

INSURANCE DEPARTMENT.

J. Y. M. SWIGART, Secretary of the Nebraska Mutual Cyclone, Tornado and Wind Storm Insurance Company, EDITH, Ala.

Since second notice has been sent out to delinquents we have collected about \$1,000 and many have promised to send in soon...

NEW MAIL COMPANY. In last year's company we had some experience by which we will profit this year...

If a loss is not reported within five days no damage will be allowed. The company will require a bankable note or mortgage. This will insure payment of our losses at the end of the season...

On January 1st our Cyclone company had \$234,582.00 at risk. We had 216 members scattered through 38 counties. Insurance took effect on the 19th day of last May...

We want agents to represent the cheapest and best insurance company on earth, in every community. One dollar is paid to the agent for each application.

Next week we will try and give the purpose of all insurance bill introduced prior to that time.

FARM BOSS HUBBARD RETURNS.

Sensational Developments Promised in the Lincoln Asylum Scandal. OMAHA, Jan. 31.—Farm Boss Hubbard, the principal witness in the Lincoln asylum scandal, who has been missing for months, has returned and will make a full confession.

Triple Tragedy in Kentucky. PIKEVILLE, Ky., Jan. 31.—Isaac Moore, a wealthy merchant, killed his wife's paramour, William Kelly. Mrs. Moore then attacked her husband with a butcher knife. He shot her dead and then suicided.

Fireworks Fatality. CINCINNATI, Jan. 31.—An explosion in Diehl's fireworks establishment at Reading, a suburb, this morning, killed two persons and injured fifty, a number of them fatally.

Death of J. D. Hubbell. FAIRBURY, Neb., Jan. 30.—James D. Hubbell, member of the state Democratic central committee and a prominent citizen of Fairbury, died of consumption.

Consecrated Bishop of Western Colorado. DULUTH, Jan. 31.—Rev. William Morris of this city, was consecrated bishop of western Colorado.

Ex-Chief Justice Comegys Dying. DOVER, Del., Jan. 28.—Hon. Joseph Comegys, lately retired chief justice, is dying.

Mitchell Wins It. MADISON, Wis., Jan. 27.—John L. Mitchell was elected senator.

THE MARKETS. South Omaha Live Stock. UNION STOCK YARDS, SOUTH OMAHA, Jan. 31. CATTLE—Receipts, 6,000; common to extra steers, \$4.00 to \$5.00; cows and bulls, \$3.50 to \$4.50...

St. Louis. ST. LOUIS, Jan. 31. HOGS—Receipts today, 2,000; market 10c higher; best heavy, \$5.00; others, \$4.75 to \$5.00.

The receiver of the Order of the Iron Hall expects to collect from the different branches in Massachusetts \$275,000. Two million dollars represents the total receipts for the order since its incorporation in the state.

RAILROAD BILLS.

A List of Bills Introduced for the Regulation of Railroads.

The following is a list of the bills introduced into the house and senate for the regulation of railroads in this state: House Roll 33, by Newberry is the old Newberry bill verbatim as passed in 1891. This bill provides for the establishment of the Iowa rates...

House Roll 88; by Mr. Sheridan, (Independent.) To repeal that part of the compiled statutes creating the "State Board of Transportation".

House Roll 106, by Mr. Elder, (Ind)

Rosewater strike so it is not at all probable that the bill will be very antagonistic to the roads. Suter, of Antelope, has introduced a bill into the house, which has been discussed in committee of the whole and recommended to pass...

USURY BILL. House Roll No. 77, by H. F. Rhodes. The principal advantage of this bill is that it increases the negotiability of a note by throwing safeguards around it.

House Roll No. 29, by Richard Dobson. Makes rates of over 10 per cent usurious. It provides a forfeiture of both principal and interest on a violation of this law.

The Road Question. Have you thought, brother farmers, how it came to pass in these "batter days" that there was a simultaneous call for improvements of the public

A DETROIT MIRACLE.

A GREAT TRIUMPH FOR MEDICAL SCIENCE.

Particulars of One of the Most Remarkable Cures on Record Described by the Detroit News—A Story Worth a Careful Perusal.

DETROIT, Mich., Feb. 1.—A case has just come to light here, the particulars of which are published in the Evening News, which will be read with considerable interest, as it records the remarkable achievement of a medical discovery, which has already won great and enduring fame.

