the editors bears only this remark: 13 per cent less than during 1933 greater relief will be elected."

A most pertinent subject in Nebraska's economic life was tackled Tuesday at Grand Island in a statewide poultry and egg conference called by Chief A. L. Haecker of the state agriculture department.

It seems that Nebraska furnishes a large share of the corn and alfalfa fed to poultry in California while the Pacific coast state sells its poultry and eggs in New York for considerably more than middlewestern states do.

New England states have awakened to the possibilities of marketing a choice brand of eggs and Despite the oft repeated axiom poultry, and have profited materialthe American market is concerned, that the citizens should vote in ly thereby, while Nebraska has These members feel that if we order to preserve his own well-be- been standing still.
