

LET US EXCHANGE VIEWS

(Continued from first page.)

leaders and construct our platform that our standard will be a harbinger of safety to the oppressed, and a citadel of strength to our cause. Good, true, and capable men on our ticket who are known to the people of the state will insure its election. I wish to say to your thousand of readers throughout the state that I am firmly of the opinion that the Hon. J. N. Gaffin of Saunders county, if placed at the head of our ticket for governor of the state, would insure the election of the ticket. Mr. Gaffin is well known over the state, and the splendid record which he made as speaker of the house won the respect and confidence of the people of all parties. It was my privilege as state lecturer of the Alliance to visit some twenty or more of the older settled counties in the eastern and southern portions of the state during the session of the last legislature. And many Democrats and Republicans attended our open Alliance meetings. Almost without exception they were speaking in praise of Speaker Gaffin, and it was the unanimous sentiment that he was the right man in the right place. If he is nominated for governor all lovers of justice, truth and good government will support him irrespective of party. This same sentiment seems to prevail with the reliable voters of the state. Then be careful in selecting the balance of the ticket to get as pure, clean, honest and capable men, although they may not be as well known as Mr. Gaffin. We will then have a standard that will draw all good men to our ranks and we will surely be victorious. I believe this course would insure perfect harmony with all true, loyal Populists, and win the confidence and respect of many voters who otherwise would be against us. I hope that all of our councils may be governed by wisdom, patriotism, and loyalty to our principles of reform. Then we may with confidence look forward for as great results in our next state and senatorial election as was achieved when Senator Allen was elected. S. C. FAIRCHILD.

Indispensable to Success.

Editor WEALTH MAKERS: I am really pleased with your proposition to have various names presented for our choice of candidates when we meet in convention. But there is a material point which will not be reached in this way. The good points of all character are about all you are likely to get. The bad points are not likely to be printed. Thus, a man of fine intellectual qualifications may be offered us, while in private character he may be a vile libertine, drunkard, or defaulter in business. Such men will do for Democrat and Republican candidates, and they elect them even for presidents. But they will not do for us. Our cause is one of truth, right, justice and mercy, if indeed it is not worthy of being called a holy cause. A man whose private character is bad is not fit to represent such a cause, and we are crippled the moment one of them goes on the ticket. Now I propose that the minutes of all our conventions enter the name of every man who brings forward a nomination, with the nominations also, and thus hold every man personally responsible if he imposes on any convention an unworthy name. This is needed even in county conventions. Many times a candidate is a stranger to several delegates in a county convention, then how much more in a district or state convention. In the second place every candidate should have intelligence fit to fill the place for which he is chosen. Ignorance is not tolerable in a physician, a civil engineer, a pilot, nor in any place where the interest of others is jeopardized by that ignorance. Indeed, it is criminal in any man to risk injuring others by his incapacity. In the third place, do not be in too much haste to nominate men very recently converted. Lots of men will come to us for what there is in it. Look out for them. There is no safety in such a man. We have plenty of true men, tried in the fire of opposition and persecution whose ability and private character are above suspicion. These are the men to lead us. J. M. SNYDER.

What kind of chickens have you? Have you any single comb Brown Leghorns? If you haven't, you ought to have. If you have you ought to have more and we are sure you want them. Listen and we will tell you just where you can get them—not "without money and without price," but for just what they are worth these hard times. And you wouldn't want them for less, would you? Now turn to page 8 of this issue of THE WEALTH MAKERS and see what W. J. Hickox of Alma, Neb., has to say about "Fine Single Comb Brown Leghorns," then send to him and get just what you want.

Sherman County Alliance will meet on Friday April 13th at 1 o'clock p. m., at Loup City for a two days session. We expect to have some good speaking and discussion and a general good time. We would like as many of the members as could conveniently be with us. Yours fraternally, JAMES H. MURRAY, Sec. Co. Alliance.

Webster County Alliance Organized.

BLADEN, Neb., April 2, 1894. Editor WEALTH MAKERS: On March 31st, delegates from the several Alliances in this county met at the court house in Red Cloud and reorganized the county Alliance. Francis Houshin was elected president and W. B. Householder, secretary. There was much enthusiasm manifested and a determination shown to thoroughly reorganize the Alliances in this county and get in line for the fall campaign. Find enclosed a copy of resolutions which were unanimously adopted. Respectfully, W. B. HOUSEHOLDER, Secretary, Webster County Alliance.

RESOLUTIONS.

Resolved, That we approve the action of all the People's representatives in Congress, who have worked and voted for more money and reform measures. Resolved, That we invite all laborers and business men to join us in our efforts to overthrow tyranny and secure liberty and prosperity to all our people. Resolved, That we recognize the necessity of voting and working unitedly for better laws and better times.

Splendid Report From Red Willow County.