The following paragraph, which appeared in the News a short time ago, furnished the basis of this information—a case that was so wonderfully remarkable that it demanded further explanation. It is of sufficient importance to the News' readers to report it to them fully. It was so important that it attracted considerable attention at the time. The following is the paragraph in question: "C. B. Northrop, 28 years one of the best known merchants on Woodward avenue, who was supposed to be dying last spring of locomotor ataxia, or creeping paralysis, has secured a new lease of life and returned to work at his store. The disease has always been supposed to be incurable, but Mr. Northrop's condition has greatly improved, and it looks now as if the grave would be cheated of its prey."

Since that time Mr. Northrop has steadily improved, not only in looks, but

least effort. He had to be wheeled about in an invalid's chair. He was weak, pale and fast sinking when this timely information came that veritably snatched his life from the jaws of death. Those who at that time saw a feeble old man wheeled into his store on an invalid's chair, would not recognize the man now, so great is the change that Dr. Williams' Pink Pills have wrought. When Mr. Northrop learned of the remedy that had cured Mr. Marshall in Hamilton, and the person in Lockport, he procured a supply of Dr. Williams' Pink Pills through Messrs. Bassett & L'Hommedieu, 95 Woodward avenue, and from the outset found an improvement. He faithfully adhered to the use of the remedy until now he is completely restored. Mr. Northrop declares that there can be no doubt as to Pink Pills being the cause of his restoration to health, as all other remedies and medical treatment left him in a condition rapidly going from bad to worse, until at last it was declared no hope for him and he was pronounced incurable. He was in this terrible condition when he began to use Dr. Williams' Pink Pills, and they have restored him to health.

Mr. Northrop was asked what was claimed for this wonderful remedy, and replied that he understood the proprietors claim it to be a blood builder and nerve restorer, supplying in a condensed form all the elements necessary to enrich the blood, restore the shattered nerves and drive out disease. It is claimed by the proprietors that Pink Pills will cure paralysis, rheumatism, sciatica, palpitation of the heart, headache, and all diseases peculiar to females, loss of appetite, dizziness, sleeplessness, loss of memory, and all diseases arising from over work, mental worry, loss of vital force, etc. "I want to say," said Mr. Northrop,

The State Agent offers De Kalb painted wire at 3 cents per pound. Galvanized wire at 34 cents per pound. Golden paint the best we have ever sold. Evaporated apples in 50 lb cases at 8 cts per lb. Fine Muscat Raisins 6 cts per lb. The best sweet corn in 2 dozen cases at \$1.20 per doz. Sugar 4 to 5 cts per pound. Rock Salt \$2 a barrel. Write for anything you want. J. W. HARTLEY, State Agent.

SWEET POTATOES sent out to be sprouted on shares. No experience required. Directions for sprouting free. T. SKINNER, Columbus, Kan.

EVERGREENS

For Wind breaks, Ornamentals, etc. Hardiest varieties. Nursery Ground south Pine, 2 to 2 feet \$10 per 100. Scotch and American Pine seedlings, 12 to 15 inches, \$10 per 100. Other sizes and varieties in proportion. Over 10 million for sale. Good Local Agents Wanted. D. HILL, Evergreen Specialist, Dundee, Ill. Catalogue Free. Send for it.

Nebraska Savings Bank

15 and O St., Lincoln. Capital \$250,000. GIVES ABSOLUTE SECURITY. Write Us and We will Prove it. Five per cent interest on savings accounts. Special rates on time deposits. Write us or call for neat vest pocket memorandum book. J. G. SOUTHWICK, President. E. R. TINKLER, Cashier.

Moreton Farm SEEDS

Are FRESH, of the HIGHEST QUALITY, and WILL GROW. We have a 250-Acre Farm on which we raise seeds and plants. Send for Harris' Rural Annual for 1893. It is a book containing much information of value to all who have gardens. It will cost you nothing, and is worth more than its cost. Drop us a card. Address JOSEPH HARRIS CO., Moreton Farm, Monroe County, N. Y.

"A bill for an act to regulate railroads, to prevent discrimination, to fix reasonable maximum rates to be charged for the transportation of freight etc." This is a maximum rate bill, similar in scope to the Newberry bill, but more lenient to the roads, cutting the rates only about half as much as does the Newberry bill. The author of this bill claims that it would pass both houses and become a law, while he thinks the Newberry bill never will.

House Roll 135, by Mr. Jenkins. "For an act to compel railroad companies to connect with each other by switches and connecting tracks, to compel them to transfer cars and trains there by, and to fix a penalty for a failure to do so." This bill provides that, wherever two railroads cross at the same grade they shall put in switches and maintain a connection between the two roads. It is intended to prevent unreasonably long freight hauls, and charges for same, where shorter ones may reach the destination.

