

CLOTURE IN SIGHT.

MR. VOORHEES THREATENS THE SILVER SENATORS.

WANTS A VOTE ON REPEAL BILL.

The Silver Men Held a Conference and Decide to Prolong the Debate as Long as Possible.—Mr. Peffer Introduces a New Subtreasury Scheme.—The House Working on the Rules.

WASHINGTON, Sept. 4.—A warning was given in the United States senate to-day that cloture might be applied to force the senate to a vote on the repeal bill. The warning was given by Mr. Voorhees of Indiana, chairman of the finance committee, in the form of a notice that he would ask the senate Monday to consider a motion to begin the daily sessions at 11 o'clock each morning, instead of at noon.

"I have a sort of an old fashioned idea," said Mr. Voorhees in giving the notice, "that we should always submit to the will of the majority and for that reason, I will ask for a vote of the senate on this proposition."

Instantly the silver senators construed this into meaning that early meeting and long sessions would be the rule and that when the speeches of the opposition should be exhausted, a demand for a vote would be made and if necessary an appeal to cloture rule be made. As a result they held a hurried conference and their plan of action will be to always have a man prepared for a speech, so that there may be no dangerous interval in the debate, similar to that of yesterday afternoon.

The silver men will not allow a vote to be taken until they are unable to hold the floor any longer. That is the point to which the fight will finally be brought, for the men from the silver states will never consent to a vote being reached in any other way. It is doubtful if the Democratic majority would ever consent to the adoption of a cloture rule, no matter how long the talk may be strung out.

What the free coinage men seek to accomplish by delay was indicated by Mr. Peffer in his speech. He urged the advocates of free silver to hold on a little while longer and spoke of the improvement already going on in business throughout the country. The silver men hope that if they can delay a vote long enough the condition of the country will be sufficiently improved to weaken the demands of the people upon the senate for action and in this way they can finally get the advocates of repeal to consent to some sort of a compromise.

Mr. Palmer of Illinois, submitted a joint resolution proposing an amendment to the constitution of the United States, providing for the election of senators by a direct vote of the people. This, together with one on the same subject heretofore submitted by Mr. Mitchell of Oregon, which was on the table, was referred to the committee on privileges and elections.

A NEW SUBTREASURY BILL.

Introduced by Mr. Peffer But Not Read.—Its Provisions.

WASHINGTON, Sept. 4.—Senator Peffer of Kansas has introduced a subtreasury bill. It was not read but was referred to the judiciary committee. It is in the nature of several amendments to the constitution of the United States.

The first is known as No. 16 and directs the secretary of the treasury to print and issue to the state governments \$5,000,000 in paper for each 100,000 inhabitants, or in other words at the rate of \$50 per capita. This money is to be distributed in \$1, \$2, \$3, \$5, \$10, etc., legal tender bills. All of this money is to be delivered to the states free of cost and no interest is to be charged for its use by the general government.

The states receiving the money are prohibited from lending it in excess of an interest charge of three per cent per annum. The president of the United States and national treasurer, one senator and two members of the house of representatives are to be a committee to see that each state shall choose commissioners to give bond for secure handling of money received, the bond to be approved by the governor of the state. This money is not to be lent on indented security of less than an undoubted value of \$2,000 for every \$1,000 issued and no one person is to receive more than \$2,000. Corporations are not allowed to lead the money. The time for which money is lent is sixteen years, but one-fourth of the total amount is to be paid every four years. Interest is to become due annually after earning it. No fees or commissions are to be charged to one soliciting or procuring a loan. All lands and improvements forfeited for non-payment of principal or interest are to go into public domain. Other money than metal now outstanding is to be called into the treasury and destroyed. The secretary of the treasury is required to print 5,000,000 fifty-cent bills and the same number of twenty-five cent bills, to be sold by postmasters.

PEACE PROCLAIMED.

Martin and the Kansas Stalwarts Get Together at Last.

AT WORK ON THE RULES.

