

GOOD INDIANS NOW.

FRIDAY'S MURDERERS HAVE BEEN MADE SO.

The Killing at Pine Ridge was Deliberately Planned and Cold Blooded Murder—Chief Two Sticks was Mortally Wounded.

PINE RIDGE AGENCY, Feb. 8.—It is now definitely settled that only two of the four white men murdered belonged to Humphrey's camp. They were Rodney Royce, of Wisconsin and Emanuel Bennett, of Breckenridge, Mo. The two strangers live eight miles south of this agency, and were looking for three stray horses. One was a son of Clark Bacon, the other a step-son of Humphrey Bay, named William Kelley, aged 13 and 16 years respectively. They were poor, hard-working and industrious boys. The report that they were drunk is an injustice.

Every particular obtainable now, which is also corroborated by the statement of Policeman Bear-Runs-in-the Woods, points to a premeditated murder. The cowboys were brutally murdered while sleeping by Chief Two-Sticks, his sons, First-Eagle, Mark and White-Face-Horse. The cause was simply that the men were white. Two-Sticks and his followers, before the murder, told Bear that he and his friends had just finished dancing in the sweat house and that while dancing were told by the spirit of their forefathers to kill all the whites found because they had killed all the buffalo and had deprived the Indians of their possessions. An hour afterward Two-Sticks' friends fell upon the sleeping cowboys and murdered them in a fiendish manner. The cowboys, literally riddled with Winchester balls, had no show to defend themselves and were killed as they slept. Out of five in the house, one, Charles Swartz, escaped. He ran away from the house where the killing took place and hearing shots jumped on his broncho and escaped.

Young-Man-Afraid-of-His-Horses and He Dog, son-of-law of Red Cloud, came to the agency and asked for authority to arrest the two escaped murderers and bring Two-Sticks, who is mortally wounded, to the agency. He Dog is a fighter and stakes his reputation and promises that he will arrest and bring every one to the agency who participated in the murder. The agent will not give his consent to this arrangement until he sees that the police are unable to make the arrests.

Tortured by Fire.

PARIS, Tex., Feb. 2.—A mob of angry men and women, numbering thousands, wreaked the most frightful vengeance of lynch law yesterday upon Henry Smith, a burly negro, who with the ferocity of a brute outraged and cruelly murdered little 4-year-old Myrtle Vance on Thursday. Too powerful to resist, they took the prisoner from the guards bringing him here. They dragged him by a rope about his neck to the scene of his crime, subjected him to every conceivable torture, and there he died the pitiable wretch to the stake. His hot iron were thrust from every part of his body. His shrieks added to his persecutors. First the hot brands his feet and inch by inch they crept up to his face. The man was unconscious when at last kerosene was poured over him and cotton seed hulls placed beneath him. A torch set the pyre on fire and all was consumed.

BURLINGTON, Kan., Feb. 6.—The trial of Frank Lewis, one of two men who attempted to rob the bank at Waverly, Kan., last week, was concluded here and the jury brought in a verdict of guilty of murder in the first degree after being out fourteen hours. Judge Randolph at once passed the death sentence upon him. The case against William Vanorman, the other robber, has been continued to the April term of court.

Ran Down a Velocipede Car.

His shoulder was torn loose, his legs broken and his intestines protruded, and yet he still lives, although there is no hope for him. He has a wife and eleven children and resides in this city.

CONGRESSIONAL PROCEEDINGS.

WEDNESDAY: In the senate a conference with the house was ordered on the anti-optism bill. The fortifications bill was then taken up and discussed.

In the house the speaker appointed Chapman and Lodge as tellers on the part of the house during the count of the electoral vote and the house resumed consideration of the sundry civil bill.

THURSDAY: With the exception of one hour in the early part of the evening the session was held behind closed doors, and was spent in the consideration of the French and Swedish extradition treaties, and incidentally of the Chandler Hawaiian resolution, offered some days ago, was referred to the committee on foreign relations. Messrs. Hale of Maine and Blackburn of Kentucky were appointed tellers to assist in counting the presidential votes, and Mr. Carlisle's resignation as senator from Kentucky was presented. The district appropriation bill was then taken up, considered and passed.

The session of the house was an unusually interesting one. In the morning the anti-optism bill was the center of interest. The opponents of the legislation were on the alert, and the instant that Mr. Hatch made his motion for a conference Mr. Bynum, of Indiana, addressing the speaker with a point of order that the senate amendments must first be considered in committee of the whole. The discussion on Mr. Bynum's point was a brief one, but long enough to show that the fight over the measure was sharp and vigorous. John I. Davenport and the federal election law then occupied the attention of the house.

