Good Words From California. DOSPALOS, Cal., Feb. 22, 1893.

EDITOR ALLIANCE-INDEPENDENT.

Sirs: I cannot help but send a word of cheer to the grand Populist host with the sixteen honest democrats that cast their votes for W. V. Allen for United States senator, one of the grandest and truest men the people have left in America.

Cheer up, my brothers, the conflict is raging. I hope we will be able by the ballot to settle this great question: "Shall the \$ or the People Rule?" If the people could just get to see that it is English money and English laws that are being forced upon the American people, by such traitors as John Sherman, Bill Allison and others of their stripe, what a blessing it would be!

Better Roads but no Bonds. LITCHFIELD, Neb., Feb. 20, 1893.

DAER SIR:—At a regular meeting of Gracchus Alliance No. 569, held Feb. 18, 1893. The following resolutions were adopted:

Whereas, A widely extended interest is being manifested by National banks and capitalists in favor of improving our roads throughout the country and in urging congress to legislate in favor of, this, their scheme. And where as it appears possible that hasty legislation will be brought about by these enthusiastic agitators, who know and care no more about the needs of the farmers in this respect than the man in the moon.

Therefore be it, Resolved by this alliance that we hereby place our emphatic protest against every project that may come up for the so-called improvement of our country roads that shall add one dollar to the road taxes in shape of bonds either national, state, or township.

And be it further, resolved that we urge our state legislature to abandon the present system of road making and adopt the system now in use in most of the eastern states, or at least some better method than the one now in use.

The Baby.

That "Baby" to which we would call the attention of our many readers, may be found in connection with a milk and butter separator, the advertisement for which may be found in another column under the rather peculiar title of "Don't You Need a Baby" Cream Separator.

WING MACHINES GIVEN AWAY. Write for best made high arm Machine. Price right. UNIVERSAL MFG. CO., CHICAGO.

IMPOSTORS.

Although the bounty boom seems to be pretty effectually crushed, we feel like giving it a few finishing touches by exposing two of the impostors who are going about seeking whom they may gull. The first of these is one Steele, a dapper little gentleman who puts up at the Lindell hotel, and makes it his business to instruct the dear hayseed legislators in the wonders of the beet business.

If Mr. Steele feels aggrieved because we have given away his secret, we will agree to intercede with Mr. Oxnard not to "fire" him.

There is another man "going up and down in the land" whom we believe to be as big an impostor as Steele, though a good deal shrewder, and brainier. His name is Felton. He goes from place to place (seeming to have a decided preference for the places where independent representatives live) working up local booms for sugar factories.

The people of Nebraska are too intelligent to be gulled by such impostors. They are not only wasting their time, but they are really strengthening the opposition to class legislation.

Farm, stock and implements wanted in exchange for house and lot. Address L. A. Peters, 245, So. 11 St.

Oregon, Washington and the North-Western Coast.

The constant demand of the traveling public to the far west for a comfortable and at the same time an economical mode of traveling, has led to the establishment of what is known as Pullman Colonist Sleepers.

These cars are built on the same general plan as the regular first-class Pullman Sleepers, the only difference being that they are not upholstered.

They are furnished complete with good comfortable hair mattresses, warm blankets, snow white linen curtains, plenty of towels, combs, brushes, etc., which secure to the occupant of a berth as much privacy as is to be had in first-class sleepers.

A Great Business.

We would call the attention of our many readers to the advertisement of Messrs James McMillen & Co., of Minneapolis, Minn., which appears in another column of this paper. This firm do a very large business in tanning sheepskins, and are the largest buyers and exporters of furs in North America except the Hudson's Bay Company.

going to quit. In fact he had offered his resignation. He was going into the sugar business on his own hook in opposition to Mr. Oxnard. He didn't know what Oxnard would think if he found it out.

Tourists Trips.

Round trips to the Pacific Coast. Short trips to the Mountain Resorts of Colorado. The Great Salt Lake. Yellowstone National Park—the most wonderful spot on this continent.

Farms for Sale.

160 acres 4 miles north of Alliance Box Butte county Neb. 70 acres in cultivation, 80 acres fenced, sod house and barn, two wells. Will give possession at once. Price \$800 per acre.

No Real Rival Yet.

World famous Eli Perkins says: "After people have gone over all the routes to California once, they settle down to the U. P. This road will always be the great transcontinental line. It has the best track, the best equipment, the best eating houses, and it teaches the traveler more history and geography than any other line."

We are informed that Mr. Steele has a different story for the different people he lobbies. He has told some members that he has discovered a new process by which he can get a great deal more sugar out of beets than other manufacturers can.

The State Agent offers De Kalb painted wire at 3 cents per pound. Galvanized wire at 34 cents per pound. Glidden paint the best we have ever sold. Evaporated apples in 50 lb cases at 8 cts per lb.

Are You Going East?

Now just take a word of advice: Let your next trip be by the North-Western line. Do you think it a longer route to Chicago than the others? It is not. It is shorter. Its equipment is superior? No, there's nothing better. Track less smooth? By no means; it is the best. Time longer, and more in convenient leaving hours? Should say not, but just the contrary.

Homes and Irrigated Farms, Gardens and Orchards in the Celebrated Bear River Valley on the Main Lines of the Union Pacific and Central Pacific R. R. near Corinne and Ogden, Utah.

Splendid location for business and industries of all kinds in the well known city of Corinne, situated in the middle of the valley on the Central Pacific R.R. The lands of the Bear River valley are now thrown open to settlement by the construction of the mammoth system of irrigation from the Bear lake and river, just completed by the Bear River Canal Co., at a cost of \$3,000,000.
