Neither is seriously, though painfully injured.

A BAD WRECK IN KANSAS.

Twenty People Hurt on the Memphis, Near Monmouth.
CHEROKEE, Kan., Sept. 10.—There were twenty people hurt in the wreck of the Kansas City, Fort Scott and Memphis passenger train near Monmouth, Kan., Saturday afternoon. Several were seriously hurt, while many escaped with only slight injuries. The wrecked train was due here at 5 o'clock. As the train neared the bridge over Indian Creek, one mile west of Monmouth, an axle on the rear coach broke. It ran 200 feet on the track and then tore loose from the train and rolled over into the back water of the creek.

By this time the train had reached the bridge, and was rocking fearfully. The baggage car tipped and crashed into the side timbers of the bridge. The structure, unable to stand the jar and strain, gave way, and the entire train pitched into the creek, twenty feet below.

The stream had been swollen by the recent heavy rains. The baggage car fell first and the front coach fell partially over it, thus preventing the passengers from being drowned. As it was, they were tumbled together at the end of the car.

With the first crash, caused by the broken axle, the excitement was most intense, and when the bridge gave way shrieks and cries arose above the sound of breaking timbers. After the train had fallen over the men but slightly hurt broke open the windows in the side of the car uppermost and freed themselves. They then pulled out the wounded.

Among those seriously hurt are: Brakeman Morris, Cherryvale, Kan., who was in the smoking car at the time of the accident. He was badly bruised about the head and body; recovery doubtful. J. W. Bray, Parsons, Kan., severely cut about the head. Mrs. Oliver, Pittsburg, Kan., an elderly woman, afflicted with heart trouble, so severely shocked that her condition is critical. James Grayson, Pittsburg, Kan., two ribs broken. J. E. Crandall, superintendent Kansas and Texas coal company. Mrs. Harner, Parsons, Kan. Mrs. N. Morse, Webb City, Mo. Mrs. E. Stoworth, Webb City, Mo. Mrs. Betsford and child, Cherryvale, Kan. Patrick Harmon, engineer. George Emerson, conductor. Robert Black, brakeman.

A VOICE FROM COLORADO.

Democratic National Committeeman Thomas Scores the Administration.
DENVER, Col., Sept. 10.—In a published letter replying to criticisms of Frank P. Arbucock, chairman of the Democratic state central committee and receiver of the land office, which accused him of disloyalty to the Democratic party, S. S. Thomas, member of the national Democratic committee for Colorado, says: "If the party in national convention construes Clevelandism to be synonymous with Democracy it needs no prophet to forecast its certain fate. If the man who rode into power upon its greatest tidal wave has in two short years wrecked its fortunes and laid its face in the dust, is to be commended for his accomplishments, then is Ichabod written upon our party future."

HONORS TO PIEROLA.

Pierola's New President Given an Ovation in Lima.
LIMA, Peru, Sept. 10.—Lima presents a gay spectacle, the festival being in honor of the assumption of the office of president by Senor Nicola Pierola, who was recently elected. The streets are crowded. The route to the palace is lined with troops and flags are flying from all points, while along the streets at different points arches have been erected. The houses along the route are covered with gay wreaths and bright flowers. President Pierola made an attempt to go to the cathedral to attend mass, but he was obliged to return unsuccessful, as the great crowd of enthusiastic people barred his passage and almost mobbed him in their efforts to grasp his hand.

COKERS MAY STRIKE.

Situation Throughout Pennsylvania Coke Regions Uncertain.
UNIONTOWN, Pa., Sept. 10.—The situation throughout the coke regions is one of uncertainty, caused by the possibility of a general strike this week. A representative of a leading company said the operators would not grant the advance. The labor leaders insist that coke has advanced from 85 cents to \$1.30 per ton and the men's wages should be advanced proportionately. They further aver that a strike is inevitable unless the wages are advanced this week.

THIRTY MINERS LOST.

Caught by Fire in the Osceola Shaft at Calumet, Mich.
CALUMET, Mich., Sept. 10.—Two hundred and fifty men and boys were at work in the Osceola mine Saturday when fire broke out. Thirty lost their lives. Huge volumes of smoke are still issuing forth from the mouths of shafts Nos. 1, 2 and 3, and show that the awful fire is still raging fiercely, and the bodies of the thirty miners entombed are still lying somewhere below the surface, without a doubt dead, suffocated by smoke and gas.
Outlaw Zip Wyatt Dead.
SOUTH ENID, Ok., Sept. 10.—Zip Wyatt, alias Dick Yeager, the noted outlaw, train and bank robber, died Saturday in the End jail. He was unconscious many hours before his death and made no confession, except that Shoemaker, a man now serving a life sentence for murdering Townsend in Kingfisher county, is innocent. Townsend's widow and two children saw Wyatt before his death and identified him as one of the murderers.

KILLED UNDER CARS.

Peter Schumann Caught His Heel in Coupling Them.
GRAND ISLAND, Neb., Sept. 16.—Early Saturday morning just after Peter Schumann and five other Union Pacific section men had gone to work to load three cars with sand at the sand pit, just east of the Union Pacific shops. Schumann was run over by a flat car and sustained such serious and dangerous internal injuries that they resulted in his death two hours later.

Schumann and his fellow laborers had begun to move three flat cars, preparatory to loading them, and the injured man had stepped between two of the cars to uncouple them. Just as he lifted the pin his heel was caught and held his right leg on the rail, one wheel running over it lengthwise, and also severally bruising his hip. His left arm was also fractured, and at about 10 o'clock he died without having an opportunity to see his family. Schumann was an old-time employe. He leaves a wife and two children, aged twelve and nine years.

MRS. BELLAH AT IT AGAIN.

