WORLD'S FAIR SUNDAY CLOS-ING A FORCE.

Hundreds of Them Admitted to the Fair Grounds and Thousands of Workingmen and Their Families Turned Away-A Suit Brought to Test the Matter - Much Bad Feeling Is Stirred Up.

CHICAGO, May 9 .- The rule to close the gates of the world's fair Sunday was rigidly enforced yesterday, at least so far as the ticket-purchasing public was concerned. The fortunate hundreds who hold passes were admitted, however, and allowed to wander about the grounds at their will. It was a beautiful day and thousands of workingmen, some of them with families, went to the fair grounds under the apprehension that the gates were to be open. And when these toilers were turned away they left in anything but a good humor. It was highly aggravating to them to see the favored hundreds, even thousands, enter the grounds on passes, while they who worked all week were excluded.

The validity of the law of congress closing the gates is to be tested in the courts this week. Charles W. Clingman, who is a stockholder in the fair, has served notice on Secretary Edmonds that he will appeal to the courts to open the fair on Sunday. In his letter, in the interest of the working people and as a representative of other stockholders, he demands that the people be admitted Sunday the same

as every other day in the week.
"I demand this," continues he, "not only for my interest financially as a stockholder, but more especially for the people who cannot see the exposition on any other day except Sunday. Having made this demand on you in writing I have placed the matter in the hands of my attorney who will commence legal proceedings to nee against the exposition if my de sisser not complied with."

President Higginbotham had not learned of Mr. Clingman's letter when the reporter asked him what he in-tended to do about it. He read the letter carefully.
"We shall be compelled to defend

the suit if one is brought," he finally

"Resist Sunday opening, in other words," the reporter remarked. "Yes, that is the position in which we would be placed. Nearly all the members are in favor of a seven-day fair. However, I do not think any thing will come of this notice. I believe Mr. Clingman can be convinced that his plan is not the proper one and that it is better to let matters rest as they are at present."

DEVELOPED NOTHING.

The Work of the Kansas Boodle Investi-

TOPEKA, Kan., May 9.-The formal finding of the senate boodle investigation committee is that the investigation with all its attending expenses has developed but one fact—that \$4,500 and probably more was paid to James F. Legate by Pete Kline, the Kansas City policy-shop man, to be used in influencing the appointment of police commissioners for Kansas City, Kan. No evidence was brought out implicating either Fred J. Close or Attorney General Little, and the committee finds that the charges printed in the Capital were based on information furnished by John V. Moffitt, which the latter failed to sustain when placed on the witness stand. All attempts to secure witnesses who were acquainted with the facts proved futile, and no testimony was brought out, except that of Legate himself, that amounted to anything. Legate ad-mitted having secured the money, but The committee will hold no alternative." eetings.

The Mourner's Corner.

Texas Siftings.

There is a mourner's corner in one of the cloakrooms of the national house of representatives and another in the senate cloakroom, where the disappointed and disgruntled congregate to express their dissatisfaction with the existing order of things. There, it is averred, statesmen gather to sit with the corpses of their dead hopes and ambitions, and each place is known locally as a chamber of sighs. A joke or a good story is never heard there.

I read Mrs. Bailey's experience setling games, and I am tempted to give my experience plating. I paid \$5.00 for one of Queen Platers, for plating gold, silver or nickel. I had no trouble to get all the knives, forks, spoons, casters and jewelry I could plate. The first week I made \$27 clear profit; the second, \$32 40, and am now averaging \$45 per week. I have advised a number of my friends to try this business, and they are all doing well. The machine is complete and does the work rapidly. I can make as much selling Platers as plating. Hoping my experience will benefit others. I am Yours truly.