House Roll 135, by Mr. Smita of Holt, (Independent.) This bill provides that it shall be unlawful for any public official to accept a pass from any railroad company, and provides a penalty of either fine or imprisonment or both. House Roll 137, by Mr. James, (rep.) Provides for railroads making suitable crossings for public highways, that said highways shall not have more than 7 per cent raise and shall be at least 20 feet wide at top at any given point. That railroad shall be plank at crossing.

House Roll 147, by Mr. Brockman, (rep.) Provides for cattle guards, and causeways being furnished by railroad companies. House Roll 162, by Mr. Sheridan, (Ind.) Provides that any person not a railroad employee, who attaches himself to any part of a moving train shall be guilty of a misdemeanor, and shall be subject to imprisonment or fine, or both.

Senate File No. 6, by Senator Packwood, (Independent.) Same in effect as House Roll 125. Senate File No. 40, by Mr. Eggleston (Republican.) An act to regulate sleeping and drawing room cars and to fix charges for the transportation of passengers therein. Senate File No. 57, by Mr. Packwood (Independent.) To amend the act creating state board of transportation to make the auditor, treasurer and commissioner of Public Lands and Buildings such board.

Senate File No. 59, by Mr. Dysart, (Independent.) An act to require railroads to build and maintain joint passenger depots and joint switches. Senator Clarke, (Republican) of Omaha, has introduced into the senate a maximum rate bill, which, it is said, meets the approval of governor Crouse. The bill has not yet been printed, so that details can not be given. It is known, however, that the rates are much above the Iowa rates, though slightly lower than present Nebraska rates; and that the bill provides for a classification of the roads. Senator Clarke is an anti-monopolist of the

roads on a gigantic scale, involving the expenditure of millions of money? Is this a movement inaugurated by the farmers? Do they call for stone or gravel roads? Not as anybody knows of, to any great extent. It is the large towns and cities, the rich men of leisure with "money to loan" who are back of this. And strangely New England is in this road struggle, where the roads are never muddy, and where, little heavy hauling is done on dirt roads—Plow and Hammer.

Alfalfa Seed. We have had a number of inquiries for alfalfa seed of late, it shows that farmers in Nebraska are turning attention to this great forage plant. The Alfalfa or Lucerne as it is also called is much used in dry climates and is grown very successfully in all parts of Kansas and Colorado where as much as five crops of hay or two of hay and one of seed is cut in one season.

While it is the only forage plant that will grow in some dry soils, it does not signify that it will not grow almost anywhere in deep and dry soil. It is a good to have in case of drought and farmers would do well to try it in all parts of North west if only a few acres. It is sown in the spring same as Red Clover 20 to 25 pounds per acre and a good stand once secured will last for years. In some cases fields in Colorado has stood for 20 years and today are as good as when first sown.

Garden City Kansas is in the center of the alfalfa seed producing part of that state where thousands of acres of this forage plant is being cut year after year. For pure seed, crop of 1892, purchased from the producers of southwest Kansas it would be well for our farmers to write McBeth & Kinnison of Garden City Kansas. For prices see adv.

No Real Rival Yet.

World famous Eli Perkins says: "After people have gone over all the routes to California once, they settle down to the U. P. This road will always be the great transcontinental line. It has the best track, the best equipment, the best eating houses, and it teaches the traveler more history and geography than any other line. It shows you historic Salt Lake and the Mormons, takes you through the great Laramie plains, the Humboldt Basin and the Grand Canyon, over the very stage route that Horace Greeley and Artemus Ward rode.

Once on the Union Pacific it goes everywhere. It runs to Portland and Pueblo, Helena and the Yosemite, Tacoma and Seattle, Los Angeles and San Diego, and is the only route to San Francisco. It has no real rivals yet." Send for our California Sights and Scenes. J. T. MASTIN, C. T. A. E. B. SLOSSON, G. A. Lincoln, Neb. 1044, O. St.

in condition, till he has regained his old-time strength.

It had been hinted to the writer of this article, who was acquainted with Mr. Northrop, that this miraculous change has been wrought by a very simple remedy called Dr. Williams' Pink Pills for Pale People. When asked about it Mr. Northrop fully verified the statement, and not only so, but he had taken pains to inform any one who was suffering in a similar manner when he heard of such a case. Mr. Northrop was enthusiastic at the result in his own case of Dr. Williams' Pink Pills. It was a remedy that he had heard of after he had tried everything he could hope to give him relief. He had been in the care of the best physicians who did all they could to alleviate this terrible malady, but without any avail. He had given up hope, when a friend in Lockport, N. Y., wrote him of a case of a person there who had been cured in similar circumstances by Dr. Williams' Pink Pills for Pale People.