The Notorious Woman Defrauding Nebraska Ministers.
WEST POINT, Neb., Sept. 16.—Mrs. Anna Bellah of Liberty, Mo., of fraud fame, is making the rounds of the smaller towns of Nebraska, pretending to be in search of a brother in this state and to have run out of cash through a delay. She claims to be preparing to meet her husband at Dubuque, Ia., and to want just enough money to take her there. In each case she presents a check which she says her husband has signed in case she should "run out of funds." The check is on the Market Street National bank, Philadelphia, Pa., and signed "Joseph Bellah." On arriving at a town she sends for a clergyman—Congregational if there is one—because her "husband" is a member of Dr. Richards' church in Philadelphia. He is then asked to identify and indorse the check for her, which he usually does. Scores of these bogus checks have been protested by the above bank and they are receiving them every day.

The Unsolicited.

LINCOLN, Neb., Sept. 16.—Frank Miller was a stranger in Lincoln, and Etie Henderson took him in. He came to the city as a horseman at the county fair and also for the purpose of seeing the sights. He reported at the police station yesterday morning that he met a girl who gave her name as Etie or Ethel Henderson. That was on Saturday night, and he accompanied her to the Bentley block. He was short \$20 which he left in his shoe, and desiring to recover the money applied for a warrant for the girl's arrest. Captain Otto brought the girl in, and while not admitting that she took the money told him it was behind a clothes press in the hall of the building. It was recovered, but Miller is still behind in the game. On returning to the fair grounds he discovered that someone had stolen a set of harness. He will go to Omaha today to capture a man whom he believes took the harness.

Jumped in a Well After a Wolf.

CHADRON, Neb., Sept. 16.—The mystery surrounding the coat and revolver found at the top of an old well near this city, and which were supposed to belong to B. B. Davis, a prominent druggist of this city, has been cleared up by the arrival of Mr. Davis. While riding to town from his ranch accompanied by his pack of hounds, Davis started a big wolf and gave chase. To escape the dogs the wolf jumped into the well and Davis, throwing off his coat and small revolver, jumped in after the wolf and killed him. He then realized that he could not get out and his coat was found while he was in the well. He finally succeeded in getting out by digging footholds in the sides of the well with his spurs.

Omaha Waking Up.

OMAHA, Sept. 16.—The illumination of the streets was tried Saturday night in preparation for carnival week. The scene was very brilliant and the throngs of people, who numbered at least 20,000, who gathered in the downtown district to witness the sight were very much pleased. It is a common observation that at last Omaha is alive and ready to tell the world of the recovery of herself from her languor. The Bee building was very prettily lighted.

Tumbled From a Wagon.

PIERCE, Neb., Sept. 16.—When starting to leave town Friday afternoon Mrs. Philip Fuesz and daughter, Mrs. C. H. Lucke, met with quite a serious accident. The tongue became detached from the neckyoke and the horses became frightened and started to run, pulling the ladies out of the buggy to the ground. Mrs. Fuesz was badly frightened, while Mrs. Lucke was injured quite severely by her fall.

Thieves at a Farm House.

YORK, Neb., Sept. 16.—Friday the farm house of William McCullough, two miles north of here, was broken into by thieves and an \$85 gold watch, a fine gold chain, a lot of jewelry, gloves and handkerchiefs were stolen. They ransacked the house thoroughly in search of money, but found none except a check for \$500 which they could not use and so left.

HILL SCORES ONE POINT.

No Injunction Against Great Northern and Northern Pacific Consolidation.
ST. PAUL, Minn., Sept. 16.—The Great Northern Railway company and J. J. Hill, its president, have won the first preliminary skirmish in the contest precipitated by Thomas W. Pearson in his application for a preliminary injunction against the proposed consolidation of the Northern Pacific and Great Northern railroads, made to Judge Sanborn of the United States circuit court, the judge denying the motion.

The next step will be to hear the case on its merits. Evidence will be introduced on behalf of each state and another decision by the court will be the end of that issue. While this proceeding is a preliminary one, the victory is none the less an important step toward the consummation sought by President Hill. The thorough investigation of the subject given by Judge Sanborn and his deductions seem to point to a clear right to continue the plan that has for so long occupied the attention of the business world.

Cincinnati Pickle Works Burned.

CINCINNATI, Ohio, Sept. 16.—At 8:30 o'clock this morning an alarm of fire called the entire department to the river front, where the Jacob Weller pickle and vinegar works was found to be burning fiercely. In less than an hour the building and entire contents was destroyed, entailing a loss of \$196,000, making the third time that the place has been burned out, twice while occupied by the Emery Bros., the present owners, as a candle factory.

CONDITION OF FRUIT.

What the September Government Report Shows.
WASHINGTON, Sept. 16.—The September government report on the condition of fruit says: Both apples and peaches show slight improvement, drought has caused dropping and the too rapid maturity of apples, but the damage has not been sufficient to alter the general average for the country. The average condition of apples is now 73, and of peaches 84.1. Grapes range from one-half to a full crop in the Eastern and Middle States, about three-fourths of the normal product being reported from New York. Figures are generally high in the South. About three-fourths of the usual product is indicated for Kansas and Nebraska. In the mountain and Pacific states conditions are generally high. Improvement is noted in the latter region except in California, where a decline of 12 points is reported. The department's California agent reported the quality of the crop fully up to the average, but the quantity in many sections from 15 to 25 per cent short.

Private Assaying Bids Rejected.

WASHINGTON, Sept. 16.—Secretary Carlisle has decided to reject all bids submitted under the advertisements of the treasury department issued in June last for proposals for the sampling and assaying of imported ores, including lead. He is of the opinion that the sampling and assaying may be more effectively and economically conducted if the necessary facilities are furnished by the government, instead of private persons or corporations.
