

CARLISLE EXPLAINS.

Charges Made by Hon. John W. Reagan in Regard to His Speeches. PALESTINE, TEXAS, Sept. 4.—Hon. John W. Reagan, in his recent speech before the silver convention at Fort Worth, referred in very uncompromising terms to the secretary of the treasury of the United States and insinuated that Mr. Carlisle, in his Memphis and Covington speeches, "made statements utterly unwarranted;" that certain portions of his argument were misrepresentations of facts and that on account of the high standing of the gentleman the people were beginning to believe that which he seemed to think was not the truth.

Mr. Carlisle has answered the charges in a letter to the Hon. John Young Gooch, of this city, in which he says: "The denial of Mr. Kelley that he knew the contents of the act of 1873 is most remarkable in view of the fact that he introduced the bill himself into the house of representatives and that when he introduced it it contained no provision whatever for the coinage of any kind of silver dollars. It was subsequently amended in the house so as to provide for a dollar containing 35 1/2 grains of silver, which was to be a legal tender to the extent of \$5 and no more. In the senate this amendment was struck out and a provision was inserted for the coinage of a silver dollar containing 439 grains of standard silver to be called the 'trade dollar,' and intended for use in China and Oriental countries in competition with the Mexican dollars.

"It is quite possible that some of the members of the house and senate did not know that the act of 1873 omitted the old standard silver dollar from the coinage but it is scarcely possible that a majority of them did not understand its provisions in this respect. The truth is that nobody cared very much about the silver dollar at the time, as it had not been in circulation in this country for at least thirty-five years, it constituted no part of our currency and the bullion contained in it was then worth more than the bullion contained in the gold dollar."

SUICIDE OF C. A. NOBLE.

Matrimonial Complications Too Much for a Leavenworth Man.

LEAVENWORTH, Kan., Sept. 4.—Charles A. Noble, 48 years of age, went yesterday afternoon to a house in which his wife is mistress, and killed himself with a revolver. The woman, who is his third wife, had begun divorce proceedings against him and for this he committed suicide. Noble came here a few months ago from Kansas City, where it is said, he is well connected, and opened a saloon. It is said that a few years ago Noble sold realty in Kansas City to the Corrigans for \$33,000 cash. Noble's first wife died an invalid in Colorado. He soon remarried, but his second wife obtained a divorce, became an actress and then committed suicide. In his third matrimonial venture Noble took an independence, Mo., girl, and they took quarters in Kansas City, renting out rooms for a livelihood. Then they drifted to Leavenworth, with the result reported above. He left a short history of himself, reciting his financial troubles and his marital misfortunes.

The top sale was \$4.40 and the bulk of sales from 4.20 to \$4.50.

THE SUGAR BEET.

It Promises to Become a Factor in the World's Sugar Market.

NONFOLK, Neb., Sept. 3.—There are about 4,000 acres of sugar beets in Norfolk district, all "laid by," and in much better condition than in any previous year. Recent rains have benefited the beets greatly and with continued favorable conditions for root development the results of the harvest will exceed other seasons and will probably be more than 40,000 tons, which would mean an output of some 7,000,000 pounds of granulated sugar, and a run of more than 100 days and nights.

The advantages of beet culture were clearly demonstrated last year. Dry weather reduced the tonnage, but made the root richer in sugar. Weather conditions cut other crops very short, so that the beet was the chief one, and in many cases the best crop is equally as heavy in other parts of the states. It is believed that the enormous sugar output of the state will be a factor in the world's sugar market.

DETERMINED TO DIE.

While Recovering From His Wound He Swallows Carbolic Acid.

OMAHA, Sept. 3.—R. T. Allen, the musician from this city who attempted to commit suicide by shooting himself in a New York Central train from Buffalo to the east last week, was entirely successful in killing himself Sunday morning. He was in the Fitch hospital, where he had been taken to have his wound dressed, and Saturday night got hold of a bottle of carbolic acid and swallowed such a large dose that he died within an hour. Allen was a man of a family, whose daughter is studying music in the New York conservatory and whose son is employed in the composing room of a New York paper. He would have inherited a large estate in Belfast, Ireland, upon the death of his father. His body is at the morgue in Buffalo awaiting the coming of his relatives.