WASHINGTON, Sept. 4.—The reconciliation between the Kansas Democratic factions has been effected on a series of recommendations preferred jointly by Crouch and Martin at the agricultural department. These recommendations offer the first substantial sign of harmony between the stalwarts and the fusionists and leave only the Jones faction out in the cold. After going over all their lists Martin and the stalwarts joined in a letter endorsing these stalwart applicants for the places named: Dr. J. W. Stout of Medicine Lodge for superintendent of the sugar experiment station there; Charles S. Sheppard of Leavenworth for meat inspector at Kansas City; George C. Moser of Herington for Southern cattle inspector at Herington; James Lillis of Kansas City, Kan., for live stock inspector; Daniel Henley of Kansas City, Kan., for meat inspector; William Stinson of Kansas City, Kan., for head tagger; Patrick J. O'Neill of Kansas City, for tagger; Misses May Stinson and Margaret Kennedy of Kansas City, Kan., for microscopists; A. H. Oglesby of Elk City, Kan., for tagger; Laura M. Bond of Kansas City, Kan., for microscopist; Albert T. White of Kansas City, Kan., for tagger; Arthur Roby of Kansas City, Kan., for tagger.

TWO OFFICERS KILLED.

Particulars of the Fight Between Marshals and Outlaws in Oklahoma.

ARKANSAS CITY, Kan., Sept. 4.—A posse of United States marshals and the Dalton gang of bank and train robbers met at Lagalla, in Payne county, Ok., yesterday morning and two of the deputy marshals—Speed and Shadley—were killed, and a third—Huston—fatally wounded. A. N. Walker, N. D. Murray, G. W. Ransom and a boy named Briggs were wounded and a young man named Simmons instantly killed. The last two were bystanders.

The officers had been informed that the gang was in town and drove out to arrest them and were fired on by the outlaws when they dismounted. The fire was returned and the outlaws started for their horses, but one who was shot through the chest escaped. Bill Dalton's horse was killed instantly by Shadley's shot, as the horse fell, Dalton got on his feet and pumped four shots in rapid succession into the body of Shadley with his Winchester. "Arkansas Tom," one of the outlaws, was held at bay in a frame hotel where he took refuge. Messengers were sent to Stillwater for assistance and the sheriff left at once with a posse for the scene. The outlaw finally surrendered. It is thought that he is the man who killed Deputy Marshal Speed and the Simmons boy and wounded Marshal Houston. He is now in the Stillwater jail guarded by a posse.

Along Washington street thousands of people collected.

Welsh Disestablishment.

LONDON, Sept. 4.—Mr. Gladstone replied by letter to-day to the demand made by the Welsh parliamentary party yesterday that the disestablishment of the church in Wales be the first item in the government program in 1894. He wrote: "I recognize the self-restraint and forbearance of the friends of disestablishment. When the measures of the next session shall be considered, I will decide whether to renew the suspension bill or introduce a complete measure. Meantime it will be hazardous to settle the business of the session by piecemeal anticipation."

THE EQUAL SUFFRAGISTS.

They Adopt a Platform for the Kansas Campaign of 1894.

KANSAS CITY, Kan., Sept. 4.—The Kansas equal suffrage convention this afternoon adopted the following platform:

Whereas, the women in convention assembled in Kansas City, Kan., recognize and believe in the submission of the equal suffrage amendment to the present time is an evolution and not a revolution, that it is simply one more step in the progress of civilization and that it is a spirit of helpfulness and not antagonism that we ask the support of the men of this cause; therefore be it resolved, That inasmuch as there are in our ranks women of no political parties and women of no political affiliations, and also women of all churches and women of no church and whereas, these women are a unit in their demand for the ballot and are working together for their common cause, therefore, be it further resolved, That we declare it to be the determined policy of the Kansas Equal Suffrage association to confine the work for the amendment strictly to arguments and propaganda for the enfranchisement of women. It is not expected, nor will it be asked of the women of the several parties their zealous work for their respective parties, yet we most emphatically state that all speakers and workers, under the auspices of the association and its committees, shall refrain from argument or reference to party issues. Inasmuch as we recognize the present crisis and the significance thereof, and that it is in our interest to the political parties, therefore be it resolved, That all political parties of the state shall be and hereby are asked to embody in their county and state platforms resolutions favoring the adoption of the pending amendments. We extend to the Republican, Populist and Prohibitionist of the counties which have adopted unequivocal equal suffrage planks in their platform our best thanks and our congratulations upon their sagacity and progressive position.

The rally closed this evening with an address by Susan B. Anthony, Mrs. T. J. Smith, Mrs. Lease and others.

