Crippled a Brakeman.

WISNER, Neb., Oct. 24.—Herman Roemer, a brakeman, had his right foot severely crushed by slipping over at this place this evening.

SANTA FE HARD UP.

Their Employees Have Issued an Ultimatum.

THE MEN DEMAND THEIR BACK PAY

If Not Forthcoming by Next Saturday They Threaten to Strike—Manager Frey says They Will get their Pay.

Hard to Raise Money.

EMPORIA, Kan., Oct. 24.—Investigation into the reports of a probable strike on the Santa Fe system next Saturday show that a committee representing the Brotherhood of Trainmen was in Topeka last Wednesday and Thursday and to Superintendent Nickerson and General Manager Frey made a demand that September wages be paid by October 28.

A prominent official and employe at the Santa Fe offices here said today: "The rumor is correct and I guess that it is now an open secret, while it has been the intention of the order to keep everything from the public as yet. The local orders along the entire system have been holding meetings during the past week discussing the matter and the officials of the road now have our ultimatum. Every employe on the entire system has agreed to stand up to the conditions of the demand and will undoubtedly walk out Saturday unless the wages be paid or some definite promise of payment within a few days of that date be made."

FREY'S STAND.

The General Manager Makes a Statement of the Situation of Offices.

TOPEKA, Kan., Oct. 24.—General Manager J. J. Frey of the Santa Fe system said this afternoon concerning the report that the company's employes had threatened to strike unless paid their September earnings at once: "It is true that some of our employes at various points have called and discussed the irregularity of our pay days since the financial stringency in the country set in. Some of these meetings have resulted in formal demands that we pay September by Saturday and that in the event of our failure to comply there will be a general strike on the system. One meeting held at Argentine last night adopted a resolution calling upon us to pay the men there by 6 o'clock to-night and promised a strike if we failed. I received this demand at 10 o'clock this forenoon and have just telegraphed a reply to the master mechanic there and directed to send it to the men. This letter has been wired to all general and division superintendents on the system. I admit that our employes have cause for complaint. They must meet their living expenses, and unless the money be forthcoming regularly the shopkeepers will refuse them credit. That is human nature the world over. But the company is not in a position to pay before the time indicated in my letter. We cannot go into the money market and borrow on short notice, as we used to, to meet an emergency of this kind; money is too closely hoarded. But the company will pay as I promise and I hope our employes will not be so foolish as to cause a strike just now when we are getting back to easier times. Business men and merchants generally ought to understand the situation and render the men every assistance possible in credit and other accommodations. It would be better for them, for the men, for the company and for the people along the system generally. This subject will come up for discussion at the annual meeting of the company, which will be held here October 26. What action will be taken or what action can be taken I of course, cannot say, but I am sure the shareholders and directors are doing and will continue to do all in their power to relieve the company of its embarrassment and provide for the payment of the men and that they will be said at the time I have stated."

Divorced in Three Minutes.

TACOMA, Wash., Oct. 24.—Tacoma now has the record for granting divorces in the shortest time. Saturday Mrs. George Burbank obtained a divorce from her husband within three minutes after she had filed her complaint.

Union Brewery Drivers Discharged.