FRIDAY—The friends of the anti-optism bill obtained a victory in the house although the speaker decided against them and ruled that the house could not, at present, non-concur in the senate amendments and thus throw the bill into conference (when a report would become privileged). The house, notwithstanding the determined fight of members of the ways and means committee and the other opponents of the bill, referred it to the committee on agriculture, which is favorable to its passage. The deficiency appropriation bill was passed.

The question of the repeal of the Sherman act, or at least a suspension of the silver purchase provision of it, was unexpectedly precipitated on the senate. Mr. Sherman, of Ohio, stated that he had not moved to take up the bill because he was not satisfied there was a majority in its favor, and finally notice was given by Mr. Hill, of New York, that he would take the question next Monday by a motion to take up the bill and pass it.

SATURDAY—In the house Mr. Hatch of Missouri reported back the anti-optism bill with senate amendments, and it was referred to the committee of the whole. The same reference was made of the agricultural appropriation bill, also reported by Mr. Hatch.

The senate passed the Cherokee Strip bill with amendments.

MONDAY—Senator Hill's motion to take up the bill repealing the Sherman silver purchase law was defeated in the senate by a vote of 23 to 24. The vote in detail was as follows: Yeas—Brewer, Caffery, Davis, Dimes, Dixon, Faulkner, Frye, Gallinger, Gibson, Gorman, Hale, Hawley, Hill, Hoar, McPherson, Mills, Morrill, Palmer, Proctor, Sherman, Vest, Vilas and White—23.

Nays—Bate, Berry, Blackburn, Blodgett, Call, Carey, Cookrell, Coke, Cullom, Daniel, Dolph, Doolittle, Felton, Gerson, Gordon, Hamer, Hatcher, Harlan, Hutton, Irby, Jones of Nevada, Kyle, McMillan, Manderson, Mitchell, Morgan, Pasco, Pepper, Perkins, Pettigrew, Platt, Power, Pugh, Ransom, Shoup, Squire, Stewart, Stockbridge, Teller, Turpie, Vilas, Voorhees and Wolcott—42.

The following pairs were announced: Messrs. Allison and Stanford, Camden and Padlock, Arthur and Walhall, Gray and Butler, Higgins and Sanders, Hiscok and Jones of Arkansas, Quay and Wilson, Sayer and Cameron. Afterward the quarantine bill was taken up and passed without a division, also a bill for the payment by the treasury of local taxes on lands held by Indians in severalty. Nothing was done in the house.

TUESDAY—The senate ratified the Russian extradition treaty with amendments. The house considered the legislative appropriation bill.

Are You Going East? Now just take a word of advice: Let your next trip be by the North-Western line. Do you think it a longer route to Chicago than the others? It is not. It is shorter. Its equipment inferior? No, there's nothing better. Track less smooth? By no means; it is the best. Time longer, and more in convenient leaving hours? Should say not, but just the contrary. If you do not want to leave as early as 1:40 p. m., just try our "Business Man's Chicago Train," leaving at 5:25 p. m., arriving in Chicago 9:30 next morning—in sixteen hours. Anything wrong with that time? Go right on to Boston if you must in forty-five hours from Lincoln; New York, forty-four; Philadelphia, forty-two; Washington, forty-three. There's nothing better than this. Come and see us. A. S. FIELDING, WM. SHIPMAN, City Ticket Agt., General Agt., 1133 O St. Depot corner S and Eighth streets.

No Real rival yet. World famous Eli Perkins says: "After people have gone over all the routes to California once, they settle down to the U. P. This road will always be the great transcontinental line. It has the best track, the best equipment, the best eating houses, and it teaches the traveler more history and geography than any other line. It shows you historic Salt Lake and the Mormons, takes you through the great Laramie plains, the Humboldt Basin and the Grand Canyon, over the very stage route that Horace Greeley and Artemus Ward rode. Once on the Union Pacific it goes everywhere. It runs to Portland and Pueblo, Helena and the Yosemite, Tacoma and Seattle, Los Angeles and San Diego, and is the only route to San Francisco. It has no real rivals yet." Send for our California Sights and Scenes. J. T. MASTIN, C. T. A. E. B. SLOSSON, G. A. Lincoln, Neb. 1044, O St.
