

# MILITIA REFUSE TO OBEY.

### SOUTH CAROLINA TROOPS IN OPEN REBELLION.

### GOVERNOR TILLMAN BOLDLY DEFIED.

The Soldiers Refuse to Go to the Rescue of Liquor Spies and Constables Who Had Been Shot Down by Armed Citizens of Darlington While Enforcing the Dispensary Law—Four Killed.

COLUMBIA, S.C., March 31.—The long expected trouble over the enforcement of the state dispensary law has broken out at last and now two constables and two citizens of Darlington lie dead, a body of constables is surrounded in a swamp by armed citizens and the militia of the city is in open rebellion against Governor Tillman, while the dispensary at Florence has been wrecked by a mob.

Yesterday afternoon a body of twenty-two armed constables, who had been sent to raid illegal liquor, were about to leave Darlington when Constable McLeaden had some words with a Mr. Redmond about the Floyd-Rogers fight over the enforcement of the dispensary law. Some say Redmond cursed McLeaden and McLeaden fired at Redmond. Others say that McLeaden fired at Rogers and the bullet passed through Redmond's throat, killing him instantly. Firing then became general and citizens hurried to the scene. It was found that the constables had scattered to the woods.

The dead in the first conflict were: FRANK R. NORMENT, insurance agent and political leader; JOHN REDMOND, formerly from North Carolina.

CONSTABLE PEPPER, CHIEF OF POLICE DARLINGTON.

Constable McLeaden was shot through the abdomen and is dying and Lewis Dorem is also fatally wounded. Several other citizens were also wounded, but none mortally.

Late yesterday afternoon Governor Tillman received the news of the conflict and also a report that the twenty constables who escaped to the swamp were surrounded and in the greatest danger. He at once sent for Adjutant General Farley, ordered a special train and sent notices to the officers of the Richland volunteers, the Columbia Zouaves and the governor's guards to call their men together and take the train as soon as possible.

The Zouaves met and roll call began. The first man, Gordon Adams, arose and said he would resign his membership, but would not go. Every other man did likewise. The company disbanded.

The Richmond volunteer rifle company, an old military club that went for glory whenever occasion offered from the Florida Indian war to the war for Southern independence, did not respond. The captain reported to the adjutant general that he had but six men present and awaited his orders. They were excused from going.

The governor's guard gave an opportunity for a still more striking display of the sentiment of the people. Shouts of citizens from the streets announced the decision of the other companies and they, too, declined to go. A squad of citizens rushed up the stairway, blocking the corridor, and swore they would not allow the company to depart.

CHARLESTON, S. C., March 31.—The adjutant general came here last night to try to get soldiers to go to Darlington, but without success. The light infantry of Sumter also refused to go. The mayor of Darlington has telegraphed for bloodhounds with which to trace the constables.

The fourth brigade of state troops ordered out by Governor Tillman has refused to obey. The adjutant general of the state is here trying without success to raise an army to go to Darlington.

Unable to send troops the governor has taken the other course and will prevent aid reaching Darlington's citizens. To accomplish this he has seized the Coast line railroad leading to Darlington and will allow no traffic over it. He has also ordered the telegraph companies to transmit no inflammatory dispatches and has also withdrawn an order disbanding the Columbia military organizations, with the intention of trying all members and officers by court martial. He has also ordered the hauling away from all local armories of guns and equipments.

Congressmen Uphold Tillman.

WASHINGTON, March 31.—South Carolina members of congress are eagerly awaiting information from the scene of the riotous conflict in South Carolina. Representative McLauren, in whose district the trouble has occurred, has telegraphed for particulars.

Representative Straut of Lancaster said: "Governor Tillman will execute the laws if it requires 50,000 men to do it. He can call not only the militia but the people will furnish volunteers. The sentiment of the people upholds him. There is a small clique at the bottom of the trouble. They want to defy the law and bring moonshine whisky into the state. The governor proposes to stop it."

Representative Talbert of Parkersville, said: "This trouble has been brewing for some time and this outbreak is the climax. Governor Tillman is simply doing his duty in executing the law and the people uphold him. He is a man of positive convictions, and it is absolutely certain he will execute the law and crush opposition no matter what the consequences may be."

Missouri Central College Wins.

