County Central Committee Meeting. LINCOLN, Neb., Aug. 7, '95. The Independent county central committee for Lancaster county is called to meet at the old Alliance newspaper office corner of 11th and M Sts. in Lincoln at 2 p. m., on August 7, 1895.

Big Silver Picnic, August 15. Senator Teller and Congressman J. F. Shoffroth of Denver, and Hon. W. J. Bryan and Senator Allen will address the people at Lincoln Park, August 15th.

"Wisdom is the principal thing." For lack of it progress is delayed. "Get wisdom."

The prejudices which revered teachers have inculcated as truth are the greatest obstacles in the path of progress.

The Populists of Lancaster county have placed a ticket in the field that cannot in respectability and qualifications be matched.

OF ONE mightily enough to make clear the living world "What is truth?" What is the voice of God saying to man now? "Be still, and know." Do, and discover.

Wd grope blindly for the pillars of truth. Upon what must all things rest? How must we build for every block to remain? And when the light reaches us how can we overcome with it the darkness of other minds?

The editor of the Investors' Review London, is a very clear-headed man, and he spares not in showing what the debts of the world mean, that they have an insatiable maw and menace the peace of the nations.

SENATOR STEWART is to start a new weekly paper in Washington, called the Silver Knight. It is to be the organ of the Silver Knights, the new secret society.

This is not a government of the people, but a government by the rings and for the rings of a party, first by the ring of one party, then by the ring of another.

It is not surprising that this is the end of his teaching, for the teaching itself was radically defective. He did not have the root of the matter in him or in his teaching, and the Ruskin colony was not formed on the brotherhood principle.

Each member or family in the colony is certainly interested in it to the extent of \$500, seemingly no more, no less.

It is the church's business to right the wrongs of the world," says President Gates of Iowa College. True, but the church does not see those wrongs today with any clear vision.

Current Literature for August is a treasure, or rather a treasury. It is wonderful how fine a collection of fresh matter the C. L. Publishing Company can bring together each month.

The idea that the Populist party has anything more in common with the democrats than it has with the republicans is erratic.

As we surmised and stated last week, the object of the Democrats in calling an early convention was to get the endorsement of the Populists for Supreme Judge.

IN LANCASTER COUNTY

The political situation in Lancaster county has changed somewhat. Practically there are now two parties here, the Republican and Populist. The Democratic party, never a real rival of the Populists, is fast in decline, hopelessly and without the help and support of political machines through a mere handful of men who have personal and private ends to serve.

We go further and say, it is not possible for one party to help another party. Except in some local office where there is nothing at issue but honesty and qualifications where party lines may be disregarded, a party that proposes fusion or steals the candidates of another party shows that it has no distinctive principles of its own, and therefore no moral justification for existence.

The typical (leading) Republican is a hawk, and the typical Democrat is a buzzard—from the Buzzard's Bay man clear down through the whole line of farm-smelling office seekers.

THE WEALTH MAKERS suggests that the western farmers who secure a crop this year take advantage of what means it brings to organize themselves and neighbors into farming corporations, to irrigate and cultivate the land in future and live in farm corporation villages.

It is not surprising that this is the end of his teaching, for the teaching itself was radically defective. He did not have the root of the matter in him or in his teaching, and the Ruskin colony was not formed on the brotherhood principle.
