M., and at that time publicly opened and read for TWO BRIDGES and incidental work on the O'NEILL-SOUTH PROJECT NO. 313-F, FEDERAL AID ROAD. The approximate quantities are: BRIDGE AT STATION 148 Replacing 1-18" and 2-16" Spans, Concrete Slab Bridge. BRIDGE AT STATION 165 1-70" and 2-45" Spans, Deck Steel Girder Bridge. The attention of bidders is directed to the Special Provisions covering subletting or assigning the contract and to the use of Domestic Materials. The minimum wage paid to all skilled labor employed on this contract shall be fifty-five (55) cents per hour. The minimum wage paid to all unskilled labor employed on this contract shall be forty-five (45) cents per hour. The minimum wage paid to all unskilled labor employed on this contract shall be thirty-five (35) cents per hour. The attention of bidders is also directed to the fact that the State Director of Reemployment, Lincoln, Nebraska, will exercise general supervision over the preparation of employment lists for this work, and to the fact that the contractor and subcontractors will be bound by the regulations effective January 15, 1935, jointly promulgated by the Secretary of the Treasury and the Secretary of the Interior, pursuant to the provisions of Public Act No. 324, 73rd Congress, approved June 13, 1934, (48 Stat. 948), entitled, "An Act to effectuate the purpose of certain statutes concerning rates of pay for labor, by making it unlawful to prevent any one from receiving the compensation contracted for thereunder, and for other purposes." Plans and specifications for the work may be seen and information secured at the office of the County Clerk at O'Neill, Nebraska, at the office of the District Engineer of the Department of Roads and Irrigation at Alnsworth, Nebraska, or at the office of the Department of Roads and Irrigation at Lincoln, Nebraska. The successful bidder will be required to furnish bond in an amount equal to 100% of his contract. As an evidence of good faith in submitting a proposal for this work, the bidder must file, with his proposal, a certified check made payable to the Department of Roads and Irrigation and in an amount not less than eight hundred (800) dollars. The right is reserved to waive all technicalities and reject any or all bids. DEPARTMENT OF ROADS AND IRRIGATION, C. L. Tilley, State Engineer, C. L. Carey, District Engineer, John C. Gallacher, County Clerk, Holt County.

Leo Murphy and brother-in-law, of Seattle, Wash., were here last Tuesday as guests at the Frank Peter home. W. J. Hammond drove to Denver Tuesday after his daughters, Mary and Harriett, who had been visiting relatives there for the past three weeks. They returned home Wednesday. Holt county in early days shipped train loads of potatoes, and other loads remained in the ground to rot as they were not worth digging at 8 cents a bushel. This season we are getting potatoes from Idaho and paying about 8 cents each. The Misses Esther and Velma Sexsmith arrived in the city Friday from Omaha and will spend a few weeks here visiting their mother and sister, Mrs. John Davidson. Miss Esther is attending school and Miss Velma is a nurse at the University hospital. The county board met again Monday. The equalization of assessments hang fire, many property owners feeling they have been assessed too high and ask the board that their valuations might be reduced. None to date have asked for an increase in their property valuation. Mrs. Ted McElhane was called to Orchard early in the week, near which place her parents live. Her mother had been seriously trampled by an angry cow and is now in a more or less precarious condition. She had gone to the corral when attacked and before the arrival of her husband to the rescue was badly trampled on. Mrs. Gilmour, formerly located at Center Camp but now at the Graver ranch south of Inman, was in the city Monday. There is a shortage of hay down that way and the Gilmour's are looking for a location elsewhere in the county. They have some 400 head of pure bred Herefords. Mr. and Mrs. Howard Schultz and daughter, Merle, of Dubuque, Iowa, stopped in the city Saturday for a visit with Mrs. Schultz's uncle, Henry Mills, who says he had never before met his niece but recognized her as one of the clan. They proceeded on their way Sunday toward Helena, Mont., where they go to make their home. Contrary to general belief, the tennis courts in the eastern part of O'Neill are not public or city property. It is private property and has been secured by the O'Neill Tennis Club for the tennis season. In order to obtain this property, the members of the Club agreed to pay the taxes and maintain the courts. In order to do this, it is necessary that a nominal fee be charged those who wish to belong. The tennis Club invites and urges that each person join the Club. The dues are payable to John R. Gallagher, treasurer of the Club or any other officer. After Sunday any one playing on the courts who is not a member will be requested to leave, so state members of the Club.

