SHERIFF WARD BLAMES AGENT TRETER FOR INDIAN TROUBLES.

SETTLERS NOT TO BLAME.

The Indians Had Passes From the Agent o Kill Game Out of Season, and That Was the Cause of the Trouble-The Constables Had No Choice But to Shoot

When They Did.

CHEYENNE, Wyo., July 30.—Sheriff John Ward of Uintah county denies the charges made by Indian Agent Teter that the settlers of Jackson's Hole had shot down Indians without provocation, and that the shooting was nothing less than murder.

"These Indians have been encouraged in their lawlessness by Agent Teter, who has insisted that the state game laws were inoperative as far as the Indians were concerned. Acting on his advice the Bannocks have slaughtered thousands of head of elk and other large game, and defied the officers When threatened with arrest they show passes from their agent, and say they will fight the whites if interfered with. After Constable Manning arrested the band he had the trouble with, they made a break to get away when in a wild section of the country. If he had allowed them to get away they would have held the state laws in contempt and he had no choice but to shoot them."

KANSAS INDIANS.

They Drive Off a Sheriff and Posse From the Reservation.

TOPERA, Kan., July 30 .- Sheriff Navlor of Jackson county arrived here last evening and reported that he and a posse of deputies, accompanied by Indian police, were driven by fifty armed Pottawatomie Indians from the reservation when they went there to arrest red men for refusing to allow lessees of reservation lands to make hay. It was reported that the sheriff would ask the governor for state troops to sid him in enforcing the law, but he left this morning without doing so. There is a question about the right

of the governor to send state troops to the reservation, as it is under the jurisdiction of the federal courts.

The trouble has arisen over a sec-tion of reservation land which a party of white men claim to have leased from the Indian agent. Last Saturday the white men began making hay and an Indian named Matarashan and several others drove them away. Warrants were put in the hands of the Indian police to be served and Sheriff Naylor and a posse accompanied them. When the party reached the reservation they were met by Matarashan and about fifty followers all heavily armed. They refused to be arrested and the sheriff and party were oblighed to

Horr and Harvey Wind Up Their Long Debate.

CEICAGO, July 31 .- The last day of the Harvey-Horr silver siege opened yesterday afternoon. The day's attacks were directed at the question of the feasibility of independent action by the United States on the remonetization of silver and its free and unlimited coinage at a ratio of 16 to 1 with gold, regardless of the action of other nations. Mr. Harvey argued for

such action, Mr. Horr against it.

The debate closed by Mr. Horr presenting Mr. Harvey with two coins of two different metals because Mr. Harvey was a bimetallist. The debaters then thanked each other for the countries treatment shown by both courteous treatment shown by both and the debate came to an end.

It should be said that the attendance at the session of the discussion was by card only and was limited to the ca-pacity of the hall, which was about 200. The space was generally fully occupied.