INDIANOLA, Neb., March 31, 1894. Editor WEALTH MAKERS: In accordance with the advertised meeting L. B. Irwin of Harlan county spoke to a fair sized audience this week upon the subject of money. No one who listens to Mr. Irwin can have any doubt of his ability to handle his subject in an interesting, entertaining and instructive manner. His arguments are logical and convincing. A very large audience would have been present had not unforeseen and unavoidable circumstances prevented. In the first place the night was exceedingly blustery and the air full of dust, besides this one county was wonderfully wrought up over the death of our County Treasurer A. H. Barnes, whose remains were brought home from Arizona that same evening, hence many were kept away. Mr. Irwin is a fine speaker and handles his subject in such a manner as to convince, and it is to be hoped that the Bureau may be able to keep him in the field. Reports from his meetings over the county are all to the effect that he is doing a good work. The outlook in this county this fall is good. We will surely win the fight if our people are wise and put up good clean, representative men for the various offices. Populism is not dead in this county, the Republican and Democratic papers to the contrary notwithstanding and a more vigorous, energetic and effective campaign has not been waged than will be carried on this fall, and determination is to do so without any Demo-Republican tail to the kite. Our motto "straight goods, all wool and a yard wide," and no half baked Populist, or Populist for "revenue" only, need apply. Our people are awake and you will hear more from us by and by. S. R. SMITH.

Alliance News Condensed.

The report of the executive committee meeting of the Nebraska Farmers Alliance and other state matter sent in by Mrs. Kelle came too late to be set up for this issue. We are obliged to condense it to not be behind with the news. The Alliance has been reorganized in 14 counties and receipts of the Secretary's office have paid expenses. \$65 has been paid on the d'Allemand debt (Other Alliances which have promised to pay their share take notice.) Sec'y was instructed to order as many manuals printed as may be needed and insert advertisements to pay the expense, and money received from them to be used to keep the Lecturer in the field. Plans for aiding the members in the line of co-operation were discussed and the State Secretary was instructed to prepare an address to the Alliance giving the different co-operative efforts found successful in this State. The meeting adjourned to meet July 2nd at 2 o'clock. In an accompanying paper Mrs. Kelle earnestly recommended that the Alliance Aid Degree meetings announced elsewhere in this paper to be addressed by Hon. Alonzo Wardall, the national organizer, and by Mr. W. F. Wright be largely attended for the good certain to be gained by hearing these speakers.

Let The Legion Be Organized.

OMAHA, Neb., March 28, 1894.

Editor WEALTH MAKERS: Immediately after the Legion was organized at Memphis, Nov. 19, 1892, the officers of the National Executive Committee gave it the following endorsement: "We kindly request that the People's party state, county and local committees in every state in the Union do all in their power and lend a helping hand to organize the Industrial Legion. Push the organization in every state, county, precinct and school district in the land. H. E. TAUBENBECK, Chairman. J. H. TURNER, Secretary. M. C. RANKIN, Treasurer.

At the meeting of the National Executive Committee at Chicago, August 2, 1893, the committee again renewed that request. At the meeting of the full committee at St. Louis, Feb. 22, 1894, the following resolution was adopted as a part of the report of the committee on address. Resolved; That we renew our recommendation adopted at the meeting of the National Executive Committee at Indianapolis and Chicago, and earnestly urge that every state and county committee organize the Industrial Legion in every voting precinct in the land. This resolution is printed in the proceedings of the meeting of the committee in St. Louis and the whole is signed. H. E. TAUBENBECK, Chairman. J. H. TURNER, Secretary.

I earnestly urge that every People's party newspaper in the land will keep this standing for at least sixty days, and that all of the members of the committees referred to, and the rank and file of the people will write to me for plan of this work, and I am glad to say that the people are waking up and I trust that the great movement will continue all along the line. PAUL VANDERHOOTE.

Phelps County Populists Assist.

ATLANTA, Neb., March 28, 1894.

Editor WEALTH MAKERS: As I do not see much in your valuable paper from this neck of the woods, will try to inform you of our actions. Senator Dale has given two speeches on the money question since his return from state work. Had crowded households nights, and great interest seemed to be paid to all he said. Senator Dale is a powerful speaker. I like your paper with its new name and dress very much. The Populists are waking up to their sense of duty in Phelps county and are preparing for the coming campaign. The campaign fight is beginning already. Respectfully Yours, A. WANNER, State Central Committeeman for Phelps County.

NATIONAL POPULIST NEWS.

Activity of the Movement in All the States.

PEOPLE'S PARTY HEADQUARTERS, WASHINGTON, D. C., Feb. 31, '94. CALIFORNIA.

The Trades Union, Farmers Alliance and People's Party of California have all joined hands at the "Joint Congress of Labor Council" held at San Francisco, Feb. 20th and 21st. Chairman Wardall writes, "Our sellers on farms, in factories and mines will unite for the common cause. We have decided to call for a popular subscription for the Oregon campaign to send two or three speakers to that State next month.

The first regiment of the "on to Washington Peace Army" camped before my house on the 16th inst. They came and left in perfect order. You all understand that it is not a F. A. & I. U. Trades Union or a Populist move; but an independent free for all aggregation. To see them marching is an object lesson never to be forgotten. A hundred orators could not affect in a week what they do by marching by in silence. UTAH.