Every day in every way the New Deal approaches the machine which Henry Ward Beecher used to tell about. It was admirably contrived, admirably adjusted but it had one fault; it wouldn't go.—Grand Island Independent. A visit with Wink Wade a hot afternoon found him resting in a reclining chair in the shade of the big trees. No complaint though suffering from constant pain from lumbago that has had its grinding grip on him for two weeks or more. Mrs. D. L. Holcomb, of Cheyenne, and Mrs. Arthur Cooper, of Mitchel, Nebr., with their children, visiting at the home of their parents, Mr. and Mrs. Arch Wyant the past week, left yesterday for their homes. Judge Tomlinson is something of a collector of rifles with historical background. Sometime ago he was showing his friends a cane carried by the late Lew Chapman. Recently he acquired a pair of Indian clubs that had been the medium of mild exercise for the late M. P. Kinkaid. An O'Neill householder put them in with an indiscriminate collection of home accumulations for the last community sale. They were bought by one of the bidders who let Judge Tomlinson have them,

Floyd Adams, of Amelia, was in the city Tuesday. Dan Davis was a bus passenger Tuesday for Page, to be gone a day or two. William Decker, of Page, was looking after personal business in the city Tuesday. Leon Wyant was lodged in jail Sunday night for intoxication and subsequently fined \$7.70 in police court. Paul Fisher, of Wyoming township, was in town Tuesday, going to Atkinson early afternoon for the sale at the pavilion. County Superintendent Clarence McClurg departed Sunday for Texas where he will spend a period relaxing from official duties. Mr. and Mrs. H. J. Birmingham and children returned last Friday from a two weeks' visit with relatives and friends in Chicago. Of course it's hard to fool all of the people all the time but the New Dealers are willing to fool 51 per cent of 'em for another four years. Mr. and Mrs. Emmet Doyle, of Chicago, are in the city, guests of Mrs. Doyle's father, J. B. Ryan. They expect to remain here until September. Miss Idell Spangler returned Sunday from Martin, S. D., where she had been visiting her sister, Mrs. Melvin Clyde, for the past two months. A. R. Rhodes, of Lenox, Iowa, with real estate interests in this county, was in the city the past week, visiting also his old friend H. W. Tomlinson. Mrs. John Kersenbrock and children went to Osmond yesterday after their son, Jack, who has been with relatives there for the past two months. Mrs. Charles Richter was brought into O'Neill Sunday from her home in northeast Holt suffering from nosebleed, and was attended by a doctor here. The fortunes of the New Deal Party are said to have reached a turning point. That is, the point where radio listeners are beginning to turn the dial. Mr. and Mrs. Pete Curtis returned Saturday last from Berwyn, Nebr., where they have been making their home for some time past and expect to remain in O'Neill.

COL. FRANK KNOX

Colonel Knox, Republican candidate for vice president, will take an active part in the coming campaign. He plans to speak in all parts of the United States.

Wheat Imports Jump Rapidly

United States Now Buys 40 Million Bushels From Other Nations.

By FRANK RIDGWAY Gears of international trade machinery have been thrown in reverse to the extent that the United States is today the world's largest wheat importer, with the single exception of Great Britain, including North Ireland. In that regrettable position this nation has imported from foreign countries more than 40 million bushels of wheat within the past year.

For at least 70 years, this country had been a net exporter of wheat. A dozen years ago, farmers bragged about selling to foreign countries more than 259 million bushels of wheat in one year, exceeding the exports of any other country in the world. Today, they are forced to stand by and watch foreign growers sell wheat to America's customers abroad. They also are supplying a large part of the market here at home.

Government Tinkering. This revolutionary change has been brought about not only by droughts, but also by government tinkering with production and foreign trade policies. Had there been no government meddling, our growers would have had more wheat to sell during the next 12 months when prices are expected to be higher than they have been for several years.

