L. G. Gillespie
Candidate for the
Legislature

I am a candidate for the Unicameral Legislature on the non-political ballot from the 23rd district, comprising Holt, Rock, Boyd and Keya Paha counties. If elected, it will be my purpose to voice the wishes of my constituents, as I endeavored to do as a House member from Holt county in the 1935 session.

Your Vote and Support at the Election November 3, Will Be Appreciated.

OIL-PLATING DONE HERE

(BUT BE SURE YOU READ ALL THE OTHER WINTER OIL ADS, TOO)

You will find most of the emphasis these days, on oil that flows freely.

Well and good. You SHOULD use your correct Winter grade, but... You can see that the more freely any oil flows, the more freely it FLOWS DOWN OFF the pistons, cylinders, and other parts when you stop.

Then in starting up cold, where is mere free-flowing oil?

It is waiting to be pumped up on the job. And even in much warmer weather than this—according to engineering opinion—those oil-starved waits can cost you more engine wear than all the rest of your driving!

But this Winter with free-flowing Germ Processed oil, you can have your engine Oil-Plated! ... much more than a change to OUR Conoco Germ Processed oil... really a change to unbroken Winter lubrication for YOUR engine. It may stand cold for hours—days—weeks. Yet the slippery Oil-Plating formed only by patented Germ Processed oil, will always be UP IN ADVANCE. Pistons slip easy. Starter spins. Oil-Plated engine obliges—and lives the good life, on a stingy diet of Conoco Germ Processed oil. Continental Oil Company
