Gala Day at Wahoo.

WAHOO, Neb., Oct. 23, '03.

EDITOR ALLIANCE-INDEPENDENT:—

Saturday Oct. 21 was independent day at Wahoo, the "corn huskers and hay seeds" turned out en masse. The solons of the Democrat Republican combine had predicted that the farmers would remain in their cornfields and the meeting would be a failure, but they were sadly mistaken.

By nine o'clock the streets began to fill up, and by noon were crowded. The Mead brass band furnished excellent music. At 1:30, County attorney Sornborger introduced the Hon. E. C. Rewick of Lincoln in a neat speech.

Mr. Rewick announced that he would confine his talk to state issues, leaving Mr. Edgerton to discuss national questions. For about two hours he held his vast audience spellbound with the story of Republican thievery and rascality at the state capital. Mr. Rewick is a commander of his subject and those that had not before heard him were surprised that such a state of facts, were allowed to exist in any state. He told about the meeting which he addressed at Lincoln last year in which he first made public the startling disclosure of a half a million of money stolen, by Republican officials. He told them that he would mention no fraud that did not amount to more than \$5,000.00.

He then proceeded to show how, so far, but one of the infamous gang, young Butts, who happened to be without money or friend had been convicted; told how bills were audited and allowed, showing that it was impossible that any stealing should be carried on without the knowledge of the majority of the state officers being acquainted and being made a party to the plunder.

He showed how a systematic plunder had been kept up and how during the months of June, July and August, an average of 17 tons of coal per day was charged up to the insane asylum, and that it would require a railroad train 2 1/2 miles long to contain the coal supposed to have been consumed at that institution in one year.

The cell-house and school land steals next received his attention and the manner in which the state was robbed of the \$236,000.00 in the Capital National Bank, followed by showing how the asylum officials obtained their whiskey at the expense of the state.

He next took up the attempted steal of the State Journal Co. hearing that he gave a vivid picture of the late Republican convention and the infamous measure taken to defeat Maxwell for renomination because he could not be used as a railroad tool; but the climax was reached when he repeated the statement of J. L. Webster when he declared that they owned two members of the Supreme Bench of the state and wanted the other.

Mr. Rewick surely displayed nerve in exposing such rotteness and his labors are appreciated, as the attention which he commanded and the applause with which his remarks were quoted shows. He was followed by Judge Edgerton who made a strong convincing speech on national issues.

Both speakers spoke to a very large audience at Mead in the evening. Saunders county will elect her ticket straight this year, with handsome majorities.

She has the cleanest set of men that has ever been placed in nomination in the county.

MEETING AT ALLIANCE, NEB.

Leading Men of the Old Parties Publicly Joining us.

On last Wednesday Oct. 18th, Hon. Geo. A. Abbott, of Richardson county, spoke at the opera house to a fair sized audience, though the meeting had but a day's announcement here. He ably demonstrated his ability as a thoroughly posted student of political economy and problems, and is an able instructor in the principles of the People's party. Many of his hearers were leading men from the three parties, and the writer feels sure that the mastery way in which Mr. Abbott handled the money question and told of the doings of corporations everywhere over the country, will prove "seed sown on good ground," and that it will bring forth fruit at the coming election.

To the surprise of everybody and chagrin of the monopolists Mr. George W. Waisner, chairman of the meeting introduced Hon. Jas. H. Danskin, receiver of the United States land office here, and Geo. W. Sullivan, an able attorney of Alliance.

Mr. Danskin has always been a leading republican since the organization of the county. He made an earnest speech declaring himself to be in full sympathy with the People's party. He cited a number of instances of corporation rule within the city of Alliance.

Mr. Sullivan was fully as positive in

his speech. He also stating that he was in full accord with the Independent party.

The Independents of Box Butte Co. welcome to their ranks all good men, but are especially pleased with the manly stand that Messrs Sullivan and Danskin have taken.

Look out for a good majority from Box Butte county, for the two old parties are falling to pieces, the efforts of the greedy dominating corporations to the contrary notwithstanding.

MR. ABBOTT AT THEDFORD.

An Audience of Old Party Men Deeply Interested.

THEDFORD, Neb., Oct. 15, 1893.

EDITOR ALLIANCE-INDEPENDENT:

According to previous announcement Hon. Geo. A. Abbott preached d the political gospel truth, to the largest crowd that ever assembled to hear a political speech in this county, on last Saturday afternoon. Although there are not more than a half dozen true blue independents in this locality, by making an extra effort we succeeded in getting out a crowd that completely filled our capacious court room. Mr. Abbott treated all parties fairly, abused no one, and handled his subject in a masterly manner. His speech was well received and by request of the audience he spoke again at night.

It is plainly evident that if the voters would vote their honest convictions, three-fourths of all the votes cast at the coming election would be in favor of the principles of the People's Independent party.

