

INSURANCE DEPARTMENT

Do you know that next Wednesday night and Thursday there will be a meeting of Mutual Insurance men at the Lindell hotel in this city that will interest and instruct all who are present.

There are many subjects of interest to every mutual man that he would like to hear about, come and give you idea about it and get value in return from others. The members of mutual companies do not concern themselves as they should about the way their officers are doing business for them. It seems that in as much as their insurance is costing but little they are satisfied and do not care to school their officers if it would cost the company a few dollars, but in time the company would be largely benefited by sending a representative to a conference of this kind.

In Iowa there are companies twenty-five and thirty years old that send two men each year to the association meeting at Des Moines, and consider themselves well paid. The precedent they give us should be followed if we desire the success that they make of insurance in every line except life.

Come, again we say come, and let us counsel together for the benefit of mutual insurance.

Grover's War

EDITOR WEALTH MAKERS: If Grover and the Rothschilds (who are partners and fast friends) should conclude that the people must have a little dust thrown in their eyes, and they should conclude that a little sham war would just be the thing, I wonder why Grover could not be conquered and then his friend Roth could say, Grover I think that your people need a guardian appointed, and as you and John Sherman have been working in our interest for a long time we will appoint one of your prices and the other chief advisor and you may have any title to your name you desire, and you may rule your people while you live and then Ruth may rule, just as Queen Vick does, that is, as we want her to.

Col. L. C. Pace will deliver an address on the "Trinity of Man, or Man as a Three-fold Being," before the Social Science Club in the A. O. U. W. hall, 1114 O street, Sunday evening, Jan. 12, at 8 o'clock. The public is cordially invited to attend.

IS IT A TRIFLE?

That Common Trouble, Sour Stomach. Now Known to be the Source of Serious Troubles.

"Sour Stomach," is the common name for acid dyspepsia, and because it is a common everyday trouble with many people, they have come to look upon it as of little consequence, as affecting the general health. Nevertheless, the most serious diseases have their beginning from this very condition. It is caused in the first place from weakness of the stomach, which, instead of promptly digesting and disposing of the food, allows it to lie in the stomach for hours fermenting, causing gas, sour rising in the mouth, heart-burn, headaches, oppression, dizziness, dullness, etc.

The blood is thin, impure, and circulation poor simply because it is replenished from this mass of fermenting, half digested food. This condition of the stomach cannot continue very long without deranging the nervous system, the kidneys, heart, liver, or lungs. Which ever is weakest will break down first.

Pure blood, strong nerves and muscles, firm healthy flesh can only come from wholesome food well digested. "Blood purifiers" and "nerv tonics" do not reach the cause of the mischief. The stomach is the point to be looked after. The safest and surest way to cure any form of indigestion is to take after each meal some harmless preparation which will of itself digest food. There is an excellent preparation of this kind composed of vegetable essences, pure pepsin, Golden Seal and fruit salts, sold by druggists under name of Stuar's Dyspepsia Tablets and these tablets taken after meals assist digestion wonderfully because they will digest the food promptly, before it has time to ferment and sour and the weak stomach relieved and assisted in this way soon becomes strong and vigorous again.

Stuar's Dyspepsia Tablets are superior to any secret patent medicines because you know what you are taking into your stomach. They are sold by druggists everywhere at 50 cents per package.

ENGLAND'S CATHEDRALS. Beautiful Architectural Specimens to be Seen in Small Towns. It was my privilege to see ten of the cathedrals of England, and situated, as some of them are, in small towns, one comes on visiting them to know more of the life of the people than the tourist can attain who flies from one great city to another, says a writer in the Springfield Republican. Each traveler will have his favorite among them, and all have their excellencies and defects. Some of them are partially spoiled by the smoke of the town, and any restoration ought to be welcome that will clean it off. Such is the case with York and Lincoln, and, to a greater extent, with Peterborough, whose magnificent facade, or rather architect's conception of it, is best appreciated by the study of a photograph. As the English are not inclined to the apotheosis of dirt, they have in many cases removed the disgrace in recent years, and Peterborough itself is now made glorious within, in all the marvelous beauty of its cream-white stone. When these buildings are not in smoky towns the atmosphere, after the lapse of ages, has sometimes heightened the architectural effect, so that Ely grows old gracefully, and Salisbury even beautifully. Salisbury and Canterbury seem well-nigh perfect. In Durham the marble columns are marred by a puerile fluting; the towers of York are not all finished. The wonderful central tower of Lincoln has lost its pinnacles; the great facade of Peterborough is out of proportion to the building; the external effect of Ely is too much like a fortress; the spires of Litchfield are not mates in color and are somewhat ornate; but upon Canterbury and Salisbury the eye rests content. And yet he is little to be envied who would not find intoxicating joy in every one of these, so great are they and in their varied power so lifting the beholder above and beyond all incidental defects, and it is quite to the credit of the young woman from Springfield who is said to have burst into tears at the sight of Westminster abbey.

ITS WEIGHT IN GOLD. A NEW DISCOVERY WHICH IS WORTH THAT MUCH. To Anyone Afflicted with Piles. The Pyramid Pile Cure, the new, painless remedy which has been so remarkably successful in curing every form of piles and rectal diseases, has recently been placed on sale at druggists and it is safe to say that when its extraordinary merit becomes fully known, there will be so much thing as surgical operations for the cure of this obstinate and common trouble. Mrs. M. C. Hinkly, of 601 Mississippi St., Indianapolis, Ind., says: I had been a terrible sufferer from piles for 15 years and no remedies benefited me, until I saw an advertisement of the Pyramid Pile Cure; I got a package, also a package of Pyramid Pills and used both according to directions. I was astonished at the immediate relief obtained and now I honestly believe the Pyramid to be the only certain cure for piles. That you may realize how bad I was, I will say that I was confined to my bed and went before the college physicians here who said my case was a new one to them and wanted seven or eight hundred dollars to undertake a cure; the great pain had brought on a rupture, and I knew an operation would be death to me on account of blood poisoning. Nearly everyone here knows of my terrible suffering from piles and I feel that I cannot praise the Pyramid Pile Cure enough, and the Pyramid Pills also. My husband will join me in highly recommending the Pyramid, my daughter was cured by one box only. For several years I weighed but about 90 pounds, now I weigh 150 and feel in perfect health. This seems to be the universal testimony of every sufferer from piles who has ever tried the Pyramid; it is the safest, most painless pile cure yet discovered; contains no opiate, morphine, cocaine or any poisonous ingredient whatever, has a soothing, healing effect from the first application, and the moderate price places it within the reach of everyone needing treatment. The Pyramid Pile Cure is sold by druggists at 50 cents and \$1.00 per package and the Pyramid Pills at 25 cents per box. Send to Pyramid Co., Albion, Mich., for free book on cause and cure of piles. Why Pay Interest? Sixty million are paying it to five million. They do not enjoy it, but they suppose it is inevitable. One man knows better. His name is J. W. Bennett, and he has written a book called A Breed of Barren Metal, or Currency and Interest. He shows the absurdity of the old arguments to justify interest; he shows what a blight on human interest is; he shows a practical and peaceable way of abolishing it. His book is simple enough for a schoolboy to understand, and yet so scientific and original that statesmen can learn from it. It is a book of 256 large pages, but to reach the millions it is offered at 25 cents postpaid, or in a handsome cloth binding for libraries at 75 cents postpaid. Charles H. Kerr & Company, Publishers 56 Fifth Ave., Chicago.