The person cured at Lockport had obtained his information respecting Dr. Williams' Pink Pills from an article published in the Hamilton, Ont., Times. The case was called "The Hamilton Miracle", and told the story of a man in that city who, after incredible suffering, was pronounced by the most eminent physicians to be incurable and permanently disabled. He had spent hundreds of dollars in all sorts of treatment and appliances only to be told in the end that there was no hope for him, and that cure was impossible.

The person alluded to (Mr. J. H. Marshall of 25 Little William St., Hamilton, Ont.) was a member of the royal Templars of Temperance, and after having been pronounced permanently disabled and incurable by the physicians, was paid the \$1,000 insurance disability provided by the order for its members in such cases. For years Mr. Marshall had been utterly helpless, and he was barely able to drag himself around the house with the aid of crutches. His agonies were almost unbearable and life was a burden to him, when at last relief came. Some months after he had been paid the disability claim he heard of Dr. Williams' Pink Pills and was induced to try them. The result was miraculous; almost from the outset an improvement was noticed, and in a few months the man whom medical experts had said was incurable, was going about the city healthier and stronger than ever. Mr. Marshall was so well known in Hamilton that all the city newspapers wrote up his wonderful recovery in detail, and it was thus as before stated, that Mr. Northrop came into possession of the information that led to his equally marvelous recovery. One could scarcely conceive a case more hopeless than that of Mr. Northrop. His injury came about in this way: One day nearly four years ago he stumbled and fell the complete length of the year of his store. His head and spine were severely injured. He was picked up and taken home. Creeping paralysis very soon developed itself, and in spite of the most strenuous efforts of friends and physicians the terrible affliction fastened itself upon him. For nearly two years he was perfectly helpless. He could do nothing to support his strength in the

"that I don't have much faith in patent medicines, but I cannot say too much in praise of Dr. Williams' Pink Pills. The proprietors, however, claim that they are not a patent medicine in the sense in which term is used, but a highly scientific preparation, the result of years of careful study and experiment on the part of the proprietors, and the pills were successfully used in private practice for years before being placed for general sale. Mr. Northrop declares that he is a living example that there is nothing to equal these pills as a cure for nerve diseases. On inquiry the writer found that those pills were manufactured by Dr. Williams' Medicine Co., Schenectady, N. Y. and Brockville, Ont., and the pills are sold in boxes (never in bulk by the hundred) at 50 cents a box, and may be had at all drug stores or direct by mail from Dr. Williams' Medicine Co., from either above addresses. The price at which these pills are sold makes a course of treatment with them comparatively inexpensive as compared with other remedies or medical treatment. This case is one of the most remarkable on record, and it is one right here in Detroit, and not a thousand miles away. It can be easily verified. Mr. Northrop is very well known to the people in Detroit, and he says he is only too glad to testify of the marvelous good wrought in his case. He says he considers it his duty to help all who are similarly afflicted by any word he can say in behalf of the wonderful efficacy of Dr. Williams' Pink Pills. If any news readers want any further information, we feel sure Mr. Northrop would willingly oblige them, as he has the writer in relating these facts to him.

B. F. Flora, a Dunkard preacher, who formerly held forth in Pawnee county, and who mysteriously left his family at Pawnee City about a year ago and whose presence has been sought by various creditors, was discovered at Imperial last week. County Attorney Lindsey telegraphed to the sheriff of Chase county, who promptly arrested Flora and turned him over to Sheriff Sloan of Pawnee county. It seems that some time in the past A. W. Miller gave Flora permission to sign his name to a certain note. About a year ago several notes turned up bearing Miller's signature in seemingly his own handwriting. Mr. Flora's sudden disappearance has turned the tide of popular opinion against him and he will have to lay in jail till the next term of court unless he is able to give bonds. The case will be of uncommon interest when tried, as a number of prominent men are financially interested.

The Union Pacific city ticket agent at 1044 O street, desires us to say to the many friends of the company, who have sent postage requesting the six books "Sights and Scenes", that the 1892 issue has been exhausted. 1893 issue will be out about Feb. 15th, when all orders will be filled. We are in receipt of the seed annual of Messrs J. Harris & Co. of Moreton Farm, Monroe County, N. Y. It is a beauty, and contains much valuable information on the subject of seeds etc. This is one of the oldest established, and most reliable houses in the country. Send them a postal card and obtain their annual free.