Mr. Abbott's speeches were both well received and will bear good fruit, as they have set our people to thinking. Yours for equality before the law. LISTNER.

THINGS HUMMING IN DAWES.

Most Interesting News of the County Independent Campaign.

CHADRON, Neb., Oct. 23, 1893.

EDITOR ALLIANCE-INDEPENDENT:

The campaign in Dawes county this year is the most vigorous and hopeful ever carried on. Every precinct in the county is being thoroughly roused by Independent school house meetings. Senator H. G. Stewart of this district, has held a series of meetings which for interest and enthusiasm out rank anything ever held in this portion of the state. Judge E. S. Rieker, a Bryan Democrat, accompanies the Independent speakers and scalps the "doughnut Democrats" as he styles the fellows who turned Bryan down. I. N. Harbaugh, another Independent wheelhorse, is speaking to crowded school houses. The whole Independent county ticket accompanies these meetings and make five-minute talks. The defeat of Maxwell has driven many republicans out of the party and the outlook is that Holcomb will carry the county.

G. A. Abbott held rousing meetings at Crawford and Chadron the past week. Abbott makes the best impression and leaves the best feeling behind him of any of the speakers so far sent out here by the state committee. He makes friends for the Independent cause and drives no one away. Look out for good news from Dawes this fall.

ABBOTT AT RUSHVILLE

Sheridan Determined to be the Banner County.

RUSHVILLE, Neb., Oct. 23, '03.

EDITOR ALLIANCE-INDEPENDENT:—

Hon. Geo. A. Abbott spoke here yesterday to a crowded house. He held his audience for about an hour and a half, and they were more interested at the close than at the beginning. His address was a powerful plea for bimetalism and populist doctrine generally, and has made many adherents to that belief.

The populists are thoroughly organized in this county and are "making the fur fly" among the adherents of the old parties. A school house campaign was inaugurated shortly after the county convention in the early part of September and has been kept red-hot ever since, and will be until the populist party goes marching on to victory the 7th day of November. The party will come out victorious about 200 majority this fall. Sheridan county will be the banner county of this state—the goal she has been striving for ever since the party was organized.

PUBLISHERS' COLUMN.

Friends, Fellow-Citizens!

We have a plan, and with your help in working out the easy details can achieve results grand, glorious and lasting.

Nebraska for the People!

Nebraska's soil and sunshine, Nebraska's rains and dews, Nebraska's steam and lightning, Nebraska's wealth and credit, for Nebraska's toiling Sons.

To cut the mighty tentacles of many-armed monopoly, to overthrow the law-supported tyranny of corporate greed, the People's party must be placed in power. To place it in power, complete and sweeping, this paper, bearing the light of its grand principles, must reach the people.

Our Simple Plan

Is to divide the state, and stir each lover of the people's cause to work well the field around him—his neighborhood. We shall make a paper you will be proud of and enthusiastic for, and the personal effort which

Each Friend of Truth

and justice can make among neighbors and friends advertising suits worth and work and asking their subscriptions, should be put forth to multiply our influence, to spread the truth to all. We are determined to achieve great results. But your help is necessary. We count upon it.

With Your Help

25,000 new subscribers can easily be placed on our books in the next three months. Many hands make light work. Assuming that we have three earnest zealous friends in each of the 1,640 precincts of the state, who will send us five new names each, we shall have nearly that number raised. There is not a Populist who can afford to be without the

Facts and Arguments

with which this paper will equip him. There is not an open-minded democrat or republican in Nebraska who should be allowed to remain unacquainted with it. For this work of introducing and spreading the light, the paper, among the people of each locality, we

Call for Volunteers.

One, two, three, four, a dozen, the more the merrier, should take hold in each precinct. Each one who reads this is called to this needful work of truth-spreading, called by far-seeing self-interest, called by suffering humanity, called of God and conscience driven. Now, then, all together to the work. And remember, "There is no discharge in this war."

Make Converts.

PEOPLE'S PARTY HEADQUARTERS, LINDELL HOTEL, LINCOLN, Neb., Oct. 16, 1893.

To the People's Party Voters, Greeting:—

We, your chairman and secretary, take this method of offering you a few words of advice, which we sincerely trust you will follow without delay. The election is near at hand and individual work is needed to insure victory. We want each and every one of you to immediately set to work to make one convert. Set your mind upon some one that you know well and if you reason with him from now until the 7th of November, you can undoubtedly convert him to the principles of our party and convince him that it is the best interests of the people of our state to cast his vote for Holcomb. If each and every one of you will do your whole duty in this matter, and will take it upon yourself farther to personally see that every Populist voter in your precinct gets to the polls on election day, victory will be assured. Hard and persistent work is the only thing that will win this fight.