ST. LOUIS, Mo., March 31.—The Missouri Inter-Collegiate contest held in Wood's opera house last evening was won by X. P. Wiley of Central college, who was given the first prize, a \$50 gold medal, and H. M. Davis of the state university at Columbia, to whom was given the second prize. The seven leading colleges of the state sent about 3,000 visiting students.

### WANT TO BE ANNEXED.

Hawaiian Royalists Signing Annexation Petitions—No Hope of Restoration.

SAN FRANCISCO, March 31.—Advisers received here yesterday from Honolulu, dated March 13, report that within the past week there has been a material change in the political condition of the islands, the natives now coming out for annexation. The advocates of royalty have come to the conclusion that all hopes of restoration are past, and that it is politic for them to acquiesce with good grace. It is said that ex-Queen Lilioukaalani has been advised of the failure of all hope of restoration, and that she will advocate annexation of the islands to the United States in order to receive some form of bounty.

A petition will, it is declared, soon be prepared and sent to President Cleveland advocating the annexation of the islands to the United States, provided a sum to be mutually agreed upon shall be settled upon Lilioukaalani during her natural life. This petition will be signed by leading natives, members of the ex-queen's cabinet and members of the native societies. It has even been stated Lilioukaalani will send a trusted agent to Washington to lay the matter before the president.

Unless some arrangement such as this is made the ex-queen will soon be in straightened circumstances. It is well known that a short time ago she found it necessary to place a heavy mortgage on nearly all of her property.

The provisional government remains firm in the belief that it is acting for the best interests of the people at large and without the least fear of being overturned. It is its intention to proceed at once toward the formation of a representative and stable form of government, as evidenced by the bill lately introduced into the council calling for a constitutional convention. This is being put through without delay.

### INSURANCE COMPANIES WIN.

Superintendent Snider Enjoined From Acting on the Hillman Case.

TOPEKA, Kan., March 31.—Judge Johnson today gave his decision in the Shawnee county circuit court touching the right of State Superintendent of Insurance Snider to make an investigation into the business methods and alleged fraudulent actions of the insurance companies interested in the Hillman case. He rendered an oral opinion and concluded his review of the case as argued before him by making the temporary injunction granted ten days ago permanent.

This injunction prevents Superintendent Snider from taking any further action in the investigation which was inaugurated before him a month ago. Snider had concluded his investigation so far as the taking of testimony was concerned when the temporary injunction was granted and it is understood that he will now hold to the position which he has taken since the injunction proceedings were commenced, that Judge Johnson has no jurisdiction over his office as state commissioner of insurance.

Judge Johnson holds that the statute provides only two causes for revoking licenses—insolvency and failure to pay fees to the insurance department. The attorneys for Mrs. Hillman in their argument quoted freely from a decision of the supreme court in 40th Kansas, in which the principle was laid down that the superintendent of insurance had unlimited power to grant or revoke licenses and that his decision was final. Judge Johnson meets this with the finding that the question of revocation was not before the supreme court in that case and therefore was not passed upon.

### MISSOURIANS DIVIDED.

Mr. Joy Not Without State Friends in the House—Significant Appeal.

WASHINGTON, March 31.—Representative Heard, caucus chairman of the Missouri Democratic delegation in congress, today received a telegram from Chairman Flavin of the twenty-sixth ward Democratic committee of St. Louis, urging the Democrats of Missouri to vote for Joy, Republican, in the Joy-O'Neill contested election case now before the house. The twenty-sixth ward is in the St. Louis district now in contest. The dispatch says that if O'Neill is seated by the throwing out of many of Joy's votes it will result seriously in the future. Mr. Heard is out of the city and the telegram was circulated among the Missouri delegation.

The St. Louis case is creating much feeling among the Missouri congressmen. A caucus has been held without resulting in any united action. Messrs. DeArmond, Hall and Morgan are voting for Joy, the Republican, while the other Missouri Democrats have thus far voted for O'Neill. The filibuster is tending to unite the delegation for O'Neill as it has diverted the issue from the case itself. Several of the Missouri congressmen say it would have been impossible to unsit Joy if the filibuster had not occurred.

### RUSSELL SAGE MULCTED.

Clerk Laidlaw Secures a \$25,000 Verdict for His Services as a Shield.

NEW YORK, March 31.—The jury in the case of Laidlaw versus Sage, in which Russell Sage was sued for damages sustained by Clerk Laidlaw on the occasion of the throwing of a dynamite bomb by the crank Norcross, in Sage's office has returned a verdict for \$25,000 for the plaintiff. The court denied a motion for a new trial but granted a stay of forty days.

