Progress of the People's Movement—That Fusion Fake in North Dakota Shown Up.

Conventions in Massachusetts, New Jersey and New Hampshire—The Situation in Old Virginia.

No Fusion in North Dakota.

The World-Herald has been regaling its readers with accounts of a fusion in North Dakota in which the independents are to help elect the democratic electoral ticket in return for democratic votes for the independent state ticket.

Like a great many o'her things published in the World-Herald, this is a fake. No such fusion has been arranged. The North Dakota Independent the principal reform paper of that state says:

The democratic state convention of North Dakota met at Fargo on the 6th and swallowed the entire Independent state ticket at one gulp. They said in substance that it was good enough for them to vote for and with the announcement that there was no fusion in it, they endorsed the entire ticket with the exception of Electors Williams and Burnett, and Dr. Tiegen candidate for congress.

From the beginning, the majority of the delegates were in favor of an endorsement of the full Independent ticket from top to bottom. Electors were put up only to humor a few of the very cranky fellows who were determined to have a ticket at any cost. The nomination of these two candidates for electors and of a candidate for Congress was a compromise with the ultra mos-backed democrat who went to the convention determined upon putting up a ticket. Mr. O'Brien wanted a nomination for Congress and when his friends really discovered that the Ramsey county democrats wanted nomination they gave it to him though Tiegen had many friends in the convention and received nearly half the votes.

Speaking of this subject editorially the Independent says.

The beauty of it is that the Independents are absolutely free—they are totally independent; they have made no trade or dicker or entered into any bargain or compromise of any character obligating themselves in any particular to the democrats. They stand as they stood at Valley City, on a clean platform, with a clean ticket asking the suffrages of all honest men who believe in genuine reform measures.

Robert Shilling has been holding a series of great meetings in North Dakota. He has great crowds, and is winning many votes.

IN OLD VIRGINIA.

There is very strong probability that the People's party will carry Virginia. The state is on fire with enthusiasm. County and congressional tickets are being put up in all parts of the state. The Richmond Sun says:

Our cause is gaining ground everywhere—quietly, steadily, irresistibly—it is more like the advancing tide of old ocean than anything else. The Democrats are taking the field with beat of drum and loud sounding oratory, but the people are tired of their tinkling cymbals and sounding brass and keep right on joining the People's party.

The Virginia state alliance held its annual meeting August 16, 17 and 18. Two questions come up for settlement that forced that body to declare itself politically. The first was the endorsement of the Sun as the official organ. This paper is now one of the strongest

adopted by a vote of 52 to 11. Major Mann Page who is a People's party leader was re-elected president. This shows how nearly unanimous the alliance is for the People's party.

IN NEW HAMPSHIRE.

The People's party held its first state convention at Manchester, Sep. 6. Wm O Noyes was nominated for governor. Also a full state ticket, an electoral ticket, and three candidates for congress were selected. The Omaha platform was endorsed.

IN MASSACHUSETTS.

The People's party of Massachusetts held a state convention Sept. 7 in Boston. A full state ticket was nominated with Major Henry Winn at the head for governor. The convention was well attended and much enthusiasm was displayed.

FOR SALE.

I offer my farm of 200 acres two and a quarter miles north of Wahoo for sale. A good two story house, four rooms down stairs, three up, pantry and three clothes presses, a good cellar 18x28; six acres of bearing orchard and plenty small fruit; two wells, one wind mill, horse barn 36x36, room for fifteen or twenty tons of hay; cattle shed 82 ft. room for forty-five tons of hay, with stone foundation. EDUCATION THAT PAYS!

Competition has become so strong that in order for a young man to succeed in any calling he must be educated for it. The unparalleled success of the students of the

Lincoln Business College

In securing remunerative employment is a sufficient assurance for any young person to decide what course to pursue.

This institution offers a helping hand to all young men and women who wish to start life RIGHT. It trains young people in just those branches which insure to them success in business. When the knowledge used in business is gained, young people become at once valuable to money-making business men who are glad to employ them as assistants at good salaries. We invite the attention of parents and young people to our published list of a few former students whom we have trained and started in business.