After three years experience under a crop and livestock production program dictated to them by officials of a centralized government, many practical farmers feel that they would have done a better job acting individually. They must pay their share of the New Deal dole money sent out to individual farmers for reducing their production which has contributed to the present predicament.

Farmers had been told by political planners that the reduced production of farm products, brought about by adverse weather conditions and by the Agricultural Adjustment Administration program, had been good for them. As they now stand looking backward, each farmer is better able to appraise for himself what the drought and the Agricultural Adjustment Administration did for him and decide as an individual whether it has been good or bad.

Pay Higher Prices. Producers, working under various handicaps, are now threshing a wheat crop estimated to be approximately 638 million bushels, more than 145 million bushels less than the five-year average from 1929 to 1933. It will again be necessary for the United States to bring in large quantities of hard wheat to blend with soft wheat during the next year. Our millers will be forced to pay a higher price plus 42 cents a bushel duty because Canada's wheat crop is short.

When the wheat drills start this fall, many United States growers are expected to make their own decisions as to the number of acres they will plant and encourage their neighbors to do likewise.

Lincoln, Landon Have Same Initials Mrs. Wilma D. Hoyal, assistant chairman of the Republican National Committee, isn't superstitious, but she points out that Abe Lincoln and Alf Landon have the same initials.

"Abe Lincoln," says Mrs. Hoyal, "brought our country through its greatest crisis in the 19th century. If there is any significance in this repetition, Alf Landon surely will be elected to do the same for us in the 20th century."

Another Old Settler Taken by Death

Mrs. Wilhelma Richter died at her home northeast of this city Wednesday afternoon about four o'clock, after an illness of several weeks of infirmities due to old age, at the age of 80 years, 1 month and 13 days. The funeral will be held on Saturday afternoon at 2 o'clock with services at the home conducted by Rev. A. J. May of the Methodist church and burial in the cemetery at Scottville.

Mrs. Richter was born at Wiendorf, Germany, on June 22, 1856. She grew to womanhood there and in 1873 she was united in marriage to Frederick Richter, the ceremony being performed at Wiendorf. To this union five children were born, all of whom are living and are residents of the northeastern part of the county. The children are: Mrs. Joseph Schollmeyer, Fred, Charles and Ernest Richter, of Dorsey and Mrs. Ralph Chase and Mrs. Frank McDonald, of O'Neill. She also leaves 26 grandchildren and 9 great grandchildren to mourn the passing of a kind and indulgent mother and grandmother.

Shortly after their marriage the family came to the United States and settled in Wisconsin and came to this county from that state in the fall of 1886, and since that time, with the exception of about five years Mrs. Richter had been a resident of this county—nearly fifty years, and on the same farm in the northeastern part of the county. She was a kind and indulgent mother and raised a splen-

did family of children, the boys all being prominent in athletic events in this county for over a quarter of a century. She had many friends in the eastern part of the county who will regret to learn of her passing.

Chicago.—Threatened with the establishment of a radical government—"a sort of New Deal on the American pattern"—France is experiencing a wave of public fear that is described by Howard Wood, prominent economic writer, as similar to the financial panic which swept the United States between the election of the New Deal in November, 1932, and the date of the inauguration in March, 1933.

"In France," Mr. Wood reports, "the 'little fellows' are trying to protect their savings by hoarding. Runs on the banks have reduced deposits. Capital is leaving France as fast as there are ships available to carry gold. Disclosure of plans to 'soak the thrifty' and schemes for vast political expenditures have intensified the scramble.

"Similarly in the United States," Mr. Wood adds, "the panic did not begin until the interval between the election of the New Deal and the date of its taking office, and culminated in the nation-wide bank moratorium of March, 1933." Observers of business and industrial conditions have already established the fact that the low point of the depression was passed during the summer of 1932, and the upward climb to prosperity was already under way in the fall of the year. Fears that arose from the proposals of New Dealers brought on the panic.

Landon Studies Farm Problem

TOPEKA, KAS.—Vacation is over for Gov. Alf M. Landon, who has settled down to a heavy routine of duties handling the affairs of his office and preparing his major campaign addresses. He is shown here with George N. Peek with whom he discussed agricultural policies, Mr. Peek, former AAA administrator for the New Deal, says "Agriculture has definitely lost ground under the New Deal."