The People's party of Utah will hold a territorial convention April 6th, to organize for the coming fight. James Thompson, William McKenzie of Salt Lake, and C. A. Mason of Gunnison, have been elected as members of the National Committee for that territory. Mr. McKenzie is also editor of the Utah Populist, a bright, sparkling Populist paper.

PEOPLE'S PARTY CLUBS. Since the meeting of the National Committee at St. Louis, headquarters has received reports from 310 People's Party Clubs. We earnestly request all People's Party Clubs who have not done so to send in the names of their president and secretary with the membership of the club, so that we can form a systematic and compact organization for the coming campaign. We further request that every Populist lend a helping hand toward organizing the Industrial Legion, and if you cannot organize the Legion, then organize People's Party Clubs. We must prepare for the fight and get our literature among the people, and this can best be done through an organization.

GOV. MCKINLEY IN OREGON. News has reached headquarters from Oregon, that Governor McKinley will stump that State for the Republican ticket during the month of May. This means that the Republicans are going to continue to try to drown the outcries of a plundered people with a sham battle over the tariff. How do the silver Republicans of the West like to have an eastern goldbug instruct them how to vote.

If Governor McKinley goes to Oregon he will be followed by Senator Stewart of Nevada, and if the gentleman from Ohio desires a joint discussion, he can have it to his heart's content. LITERATURE.

The department of literature at headquarters is receiving orders for hundreds of copies of Congressman Pence's silver speech and income tax speech, every day. Also Senator Stewart's and Jones' speeches are in great demand. The committee has completed arrangements to send out 80,000 copies of these speeches at cost. SIGNORACE BILL VETOED.

When the bill repealing the purchasing clause of the Sherman law was under discussion, many Democrats in Congress excused themselves and the administration by saying that when this law was repealed the party would proceed at once to enact silver legislation in line with the Chicago platform and campaign promises. The Democratic party has again broken faith with a long suffering people. In vetoing the bill Cleveland makes it very plain that no legislation favorable to silver can escape his veto. He comes square out for the issue of more bonds, interest-bearing bonds, which show, very plainly that under the present administration nothing can go except it conforms strictly to the gold standard.

The crime of 1873 committed by the Republicans has been ratified and condoned by the Democrats. The votes of the present Republican Congressmen and the utterances of the Republican press establish the fact that Harris and a Republican Congress would have pursued the same course on the financial question as that pursued by the present administration. Both the old parties are absolutely deaf to the cries of a plundered and starving people.

How any honest and patriotic voter, who believes in the free coinage of silver, can longer cast his vote with either of them is beyond comprehension. One thing is beyond question, and that is, when a man votes with any party except the People's party, he is voting for the demonetization of silver and the single gold standard.

POPULIST CONVENTION IN MAINE. D. G. Richards of Augusta writes, "The People's party of Maine held its State convention in this city yesterday (March 22), two hundred delegates attended. The meeting was one of the most enthusiastic ever held in the State, and was a surprise to its friends. Prof. L. C. Blodson was nominated for governor by acclamation. The State committee was reorganized with E. W.

Thomas E. Donald of Mellette, South Dakota, writes: "I would like to get some of Late Pence's speeches on the Bland Silver Bill, as he touches on Maj. J. A. Pickler's tactics in the House of Representatives. It will make a good campaign document. The Populists of this State never had a better chance to win than they have this year. Harmony seems to be the motto every where. We have made tremendous gains on account of Grover's administration. The Democrats nearly as a whole have endorsed our platform in this (Spink) county. The chairman of the Democratic county central committee resigned and will campaign for us this fall. It is very doubtful if there will be anything in the field except Populists and Republicans. We will carry this county by 200 majority. THE LEAVEN WORKING IN SOUTH CAROLINA.

Mr. M. L. Otts of Kelton, S. C., writes: "I am a Populist in the middle of the road. I cast my first vote for Cleveland in '92 and I have regretted it ever since. It is nothing uncommon to hear men say, 'I voted for Cleveland in '92 but I am ashamed of it.' The common people speak in the highest terms of the Populist party in my section. TEXAS ALL RIGHT.

In a letter regarding the outlook for the success of the People's party, Harry Tracy says: "Our numbers are growing rapidly, and every indication points directly to the success of our party. The Difference Emphasized.

Editor WEALTH MAKERS. The Omaha platform is the antipode of the twin monstrosities of the Democratic parties. Both advocate the Nicaragua canal steal, and villainous evasive and hypocritical legislation in regard to money. Every line in them is intended to deceive, while the Omaha platform is honest and true in every line. Not a (shade of) falsehood in it. Every plank is absolute truth, and I defy any person to find a flaw in it. While General Weaver was preaching the constitution and the second commandment, Cleve and Ben said: "Fall down and worship me." "Give us one mere chance to oppress the American people."

I will give \$1,000 for each word of sympathy that either Cleve or Ben uttered in respect to the locked-out laborers at Homestead or Buffalo in 1892. They never opened their bills. When the soldiers were waiting for a pretext to slaughter American laborers in the interest of the British, Cleve and Ben never uttered a word in condemnation of the outrage. A. B. FLACK.
