

These Cuts Illustrate . . . .

No More Falling From Towers.

The "Addis" Mounted on the Two-Post Hinged Tower.

THE  
**"Addis" Wind Mill**  
 And Hinged Tower.

**The Mill is Unexcelled for Power, Strength and Durability.**

The Tower is the Strongest and Most Convenient tower ever constructed and by its use the life of a mill can be lengthened one-half. The mill and tower can be easily laid flat on the ground, entirely out of the reach of wind storms and in a convenient position to oil, adjust or repair. We fully warrant them to give satisfaction.

Have You Seen **"The Favorite,"**  
 Our Self Regulating **Stock Waterer?**  
*"I Would Not Try to Raise Hogs Without One,"*

Is the universal testimony of all who have used them. They are a decided success.

If you want a mill or stock waterer send for our illustrated catalogue, terms and prices, and if our goods are not for sale by your local dealers we will make special introductory terms for the first mill or waterer ordered in any locality.

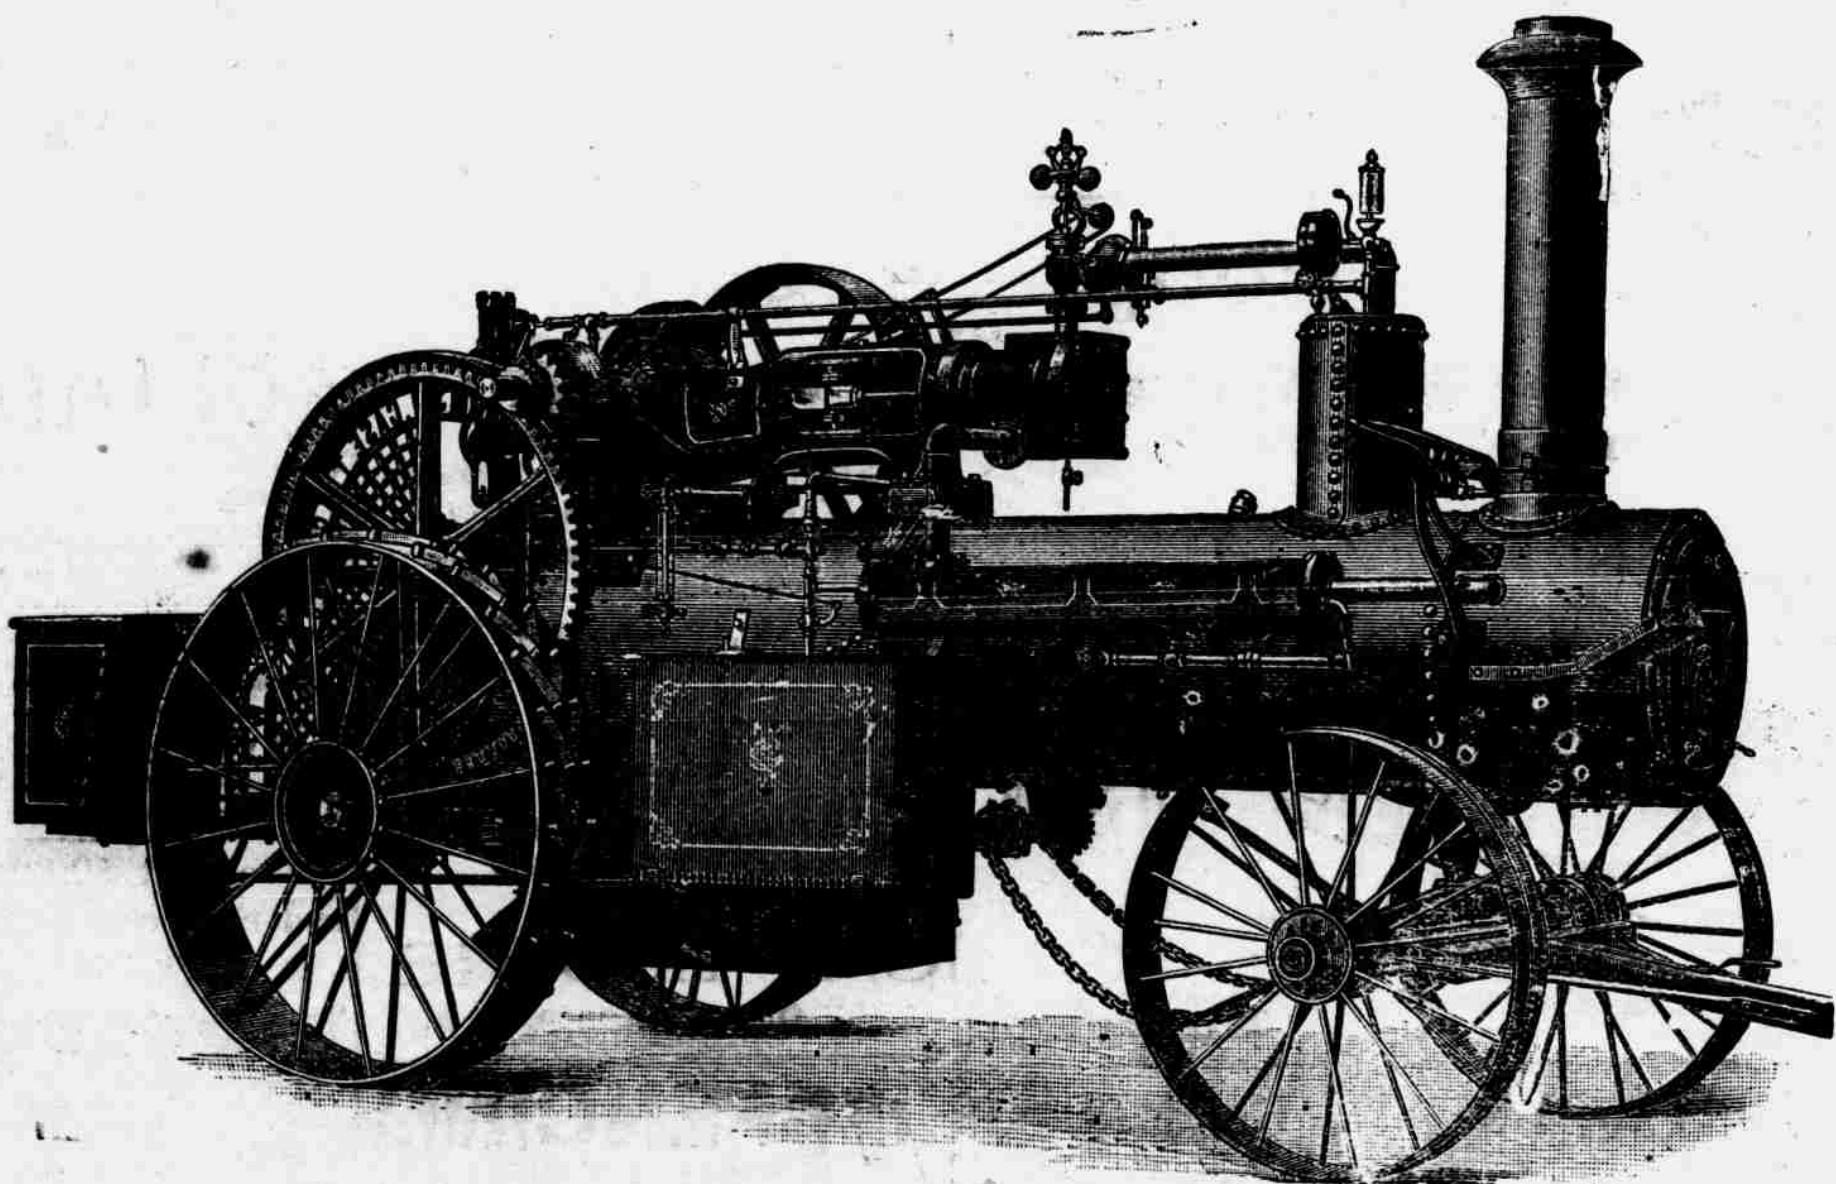

The "Addis" Mill and Two-Post Hinged Tower being lowered for the purpose of oiling or placing it out of the reach of the storm. It can be raised and lowered by a child.
