THE LOCAL VICTORIES.

News Gathered From Our State Exchanges SHOW SPLENDID POPULIST GAINS. Side Lights on the Situation—Where the Populists Have Been at Work They Have Won the Battle.

Harrison Elected by Democratic Votes. The machine Democrats were voted for Harrison, the goldbug Democrats supported him solidly, and the old party combination in Douglas, Lancaster, Case, Otoe, Gage and some other counties defeated Holcomb.

Seward county went Republican through the votes of the Democrats. The Democrats slaughtered their ticket to ensure Republican success and the defeat of the Independents.

Our candidates in Frontier county with the exception of judge and sheriff, were elected over the Republican and Democratic fusion ticket. Phelps county went Independent by a handsome majority, losing but two men on the ticket.

Nemaha and Box Butte counties went Independent for the first time.

The People's ticket made strong gains in Lancaster county, one of the chief strong holds of Republicanism, and elected their candidate for sheriff.

Harlan county elected the entire Independent ticket by about 200 majority.

The Independents made splendid gains in Adams county, nearly electing their county ticket.

Cherry county has probably elected the entire Independent ticket.

In Hamilton county Harrison's vote was 1,120, Holcomb's, 1,193 and Irvine's only 271. It was a splendid victory, showing the Independent party to have nearly as many votes as both old parties combined.

In Cass county there was the same support of Harrison by many hundred Democrats.

Furnas county Populists elected their entire ticket except County Superintendent. Second term candidates on the Populist ticket were returned by increased pluralities.

Butler county goes Independent by about 270 majority.

Filmore county gave Holcomb 40 majority but the Republicans took the county offices, probably with Democratic help.

In Hall county the A. P. A. endorsed the whole Republican ticket, and an old soldiers league, formed by the Republicans to vote their ticket, was part of their machinery.

TWO FINE FAT PLUMS.

A New Collector and Surveyor for Kansas City. WITHERS AND HARRISON WINNERS. The Latter a Brother of Ex-President Harrison—The Entire Missouri Congressional Delegation Downed.

WASHINGTON, Nov. 15.—Webster Withers for collector of internal revenue of the Sixth Missouri district, and J. Scott Harrison for surveyor of the port of Kansas City, were two of the appointments made public by President Cleveland to-day.

The appointment of Withers was made over Tillery of Clay county, who had the backing of Senators Cockrell and Vest and the entire congressional delegation.

There is every reason for believing that the two appointments will start such a war in Jackson county as was never known and will result in the overthrow of the old push, because of splits sure to follow the turning down of that faction.

The telegrams confirm all the rumors that have long been current here concerning internal dissensions in the Democratic party and are received as evidence of the most conciliatory character that the warfare will now be waged openly.

Mr. Tarsney is not aware of the existence of the telegrams. An effort was made to see him to-day, but admittance was refused to all comers at the ways and means committee room.

Scott Harrison, otherwise John Scott Harrison, is a brother of Ex-President Benjamin Harrison and is younger than the ex-president. He acquired distinction by being a Democrat brother of a Republican president, and added some to his fame by refusing to hold, or at all events, not holding public office under his brother's administration.

Webster Withers was re-elected in Clay county. After the war, during which he served in the Confederate army, he came to Kansas City and was employed as a clerk in the Kansas City Savings Association. Since then he has been employed in different financial concerns and is a man of large wealth.

THE NEW TARIFF BILL.

Work on It Is Being Rushed—Protests Entered by Numerous Interests. WASHINGTON, Nov. 15.—The new Democratic tariff bill will probably be made public earlier than had generally been anticipated, the late election having warned the resolute tariff reformers that the chances of party success and discipline depend upon boldness and promptness in defining a policy.

All haste consistent with deliberation is being made by the Democratic members to complete the bill and give it to the country.

It is already definitely settled that the committee will not wait for the approval of a caucus, before presenting the measure to the people.

The ways and means committee, or at least the Democratic members of it, are doing all their work in sub-committees and the bill is now nearing completion, with a large portion of the report to accompany the measure on its presentation to the house is already prepared.

The protests against the free list are still coming in, the most emphatic one now being from the iron ore and coalmen.

A telegram has been received from the Alabama people who desire to be heard and Chairman Wilson and his colleagues have consented to give an informal hearing to them any time this week.

This delegation will include a committee from the iron and coal interests at Birmingham, the chief manufacturing city of the South, and it is possible that Senator Pugh and Congressman Wheeler may also accompany the delegation when it makes its argument.

One of the hitches which have occurred in making the tariff bill and which has not yet been settled is over the disposition of the sugar schedule. It is said that as the bill now stands it drops the bounty and does not restore any duty whatever.

The opponents of this plan have pointed out that such a bill will certainly cause the loss of support by the majority of the Louisiana delegation in the house and the bill would be also endangered by reason of withdrawal of support by the Louisiana senators when the bill reached the senate.

