

INTENSE SUFFERING.

From Dyspepsia and Stomach Troubles.

INSTANTLY RELIEVED AND PERMANENTLY CURED BY STUART'S DYSPEPSIA TABLETS.

A New Discovery, But Not a Patent Medicine.

Dr. Redwell relates an interesting account of what he considers a remarkable cure of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets.

He says: The patient was a man who had suffered to my knowledge for years with dyspepsia. Everything he ate seemed to sour and create acid and gases in the stomach; he had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite and loss of flesh; the heart became affected, causing palpitation and sleeplessness at night.

I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a fifty cent package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediate relief was given and after he had used four boxes he was to all appearances fully cured.

There was no more acidity or sour watery risings nor bloating after meals, the appetite was vigorous and he has gained 10 or 12 pounds in weight of solid, healthy flesh.

Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but vegetable and fruit essences, pure pepsin and Golden Seal.

Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach however slight or severe.

Stuart's Dyspepsia Tablets are made by the Stuart Co. of Marshall, Mich., and sold by druggists everywhere at fifty cents per package.

GLAVE IN MID AFRICA.

One of the Last Letters Written by the Brave Young Explorer.

The October Century contains a tribute by Robert Howard Russell to the late E. J. Glave, who died in Africa while conducting an expedition to investigate the slave trade for the Century Magazine. The following letter is quoted, written from Lake Bangweulu: "There is no postoffice at above address I must carry this letter myself for another 300 miles before I can despatch it. I am just now in a very wild part of Central Africa. I am traveling up between the Luapula river and the Bangweulu lake, toward Lake Moero. Upon reaching this I shall turn to the east again, and strike the south end of Tanganyika; thence I cannot say for certain, but I hope to descend the Congo and come out on the west coast. I have covered a lot of new ground, and got together a budget of manuscript, new, and I think of some value as throwing considerable light upon the slave trade. I have had splendid hunting—bagging lion, zebra, eland and all sorts of buck antelope. I have kept fifty men supplied with fresh meat for three months, besides feeding many a hungry native. My journey has thus far been most successful, in so far that I have not had the slightest trouble with any chief or his people. I have succeeded in making friends everywhere. My men, a rag-tag-and-bobtail lot, have behaved splendidly, but I am not out of the woods yet. I shall have a fine collection of photographs if I get out all right—some of considerable value. I feel profoundly lonely at times without a white companion, and I have not spoken any English for months. My object all along has been to do a share toward the suppression of slavery, and the information I have gathered on this trip in regard to the subject will to some extent aid the cause. I should like to return to Africa, to this section of the continent, and take some active part in the suppression of slavery. I have now only four rifles besides my personal weapons; but with 300 rifles I could rid the whole land between Lake Nyassa on the east and Lakes Moero and Bangweulu on the west of lawless slave raiders. With my present information, I know where the murderous crews could be hit the hardest. The cattle plague has played dreadful havoc among the domestic and wild animals throughout Central Africa. A year or two ago vast herds of buffalo roamed throughout the country I have traversed but I have not seen a single one. I have also been unfortunate in the failing to see a rhinoceros, although I have seen their tracks dozens of times, some quite fresh, which I followed, but with no success. Twice in the journey the grass has been covered with frost in the morning—very miserable for my poor blacks, with their bare feet and legs, and only flowing rags around their loins; but as soon as the sun is up the air becomes more genial. I have enjoyed remarkably good health, and I feel that I am as tough as piano wire. To be constantly among these native tribes is not a cheerful existence for a lone white man. They are a cruel, merciless lot, grasping in all their dealings, and absolutely untruthful; yet, withal, they are a poor, persecuted people, and when subjected to humane government they may be wonderfully improved."

HOW THEY LIE.

If You See It in the Plute Press You May Know It Is a Lie.

Populism in Kansas means free silver, but in Maryland the state convention declared against it.—Meriden Ledger.

That is a mistake you are led into, friend Prather, by relying upon reports in the old party press. The Maryland state convention did nothing of the kind.—Topeka Advocate.

Yes, we relied on the old party press, but if we are wrong we would be glad to know just what they did say about silver. Will you give us their plank verbatim?—Meriden Ledger.

Certainly, with pleasure. Here it is: "We condemn both the democratic and republican administrations for re-deeming the outstanding treasury notes or greenbacks in gold as being without authority of law, and demand that future exchanges, if any, be made for silver instead of gold. The financial question having been made the leading issue, we commend a united effort for its settlement, and to that end demand the free and unlimited coinage of silver at the ratio of 16 to 1 without waiting the consent or pleasure of any other nation."

You can now see what infernal lies the old party scribbles are. There never was a shadow of foundation for the report sent out respecting the action of the Maryland convention. It was manufactured out of whole cloth just as nine-tenths of the other stuff relating to populism is manufactured by men who are hired and paid to keep the wires hot with lies of like character.—Topeka (Kan.) Advocate.

Would Not Require Proof.

A Texas gentleman took his rather obtuse son to a school to enter him as a pupil. The teacher did a sum on the blackboard, as the would-be pupil could not do it himself, remarking: "Now that I have shown you how to do that sum, I'll prove it to you to show you that it is correct." "No need of proof, professor; I will take your word for it. I know you wouldn't tell a lie," replied the pupil, much to the disgust of his parent.

Headache Destroys Health

Resulting in poor memory, irritability, nervousness and intellectual exhaustion. It induces other forms of disease, such as epilepsy, heart disease, apoplexy, insanity, etc.

Dr. Miles' Nervine Cures.

Mrs. Chas. A. Myers, 201 Hanna St., Fort Wayne, Ind., writes Oct. 7, 1894: "I suffered terribly with severe headaches, dizziness, backache and nervousness, gradually growing worse until my life was despaired of, and try what we would, I found no relief until I commenced using Dr. Miles' Nervine. I have taken five bottles and believe I am a well woman, and I have taken great comfort in recommending all of my friends to use Nervine. You may publish this letter if you wish, and I hope it may be the means of saving some other sick mother's life, as it did mine."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; since cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by the Halls Catarrh Cure. Send for circular.

Scott's Carbo-Digestive Compound.

Positively the One Remedy for the treatment of

Nervous Exhaustion, Simple and Aggravated forms of Dyspepsia, and Palpitation of the Heart.

Does your food sour after eating? Are you easily confused and excited? Do you get up in the morning tired and unrefreshed, and with a bad taste in the mouth?

Is there a dull cloudy sensation, attended by disagreeable feelings in the head and eyes?

Are you irritable and restless?

Does your heart thump and cause you to gasp for breath after climbing a flight of stairs?

Does it distress you to lie on the left side?

Have you impaired memory, dimness of vision, depression of mind and gloomy forebodings?

Those symptoms mean that you are suffering from Dyspepsia and Nervous Exhaustion.

There is no other remedy extant that has done so much for this class of troubles as

Scott's Carbo-Digestive Compound.

If your case has resisted the usual methods of treatment we are particularly anxious to have you give this compound a trial.

We guarantee relief in every case and will cheerfully refund your money should our remedy fail to produce the most gratifying results.

Please remember that the appellation "Patent Medicine" does not apply to

Scott's Carbo-Digestive Compound.

It is a preparation put up by a leading physician who has made stomach and nervous troubles a specialty for years.

We court investigation and earnestly urge all physicians to write us for the formula of SCOTT'S CARBO-DIGESTIVE COMPOUND, which we will mail on application, that they may satisfy themselves of its harmless character and excellent virtues.

Scott's Carbo-Digestive Compound

is the most remarkable remedy that science has produced. It has succeeded where all other medicines have failed.