### The Trouble at Bluefields.

WASHINGTON, March 31.—Notwithstanding the report from Colon of pending trouble at Bluefields, the state department officials do not apprehend any danger to American residents or property there, and the presence of the British warship, Canada, it is believed, will assure peace for the time being.

### Sued for Breach of Promise.

CARTHAGE, Mo., March 31.—Mary E. Shebana, a maiden lady of big standing living six miles north of this city, has brought suit for \$10,000 damages for breach of promise against J. Q. Davidson of this city, a wealthy but miserly widower.

# ENTIRE FAMILY WIPED OUT.

### FATHER, MOTHER AND FOUR CHILDREN KILLED.

### TERRIBLE CRIME OF A CRAZED MAN.

Fritz Kloetzer, Despondent Over His Inability to Procure Food for His Family, Kills Them All and Then Takes His Own Life—Indications That the Deed Was Arranged by Parents.

DOUGEVILLE, N. Y., March 31.—Fritz Kloetzer, a shoemaker, killed his wife and four children at his home last night and then committed suicide. He had been out of work for a long time, and despondency is supposed to have led to the deed. For weeks he had been selling off his furniture, piece by piece, to pay for bread for his family.

The bodies of the entire family of six were found stretched on a few blankets in a back bedroom. First in the row was that of Mrs. Kloetzer. Her throat had been cut. Second was that of the daughter, Frieda, 12 years of age. There was a ghastly gash across her throat. Kloetzer's body was next. It had a big gash in the throat and a knife wound in the heart. Next was the body of 7-year-old Elize. There was no mark on her body. She and another child had been poisoned. The last body was that of the 3-year-old Bruno, with head nearly severed from the body. Kloetzer's head lay on the body of his daughter Elize.

There are indications that the crime was arranged between husband and wife. There are no indications of a struggle.

### STONE ON CLEVELAND.

The Missouri Chief Magistrate Declares Himself Against the President.

WEBB CITY, Mo., March 31.—Governor Stone spoke here last night and made apparently a campaign speech for 1896 in behalf of himself as Democratic nominee for president in 1896.

The governor denounced the administration of President Cleveland and said that there was no difference between a full fledged Republican and an Eastern Democrat. He was not now nor was he ever a Cleveland man. He strongly advocated free coinage of silver.

Governor Stone's speech was furthered by Attorney E. C. Crow of Webb City, who denounced the issue of United States government gold interest bearing bonds.

### NO SPURRING UP SENATORS.

The Tariff Debate Now Expected to Go Very Slowly.

WASHINGTON, March 31.—The present outlook does not indicate that very great headway will be made on the tariff bill in the senate next week. A number of other questions, including two appropriation bills, are pending and the senators interested in them will doubtless try to have them considered before the tariff shall engross all the time. Mr. Voorhees will undoubtedly make his opening speech in support of the bill Monday and will be followed by Mr. Allison on behalf of the Republican side of the chamber during the week, and it is probable that a few other speeches will be made on both sides, but it is the general opinion that the week will not exhaust much of the speech making which the bill will surely develop.

### Forgot His Prisoner in a Car.

DENVER, N. Y., March 31.—John Scanlan was sent to the Erie county pen last fall for burglary. A warrant was lodged with the superintendent for that institution for his arrest on another charge of burglary at the expiration of his term and Officer George was detailed to go after him, but did not bring back his man. Inquiry by Judge Edwards revealed the fact that George arrived here from Buffalo with his prisoner late Wednesday night, and was so drunk that he had to be helped from the train by the conductor. He entirely forgot his prisoner in the car.

### Suit Over a Suspicious Land Deal.

MACON, Mo., March 31.—The Hannibal and St. Joseph railroad company has filed suit against Bert Norton, a prominent attorney, and John E. Gilliland, a jeweler, both of New Cambria, asking that a warranty deed by William M. Blake of this county, conveying or supposed to have conveyed the title to forty acres of land in Lingo township to the railroad company, be set aside on the ground that Blake has never held title to the land and that Norton and Gilliland, who negotiated the sale to the railroad company, knew such to be the case.