A member of the majority of the committee on ways and means has suggested this to the other members, but received a reply that the bill cannot be made to suit all sections.

Senator Mitchell's Views. SAN FRANCISCO, Nov. 15.—Senator John H. Mitchell of Oregon, who arrived in the city yesterday, said he thought the government might be better employed than in trying to re-annexate the defunct monarchy in Hawaii.

The news of President Cleveland's intentions had astonished him, and in his opinion the recognition of the effete monarch was a decided mistake.

The Soldiers' Home Crowded. LEAVENWORTH, Kan., Nov. 15.—The soldiers' home is crowded to its fullest capacity for the first time, and General W. B. Franklin, president of the national board of managers, has issued an order that no more applicants be received.

There are now over 2,400 veterans at the institution and those out on furloughs will have to take chances of getting a place to sleep when they return.

Big Gracers Involved. NEW YORK, Nov. 15.—Francis E. Thurber, filed a general assignment to-day in the county clerk's office for the benefit of creditors to Boudinot Keith, without preferences and Judge Andrews of the supreme court appointed Andrew Kirkegaard and Thomas Reid receivers for the Thurber-Wisland grocery company.

Corpus was formerly applied to any body living as well as dead.

THE MARKETS. Kansas City Cattle. Prices were quoted as follows: No 2 hard wheat, 80 1/2c; No 3 hard wheat, 79c; No 4 hard wheat, 78c; No 2 red wheat, 80c; No 3 red wheat, 79c; No 4 red wheat, 78c.

Chicago Board of Trade. CHICAGO, Nov. 15.—The following table shows the range of prices for active futures on board of trade to-day:

Table with columns: Comd, High, Low, Nov 14, Nov 15. Rows include WHEAT, CORN, OATS, PORK, LARD.

A HAWAIIAN MESSAGE.

One is Looked for by the Democrats in Congress. WILL BE MADE A PARTY ISSUE. Democrats, Who a Few Days Ago Criticized the Administration, Are Now Very Much—Republicans.

WASHINGTON, Nov. 15.—It is the belief of the Democratic leaders that whatever may occur at Hawaii in the interval, President Cleveland will submit a message at the opening of the regular session which will recite in detail many facts not hitherto known to this country and present the case in probably an entirely new light.

In this connection great interest is felt in the report of Special Commissioner Blount, which has never been made public, and as it will accompany the prospective message, Democrats feel confident that his researches will show that the facts were such as to warrant the radical action of the administration.

The Democrats expect to be placed on the defensive at the beginning because they believe that the policy of the Republicans will be to attack the president on constitutional grounds, it being contended by them that the provisional government of Hawaii having once been recognized to remove it now by force would be equivalent to declaring an aggressive war against an independent nation—a thing only possible for the president to do after receiving the assent and concurrence of congress.

The Democrats who a day or two ago were expressing themselves so freely on this diplomatic subject have shut up quite suddenly since the indications have pointed to a division on party lines.

Congressman Springer of Illinois, for many years a member of the committee on foreign affairs—notably during the Japanese controversy of 1876—believes that President Cleveland will be sustained by his party and the country.

Congressman Storer of Ohio, a member of the committee on foreign affairs, to-day declared that he would never vote a dollar to sustain the administration in its Hawaiian policy.

WHITES QUIETLY DRILLING. Honolulu Believed to Be Certain to Follow Restoration of the Queen. TACOMA, Wash., Nov. 15.—S. W. Harvey of Honolulu, who arrived here by the Canadian-Australian steamer Warrimoo, says: "A company of 500 whites have been drilling with Winchester rifles for a long time in anticipation of a disturbance. Each man has his man picked out, and after the first shot is fired I have no doubt there will be plenty of bloodshed. The friends of the provisional government do not so much hate the deposed queen as they do her hangers-on. Every night after dark the men who are drilling used to pass out by my house at Honolulu. They have their rifles secreted in their houses. They anticipate that the Royalists, when reinstated, will be more offensive than ever. This offensiveness is exactly what would cause the trouble. If the American and other war ships do not turn in and hold the town of Honolulu down there will surely be bloodshed when the Royalists come into power. There is no telling what would become of business under a change. The prospects are not hopeful."

NO AID FROM AMERICANS. Editor Castle of Honolulu Contradicts Secretary Gresham's Statements. ANN ARBOR, Mich., Nov. 15.—H. U. Castle, formerly editor of the Advertiser of Honolulu, Hawaii, who is visiting relatives here, says it is not true that the queen was deposed by the American minister or the American forces. The American forces were passive from beginning to end. Speaking of the proposal to reinstate the queen by this government, he says that it cannot be done without the grossest injustice to hundreds of people who have relied on the good faith of the United States. The queen's government at best would be simply a paper government unless supported by American bayonets. Putting it back means simply using the full force of the United States government in order to destroy the party of progress and ability.
