

**WHO PAYS THE FREIGHT?**

Mr. A. J. Green of Furnas county sends us a letter inclosing a copy of a circular that was sent out by the "Nebraska Republican Association of the District of Columbia." It is signed by John Hyde, president, and Frank T. Israel, secretary.

The circular requests republican committeemen to "favor us with the names and postoffice addresses of all doubtful voters in your precinct, designating such as have voted the third party ticket within the past two years," etc.

The following is Mr. Green's letter:

BEAVER CITY, NEB., July 29, '92.

EDITOR DAILY SUN:

"I have no friends to reward; no enemies to punish," but the attempt to divide the independent ranks and destroy the people's party by the editor of 'Liberty' published at Lincoln, certainly calls upon every friend of the movement to speak out, that the facts may be known. A copy of the enclosed circular, which you are at liberty to publish, was sent to the republican committeemen of Nebraska and received by them about July 1st. At Beaver City one was filled out and returned to Frank T. Israel. About the 13th of July a large package of "Libertys" was received at the Beaver City postoffice and distributed by the postmaster, no address being upon the papers, something unusual for a republican postmaster to do, to distribute independent papers not addressed to individuals.

Upon the 20th of July another large lot of "Libertys" was received here each one wrapped separately and addressed to the class of voters called for in enclosed circular. Now I candidly ask where did "Holden" get those names if not through Frank Israel?

Independents of Nebraska are we going to allow the republican party (which is synonymous with railroad corporations) to divide the independent ranks by the use of a "sheet" being scattered broadcast by the postmasters and office holders to defame and blacken the character of every prominent independent in Nebraska? Stop and consider for a moment "who pays the freight."

Yours,

A. J. GREEN,

Member State Central Committee for Furnas County.

**DECH FOR CONGRESS.**

The independent convention of the Fourth district conferred a high honor on a worthy and deserving man when it nominated Hon. W. H. Dech for congress.

Mr. Dech has been a consistent and persistent reformer for a score of years. He is a genial gentleman, a convincing reasoner, an eloquent speaker, a tireless worker, and a man every way qualified to fill a seat in congress.

The corporations of this state will make a determined effort to defeat Mr. Dech. They hate him cordially. But the people admire and love him, and they will rally to his support and elect him.

TAKING the world over it is conceded that this year's wheat crop is short. How do the farmers like the effect of "protection" and well regulated transportation, which brings the present magnificent price of wheat, namely fifty-four cents per bushel, when the wheat crop is short? How the farmers should rush back to the republican party! How strange that they do not know a good thing when they see it!

**AMONG OUR EXCHANGES.**

O M. Kem has learned since he has been to congress that congressmen are made of the same kind of mud as the rest of mortals. From what we have read and observed we are lead to believe that some of them are made of somewhat muddier mud than the common horde of humanity.—Times-Independent.

Corporal Tanner, who while commissioner of pensions tried to act up to republican pension professions, and was in consequence asked to step down by The Hat, will campaign it for General Weaver.—Marion Independent.

General Grant, at the surrender of the confederates, told them to keep their horses; but Old Shylock gets a hold on ex-confederate and ex-federal soldiers and not only takes the horses but everything else.—Chicago Sentinel.

Organized labor was never so stirred up as now. In fact, even unorganized labor begins to see it must do something to be saved. There's a revolution on. On with the "campaign of education" that the people may be enabled to vote intelligently; vote right—that the revolution may be a bloodless one.—Chicago Sentinel.

The calamity makers and the calamity howlers, take your choice: Washington, Jefferson, Lincoln, Greeley and scores of other great and good men were calamity howlers. John Sherman, Jay Gould, Vanderbilt, Carnegie, U. S. Grant and scores of other noted men are classed as calamity makers. Take your choice.—Otoe County Alliance.

Millionaire Rockefeller got a little nearer to heaven and the throne last week by giving \$50,000 to the Tabernacle church, New York city. When Mr. Rockefeller dies the church will lose one of its best friends, the people one of its worst enemies and the republic one of its foremost robbers.—Ex.

The campaign against the people's party this fall will be one of slander and abuse. It is already commencing. Every low down cur, that is organically unfitted for any higher work, will be hired to malign our candidates and principles. But a campaign of bulldozing will no longer win in America—Headlight.

The mud campaign against McKeighan two years ago proved one thing; that the worse you lie on a candidate, the bigger you make his majority. Let the old party campaign liar be unmuzzled and turned loose at once by all means, but we hope he will do his lying on scientific principles and do it big, something that will be a credit to his father, the Devil. No bungling lies, no little white lies, if you please.

THE corporations are going to make a desperate effort to elect Meiklejohn to congress from the Third district. They would not permit Munger, one of their tools, to run on the democratic ticket, but allowed the anti-monopoly democrats to nominate Keiper. They hope by this means to divide the anti-monopoly strength, while the corporation vote of both old parties will concentrate on Meiklejohn. We believe the people of that district are too intelligent and patriotic to allow this scheme to succeed. In W. A. Poynter, the independents have a candidate of unimpeachable character, and of fine qualifications. He starts out with a plurality, he will make a vigorous, and we believe a successful campaign.

WHEN an English preacher, who took out his first papers in '79, and did not take his second papers until '91, comes around preaching patriotism, it is enough to make the average American citizen do some irreligious swearing.

**WHY NOT SHIP YOUR OWN GRAIN.**

We have successfully demonstrated that the farmer can do his own shipping and save money. He pays the same freight as the local grain dealer, is at the same expense in selling, gets the same prices and saves the dealers profit.

Load a car, bill to us and we will do the rest and make prompt returns. Should you desire you can draw on us for three-fourths the home value, and attaching draft to bill of lading.

We send market reports on application.

Many farmers are now shipping grain to us—why not make a trial shipment of a car and find out if direct shipment will benefit you?

Consign the car and mail bill of lading to our address.