AWARDED TO BEEMER.

Profits Above Three Thousand Dollars Revert to the State.

LINCOLN, Neb., Sept. 3.—The board of public lands and buildings met yesterday and decided to award the penitentiary contract to ex-Warden A. D. Beemer. Bids were opened Saturday, but the board reserved its decision until yesterday. Buckstaff Bros. of this city presented seven different propositions in their bid and Mr. Beemer presented one, which the board accepted as the best. In brief, Mr. Beemer agrees to care for convicts at 30 cents per capita, the state to furnish him all penitentiary property and keep the same in repair, he in return to account for all money received and paid out, and to refund to the state all moneys coming into his hands, less \$3,000. He is to pay his own book-keeper.

Sugar Beet Factory.

YORK, Neb., Sept. 3.—A mass meeting of farmers of York and surrounding counties will be held in this city September 6 for the purpose of discussing the sugar beet question. The matter of obtaining a plant at this place is being vigorously pushed, and already a great number of acres are subscribed to be planted in beets. It is thought that there will be no trouble in securing 3,000 acres, the number required, as the farmers of the county seem to be interested in the subject. Those who have raised the beet in this county are so well pleased with the results that they will cultivate more the coming year.

After Bank Robbers.

SUPERIOR, Neb., Sept. 3.—Two men robbed the safe at the postoffice at Burr Oak, Kas., by blowing it open. Several hundred dollars was taken. The robbers were traced to this city and boarded a freight train at Hardy and jumped off the train east of Hubbell. Officers are close upon their trail. One is about five feet six inches tall, of dark complexion and wears dark stiff hat, dark vest and coat and gray pants. The other is larger and similarly dressed, of dark complexion. Both wear dark mustaches.

It Didn't Work.

LINCOLN, Neb., Sept. 3.—A boy went to Gillian's feed store the other day and ordered 500 pounds of flour delivered to Guy's bakery on Second and E streets. When the flour was delivered they shut the door in the face of the man who took it down and refused to pay him for it. He promptly reported it to the police and Officer Sibley was detailed on the case. After considerable persuasion he succeeded in inducing the people to give up the flour.

Fell Thirty Feet.

OMAHA, Sept. 3.—Willis Yates, brother of Henry W. Yates, attempted to run the elevator of the iron bank yesterday evening in the absence of the conductor and after a struggle, in which he was nearly crushed, he fell under the elevator as it went up and lighted on the floor thirty feet below. It is not yet known whether or not he will live.

Business Improving.

LINCOLN, Neb., Sept. 3.—The Burlington has decided to open three of its stations which were closed some time ago on account of dull times. Elyria was opened yesterday, Cushing will be opened today, and Farwell will be opened Thursday. This move is taken as an indication of an increase in business and is encouraging to those who are out of work.

Upholds the Law.

OGALA, Neb., Sept. 3.—In the hearing today for the confirmation of the organization of the alfalfa irrigation district, Judge Neville confirmed the organization, the issue of the bonds, and decided the irrigation district law constitutional. The case will be carried to the supreme court.

Burglary at Gordon.

RUSHVILLE, Neb., Sept. 3.—The hardware store of F. J. Andrus of Gordon was burglarized Sunday night to the extent of \$200. The goods taken were cutlery, revolvers and shelf goods. No clue to the thieves yet.

VALUABLE BEQUESTS.

Will of the Late M. E. Payne—Churches and Colleges Remembered.

MALVERN, Iowa, Sept. 3.—The late M. E. Payne the famous Fremont county millionaire who died a few days ago, was a most interesting and original character. He was a life-long friend of Jefferson Davis, and when the latter was elected president of the Southern Confederacy he appointed Payne secretary of the interior, but he never served in that capacity. On the contrary he came north and settled in Fremont county, where he has since amassed a fortune estimated at from \$1,000,000 to \$3,000,000. He owned land in every state in the union except one, though the most of his real estate was in Fremont county, where he had 16,000 acres. When Jefferson Davis died he owed Mr. Payne \$100,000, which he had forgotten to pay. When Davis died, Payne was called to his home in Mississippi to preach his funeral sermon. Payne's will, just filed for probate, shows his money bequests to be \$228,000 aside from his real estate. Besides making liberal provision for his widow, children, relatives and servants, he bequeathed to Charles S. Hantry, of the Firebrand, Shenandoah, and his school, \$5,000; M. E. church, South, loan fund board of church extension, \$20,000; M. E. church, South, on the home place, thirty acres, so long as used for church purposes; Central college, Fayette, Mo., endowment fund, \$10,000; Park college, Parkville, Mo., scholarship fund, \$10,000; Tabor college, Tabor, Iowa, endowment fund, \$10,000; to the needy widows and orphans under 12 years, and spinsters over 40 years, and all preachers now living upon any land in Fremont county owned by said testator, or who may hereafter live upon any of said premises during the ownership of his heirs, \$30,000.

