting horses owned by M. T. Stanley, were so badly hurt that they will have to be killed.

For three days past the heat has been awful. The thermometer has not been below 98 at midnight, and has reached as high as 109. During the storm it was as dark as midnight.

It is supposed that during the night the pain returned and in desperation he took a large dose of laudanum. He was found unconscious in his room and all efforts to revive him failed.

Kansas City's Second Dry Sunday.

KANSAS CITY, Mo., July 9.—Kansas City has passed through its second dry Sunday. The police commissioners' orders were obeyed practically to the letter. There were a few complaints that some of the saloons were open shortly after midnight, but none of these could be substantiated.
