An Alliance Revived. GARFIELD TOWNSHIP, Custer Co. EDITOR ALLIANCE-INDEPENDENT: As I have not seen any news from this part of the country, I will drop a few words.

Good Hope Alliance has revived and elected officers, Wm. Stewart, president and James H. Omb, secretary. We are going to try hard to keep it up from this on. Ours is the first Alliance that was organized in Custer county. We have got to dig along another four years, then the independents will try their hands at running the government awhile. If every farmer would take your paper we would be sure of their votes. D. W. LAUTERMAN.

They are Getting Tired. LITCHFIELD, Neb., Feb. 4, 1893. At the regular meeting Feb 4, 1893, Gracchus Alliance No. 569 passed the following resolutions:

Resolved, That the proper officers should proceed to collect all the state money deposited in the Capital National bank. If it cannot be collected from the bank, then they should collect it from the treasurer and his bondsmen. It has only been a short time since Sherman county lost twenty thousand dollars in the same way and we are getting tired of paying a high rate of taxes to raise funds for rascally bankers to steal; and

Whereas, It has come to our knowledge that a bill has been presented for passage in the house of representatives whereby a bounty of \$1 00 per ton is to be paid to the producers of sugar beets, and

Whereas, We believe that the chief producers are the manufacturers themselves by the aid of foreign and contract labor; and

Whereas, We believe it to be only a blind to promote the growth of sugar beets by the people, the chief end and object being to enrich the manufacturers of sugar; therefore be it

Resolved, By this Alliance, that the representatives and senator from Sherman and Buffalo counties should work against the passage of the sugar bounty bill.

A copy of these resolutions has been sent to Representative Dickerson and Senator Smith. JAMES E. MURRAY, Secretary.

A PETITION.

TO THE MEMBERS OF THE NEBRASKA LEGISLATURE:

Whereas, local freight rates in Nebraska are unreasonable and unjust, being, in many cases, from two to four times as high as they are in Iowa; and

Whereas, the corporations of this state, by these unreasonable and unjust charges, do extort millions of dollars every year from the producers and consumers of Nebraska; and

Whereas, within a few years past, all the political parties in Nebraska have, in their state platforms, promised to reduce local rates to a level with those in force in Iowa; and

Whereas, there is not a single valid reason why local freight rates should be higher in Nebraska than they are in Iowa;

Therefore, we the undersigned citizens of..... County Nebraska, do hereby respectfully and earnestly urge you to enact a maximum freight rate law bringing local freight rates down to a level with those in Iowa.

Therefore, we the undersigned citizens of..... county Nebraska, do hereby respectfully ask you to pass laws, or submit amendments to the state constitution if necessary, providing that all money derived from saloon licenses, and taxes on railroad property shall be used for the support of all the schools in the counties wherein such saloons and railroads are located.

In another column will be found Mr. Geo. Steketee's advertisement of his cure for hog cholera. This remedy has acquired a great reputation wherever introduced, and as the disease prevails to a considerable extent throughout the western states, Mr. Steketee has probably "struck it rich" for himself, besides offering the means of curing all such hogs as may need his remedy.

I wish to express my thanks to the Farmers' Mutual Insurance company of Nebraska for their very prompt and fair settlement of my loss which occurred on my house January 7th. I also wish to express my confidence to my neighbors in the above company. Yours truly, LUKE LANNINO.