KILLED BY A POLICEMAN.

Officer Gains of Topeka Shoots Robert Krueger.

TOPEKA, Kan., Aug. 28.—At a late hour yesterday afternoon Policeman Gains of North Topeka, shot and instantly killed Robert Krueger, a carriage painter. The officer had gone to the residence of one Robbins to arrest him upon a warrant from the town of Alma. He had placed his man under arrest when the whole family set upon him. Mrs. Robbins and her unmarried daughter, with Robert Krueger, who is a son-in-law of the Robbins, together with his wife, all commenced to strike the officer. Finally one of them struck him over the head with an iron bar, when he pulled his revolver and shot Krueger through the left temple. Officer Gains was seriously cut and bruised in the melee.

POISONED AT A PICNIC.

Three Hundred People Stricken With Spasms at a Church Festival.

LAFORTE, Ind., Aug. 28.—Three hundred out of 1,000 people were poisoned at a German Lutheran mission festival, or picnic, in a grove at Tracy, this county, Sunday. A picnic dinner was served, and it is thought some miscreant poisoned the potatoes or drinking water. The victims were attacked with frightful pains, purging and vomiting, and rolled and tumbled on the ground in agony until medical aid was secured. As yet none have died, but many are still very ill. Two hundred and fifty were present from this city.

COMPETE WITH THE EAST.

What the Report of the Colorado Fuel and Iron Company Demonstrates.

DENVER, Col., Sept. 3.—The third annual report of the Colorado Fuel and Iron company for the fiscal year ending June 30, 1895, just made public, shows that the gross earnings for the year were \$5,067,185, as compared with \$4,375,474 for the preceding twelve months. The company earned all its fixed charges, paid a dividend of eight per cent on \$2,000,000 preferred stock, and at the end of the year had a surplus of \$4,874. The net earnings were \$904,329, an increase of \$143,464 over the preceding year. The coal product showed an increase of 141,649 tons and the coke product increased 65,993 tons. The total product of coal was 4,490,425 tons and of coke 249,250 tons. The company produced upwards of 550,000 tons of manufactured iron. It has been shown that the Fuel and Iron company can produce iron and steel at prices that compete successfully with the large eastern factories.

CORPORATIONS AT WAR.

The Western Union and the Southern Pacific at Odds.

SAN FRANCISCO, Sept. 3.—A dispute has arisen between the Western Union and the Southern Pacific. The former leases all of the telegraph lines of the railroad and operates them as part of its telegraph system. This arrangement has been in force ever since 1877. One of the provisions of the contract provides that the Western Union shall pay Mr. Huntington \$100,000 annually. The payment for this year is now several months overdue, and the whole trouble is the outgrowth of negligence on the part of the Western Union. The Western Union wishes a reduction of 33 per cent made in this yearly rental.

FOR BEATING HIS WIFE.

A Brutal Farmer of Audrian County, Mo. Whipped by His Neighbors.

MEXICO, Mo., Sept. 3.—John Launing, who lives in the east end of Audrian, beat his young wife, who became temporarily insane, unmercifully because she wandered from home to a corn field near by. The neighbors caught him, took him to the woods and applied the whip until his blood ran sufficiently to expiate for his brutal crime. Launing has disappeared. His wife was sent to the asylum at Fulton to-day. They had only been married about one year.

Populist Handbook.

