Mrs. Lester Thompson.

Clara Vine Freeman was born at St. Francis, Kans., April 12, 1889, departed this life at Stuart, this county, April 29, 1935, at the age of 46 years and 17 days. A week previous her tonsils were removed. After returning to her home near Swan lake from the hospital at Stuart conditions developed that she was taken again to the hospital where she died of hemorrhage.

When nine months of age the family moved from their Kansas home to a farm near Neligh, Nebr., where deceased grew to womanhood. On April 11, 1909, she was married to Lester Thompson, of Amelia, in the vicinity of which place they have since made their home. Two children were born to them, Mrs. Carl Schade of Amelia and Milton, a son aged 16, at home. Besides her husband, daughter and son, she is survived by her mother who has made her home with them for some time past, one brother residing in Boston; her father and one brother preceeding her in death.

The funeral was held last Thursday at the home of Mr. and Mrs. Fred Watson, Mrs. Watson being a sister of Mr. Thompson, Rev. A. L. Lindsey, of Amelia, conducting the service. Burial was at Neligh. The Thompson family were all ready to move to Pleasantdale, Sask., Canada, having the trucks loaded for departure the morning Mrs. Thompson passed away. This move had been planned for a year or more, Mr. Thompson having bought land in that section and the buildings being just recently completed for occupancy. It is understood Mr. Thompson will leave shortly for Canada with his son, Milton, and daughter and son-in-law and Mrs. Freeman.

Emmet School Notes

Pupils absent from school this week were Carl Luben, Charlie Strong and Leslie Strong.

Benefit Payments

Altho Nebraska farmers holding wheat contracts now have received approximately \$10,000,000 in benefit payments, they are only a little more than half thru receiving checks. Three more payments are due including the final 1934 and two checks for the 1935 crop.

Boyd and Holt county farmers have been paid \$13,488.80 since the inception of the AAA wheat program in 1933. If the 1935 payments are as large as those in 1934, they will receive \$7,880 more in final checks. Business men and farmers alike agree that the benefit payments have been encouraging in keeping business at an encouraging level in this community and in some instances have been about the sole source of agricultural revenue for the past two years.

Wheat prices when the program started in 1933 were from 25 to 30 cents in most communities and now have risen to 85 to 90 cents per bushel. This is due to decreased supplies, orderly marketing and the agricultural adjustment program.

Benefit payments, many a farmer says, amount to crop insurance, and guarantee producers something in the way of returns for their current crop. All funds come from a processing tax of 30 cents levied upon wheat milled for flour. As in most AAA programs, the plan is self-sustaining in that the wheat section has always been in the "black" and is paying its own way without causing any drain upon the United States treasury.

The benefit of these checks will be one consideration in the coming referendum which is to be conducted in Boyd and Holt county soon.

Mr. and Mrs. Guy Cole and Mrs.

John Conard were in Stuart Monday.

Milt Laurence is giving the McGinnis store a new coat of paint.

Henry Kloppenborg is planting trees on his farm as part of the United States shelter belt.

Farmers will have the opportunity then of expressing their opinion of the wheat program and in view of their two years experience should be able to vote intelligently upon the question.

Passes Bonus Bill

The United States Senate passed the Patman bonus bill last Tuesday, in defiance of the expressed wish of the White House. The proposal to pay the bonus with \$2,201,934,000 in new currency, without a bond issue, passed with a vote of 55 to 33. Senator Norris voted for the bill and Senator Burke against it.

The prediction is freely made

that the President will veto the bill and the vote on passage in the senate was four short of enough to pass it over the veto.

Under the Patman bill the average veteran who had not borrowed on his certificate would get \$1,000 immediately. The average veteran, who has borrowed, would get around \$497. There are about 3,500,000 veterans who hold the ad-justed service certificates.