GRAND ISLAND, Sept. 4.—The independents of Hall county Saturday selected and instructed W. J. Burger of Doniphan, J. H. Randall, Fourth ward; John O'Neill, Jackson; E. Whitehead, Cameron; Ed. Searson, Second ward; James Cannon, Wood River; E. S. Lee, Cameron; J. D. Hanna, Lake; Joel Thompson, Alda, as delegates to the state convention to be held at Lincoln next week. There was quite a squabble over the instructions, but the majority finally went for a man who had allied himself with the independent party in the past and not, directly speaking, who was referred to in several speeches as a "discarded republican."

Minden, Neb., Sept. 4.—A big reception was tendered the Minden cornet band on its arrival from Grand Island last Friday night, where it had carried off the first prize as the best band on the grounds. A large delegation of citizens met the boys at the depot, where the ladies presented each one of them with a beautiful bouquet. After playing a selection for the benefit of the train crew a line of march was formed, headed by a number of old soldiers bearing arms, then the band and next citizens in carriages, and amidst a display of flags, flowers and bright uniforms they proceeded to the Hotel Jensen, where a splendid supper was spread. A number of speeches were made befitting the occasion.

After His Man.

LINCOLN, Sept. 4.—Sheriff Wilkinson of Topeka, Kas., arrived in the city Saturday morning with requisition papers for William Benning, who is charged with criminally assaulting a fourteen-year-old colored girl near Salina, Kas., some time ago. Benning was found at work near twenty-sixth and B streets and placed under arrest by Deputy Sheriff Trimble and Constable Mallory. He was sullen and had nothing to say regarding the crime he is charged with. The sheriff left with his prisoner on one of the afternoon trains, Governor Crouse having consented to the extradition.

Fire at Courtland Beach.

OMAHA, Sept. 4.—A fire broke out in the tent at Courtland Beach Saturday night while the Bicketts were doing their aerial act. It started near the phonographs and ignited a portion of the tent. Prompt action saved loss of life and property. The greatest excitement prevailed among the large audience and a stampede was imminent, when Professor Gaynor, with rare presence of mind, sprang to his feet and shouted to the crowd to keep cool. The advice was timely and generally heeded. Manager Griffiths and Mr. Monchaff extinguished the blaze after some difficulty. The loss was \$200. Nobody was injured. Several women fainted and a general scare was occasioned by the sight of the flames.

Saturday night an Italian named James Bellew, who claims to be in the employ of the Northwestern Railroad company, was taken to the police station with blood and he had an ugly gash in the back of his head, while his left ear was cut in two. According to his story he was knocked down and robbed of \$50 by a brother countryman whom he knew only as Frank. The city surgeon dressed the man's injuries while he was relating the story of the assault. Detectives were put to work on the case and Helley's assailant was soon located and arrested. He gave his name as Frank Pastoor. The alleged robber was also cut and bruised about the head and face. It is thought that a fight instead of robbery took place between the men.

Sulpho-Saline Bath Co., Lincoln, Neb.

Slipsho-Saline Bath Co., Lincoln, Neb. Gentlemen—I have been a victim of rheumatism for several years. I have suffered intensely at times, and have gone to the Hot Springs of South Dakota, and the Hot Springs of Arkansas five times, seeking relief. I have also taken much medicine under the direction of able physicians. About one month ago I suffered from one of the most violent attacks of the disease, and at once began taking hot salt water baths at your new and splendid bath house in this city. Under the care of your gentlemanly and efficient attendant, Mr. Henry Schmitt, I have, I think, entirely recovered. From experience and my observation of the results of treatment of many patients at the Hot Springs above named and at your bath house, I am convinced that better and quicker results can be obtained by a course of hot salt water baths at your bath house than at any other place in the country. I do not hesitate not only to recommend, but to urge every person suffering from rheumatism to try a course of baths at your bath house under the directions of one of the physicians in charge. I believe your new and magnificent bath house will prove a great blessing to the many victims of rheumatism in this vicinity, and I hope it will receive the liberal patronage it merits. You have not requested of me any testimonials, but I deem it proper that I should acknowledge the great relief I have received at your hands, and you may use what I have said in such manner as you may deem proper. Very respectfully, J. B. STRODS.