A Populist handbook has just been published and is now ready for distribution. This is the most complete and valuable Populist campaign document we have yet seen. It gives the whole history of Republican rottenness in a nutshell. No campaign speaker or committee can afford to be without it. Following is the table of contents:

- The Asylum Steals. History of the Boodler's Trials. Penitentiary Cell House Steals. The Impachment Trial. State Land Steals. Failure of the Capital National Bank. Suit Against Ex-Treasurer Hill. Hill's Defalcation. Legislative Appropriations. Deposit of State and County Funds. The Half Not Paid. The Maximum Freight Rate Law. Nebraska's Populist Governor. The Grand Jury. Patriotic Inaugural Address. Ludden's Relief Commission. Church's Call for Money. Bold Theft of \$2000. Sugar Bounty Veto. Another Steal at the Pen. Sample Republican State Officers. The A. P. A. in Politics. Omaha Fire and Police Middle. What the People's Party Has Done for Nebraska. Facts on the Silver Question.

Invaluable as a work of reference for campaign speakers. Splendid campaign document to put into the hands of doubtful voters. Contains two of Judge Maxwell's most famous opinions. The book retails for 10 cents. One dollar per dozen. \$7.50 per hundred. Further reductions for larger orders. Send all orders to the author, J. A. EDGERTON, Lincoln, Neb.

"Old Noah sat upon the deck And watched the beasts come on, From Six O'Clock A.M. until The day was nearly gone. And he'd been keeping tab a week, As new ones came each day, By two and two from everywhere Which Noah stored away. He knew he soon would have a load, Just as he had it planned, And that he'd get away on time, And be the first to land. Then Noah smiled in pleased content And feeling downright glad, He took the Lincoln WEALTH MAKERS, And read his good "Want Ad." "WANTED—At once, a pair of beasts, Of every living kind, In good condition, and I want The best that I can find." "I pay the highest market price. For stock without a mark Or blemish when delivered.— Apply at Noah's Ark." Old Noah laid the paper down, And smiling, said: "Bedad! I never would have got a load, Without that little ad." And without this "little ad" the readers of THE WEALTH MAKERS might never know that we now have everything imaginable in Gent's Furnishing Goods in our NEW FALL STOCK which has just arrived. Every article we send out is a good advertisement for us as long as it lasts, and it lasts a long—lo-n-g-t-i-m-e. Our goods are all the best that can be manufactured—we make them at our own factory—we have not room to tell you more about them—come in and see for yourselves while visiting the fair. Browning, King & Co., 1013 to 1019 O St., Lincoln, Neb.

Experience teaches that an article is best and meets all claims made, when sent out on its merits by a company, they preparing express and requesting no money forwarded until same proves satisfactory after trial. This we do with our fountain, if not satisfactory only requesting it returned to express office. The Lake City Automatic Stock Fountain waters 50 to 150 pigs daily; performs the same service for sheep, calves and poultry. HORSES AND CATTLE. DRINK FROM TANK. Has the right sized drinking cup; can be attached to tank, barrel or pipe in five minutes, and each delivers water direct from receptacle. Valve seat being two inches in body of water (as with no other fountain) cannot freeze in winter; also acts as locknut, making all solid. The price of our fountain, if satisfactory, is \$3.00, and will pay for itself each week in a herd of ten pigs. As it costs nothing to try, send for one and be convinced by your own judgment. Agents and dealers wanted in every locality. Order through implement dealer or STOCK FOUNTAIN CO., Lake City, Iowa.

Stock Fountain Co., Lake City, Ia. Gentlemen.—We are pleased to say that we have in operation on our two hog farms 12 of our fountains, and some of other make, but all things considered, the Lake City is as far ahead of them as a Self Binder is superior to the old Cradle. We are pleased to note that the majority of stock breeders and farmers are now using them to the exclusion of all others, as undoubtedly the best. We wish you could convince all to try one, as the great saving of time, labor and food and increase of fat by giving fresh water, is wonderful. We have followed very carefully your directions and used our own judgment regarding the watering of stock the same as feeding. A great many hog raisers pay too much attention to feeding and not enough to watering. We find old and young pigs work them in a few hours, and we never think of watering our chickens when using the fountains. Rings in hog's noses do not inconvenience them from using the fountain. The fountains are Multum in Parvo, par excellence. W. M. LAMBING & SON, Proprietors Black Head U. S. Poland China Hogs.