### Colorado Turning to Gold.

DENVER, Col., March 31.—The enormous increase in the development of the gold fields in this state is shown by the report of the United States mint at this place for March. The total value of gold bullion received at the mint for the month was \$370,187, an increase of \$208,453 over the corresponding month of last year. The receipts since January 1 are \$730,026, an increase over the same period last year of \$448,068.

### One of His Flock Overlooked.

COLONY, Kan., March 31.—The Rev. M. U. Ramsburg, the new Methodist minister, upon counting his progeny after landing here found a 4-year-old missing. He ascertained by telegraph that the youngster was still on the train sleeping and entirely unconscious of separation from his parents.

### Thieves Rob a Township Safe.

FRANKFORT, Mich., March 31.—Thieves entered the office of J. T. Hill, township treasurer, yesterday evening, broke open the safe and carried off \$2,000 of township funds and other money and securities.

### FIVE DEAD, TWELVE INJURED.

A Sandpipe Bursts at Peoria, Causing Destruction to Life and Property.

PEORIA, Ill., March 31.—Bourland street, on the West bluff, was the scene of a horrible accident yesterday. One of the immense sandpipes of the Peoria water company collapsed with a deafening crash, heard in all parts of the city. The pipe has been leaking for a number of days, and five men were sent to repair it. Without a sign of warning the bottom section burst and the steel structure immediately collapsed. There were a number of school children playing close by, and many of them, with some of the workmen, were hurled a distance by the force of the water. Frank Hogan, aged 14, was instantly killed and several companions sustained injuries which may result fatally. Three of the workmen were badly hurt, while two others were missed and are presumed to be under the ruins. The houses were completely wrecked by the force of the water, while a half dozen others were blown from their foundations and badly damaged. Barns and other small structures were smashed to kindlingwood. The best obtainable list of casualties footed up five dead and a dozen injured.

### SHUTTING DOWN MILLS.

Operators Determined to Resist the Demand of Coke Workers.

PITTSBURG, Pa., March 31.—There is great excitement throughout the Conneville coke regions over the proposed strike next Monday for a 12 1/2 per cent advance over the present scale of wages. The operators are determined to resist the demands, and are closing down their mills pending the settlement of the strike.

### Breckinridge's Denials.

WASHINGTON, March 31.—When court adjourned yesterday it was understood Monday with Colonel Breckinridge's testimony still unfinished. He said that he had tried time and again to get Miss Pollard to leave Washington, agreeing to pay her expenses. She often promised to do so, but never kept her word. The visits to Mr. Blackburn and Chief of Police Moore were explained at considerable length. He denied that he had ever promised to marry Miss Pollard, as they had testified, and also that Miss Pollard ever had any children by him.

### Zinc Strike Near Mansfield, Mo.

JOLIET, Mo., March 31.—It is reported in mining circles that an important strike of zinc ore has been made near Mansfield, in Wright county, Mo. The ore is said to lie in a true fissure vein, like the silver lodes of Colorado. The vein has been traced for several miles. Shafts have been sunk along this vein and a depth of 184 feet has been reached with the shaft still in ore. On the surface the vein is twenty inches wide, and gradually grows wider as the depth increases.

**Tobacco Deformed my Stomach and my Entire Nervous System—After Using No-to-bac I Gained Sixteen Pounds in Weight.**

URBANA, OHIO, Nov. 21, 1892.

Sterling Remedy Company, No. 45 Randolph St., Chicago.

GENTLEMAN:—I used tobacco constantly from twenty to forty-three; I felt that I must quit, or my stomach would be completely gone. I read one of your advertisements and thought it was a "fake," but resolved to make one effort to quit. NO-TO-BAC came July 4th 1892, and I commenced to use it at once. The first two weeks I gained eight pounds in weight, in four weeks I gained sixteen pounds. NO-TO-BAC completely destroyed my desire for tobacco in two weeks, my appetite became natural and I ate breakfast, a thing I had not done before in ten years, except simply to drink a cup of coffee.

(Signed) C. McDonald.

There are many tobacco users suffering from diseases attributed to tobacco other than the use of tobacco. Don't grow tobacco spitting and smoking your life away, but call at once at the Clark Drug Co. Lincoln, Neb. Our agents, and get a box of NO-TO-BAC or a little book that will tell you all about it. If you cannot call, write for book to "THE STERLING REMEDY COMPANY," No. 45, Randolph St., Chicago, Illinois.
