## MAIL VOTE GIVES GIBSON 5TH DIST. SUPERVISOR JOB

Gibson Has 7 to 5 Majority in Mail Count. Gillespie Carries Holt County.

For the office of supervisor of the Fifth district the unofficial count gave 600 votes for Gibson, democrat and 600 for Walters, republican. There were 12 mail votes cast on this office of which Gibson received 7 and Walters 5. This elects Gibson as supervisor from this district to fill the vacancy caused by the death of Ezra Cooke a little over a year ago. The mail vote did not make any change in the other districts.

The mail vote cast at the last general election in this county was canvassed last Saturday. The vote did not change the totals on the head of the ticket as Roosevelt received 73 votes and Landon 73. Judge Dickson received 91 votes, while Judge Harrington received 46.

In the vote for representative in this county, published in The Frontier last week, the figures were transposed and Gillespie carried the county over Brady. In the mail vote Gillespie received 84 and Brady 55. The totals for each candidate are: Gillespie 3,696, Brady 3,530. The canvassing board has not yet completed the official canvass, but the above will probably be the final figures on this contest, in the county.

Following are unofficial returns on a portion of the precinct tickets: Antelope: Justice, Ronald Grass 39, L. B. ## Hospital Notes

Bert Shoemaker came in last Saturday for medical treatment. He has been quite ill with iritis and infection of the face, but is improving at the present time.

Hospital report for the past year: Patients admitted 139; number of days treatment 860; number of births 15; number of deaths 12; number of accidents 19; number of major operations 28; number of minor operations 44; number of fracture cases 4; number of medical cases; 21. Total expense of hospital \$2,905.94.

## Father of W. Joslyn Dead

Obsequies were held from the Presbyterian church yesterday afternoon for A. G. Joslyn who died Wednesday morning.

Abram Gustavus Joslyn was born in Kenosha county, Wis., on February 2, 1849. He grew to manhood in the locality of his birthplace. He was married to Joseph-

ine C. Bush on Nov. 9, 1873. Mr. Joslyn was a man of sterling character, loved and respected by those who knew him. Mr. and Mrs. Joslyn had lived near Gillette since 1919. He is survived by his widow, a daughter, Mrs. Roy Fleming of Randolph, Nebr.; two sons, W. C. Joslyn of Gillette and C. F. Joslyn of Cottonwood, Idaho; 26 grandchildren; 29 great grandchildren and 5 great-great grandchildren.—New-Record, of Gillette, Wyo., Oct. 3, 1936.

Mr. Joslyn was the father of W. C. Joslyn, formerly a resident of this county, and who moved to Gillette in 1930.

## O'Neill High Wins Over Neligh Gridsters 27 to 6

A large delegation of O'Neillites went down to Neligh yesterday to see the O'Neill high school football team tangle on the gridiron with Neligh high school. The game was an interesting one from start to finish, resulting in a score of 27 to 6 in favor of O'Neill. The local high school team has not lost a game this year, and yesterday was the first time this season that their goal line has been crossed.

## THE NEBRASKA SCENE

by James R. Lowell

Despite a corn failure and a major political campaign, Nebraska will mark up 1936 as a comparatively good year, and the people are facing 1937 with optimism. Farm income will be higher than for any year since the depression; automobile and truck sales, along with farm machinery, will come close to the 1929 record; bank clearings are reaching new high figures, and retail sales volume generally has been the highest since 1930.

For the remainder of 1936 and for next year, the PWA, WPA and Rural Electrification administration will continue to occupy a conspicuous place in the state's economic scene.

Construction is likely to start late this year on a student activities building to cost in the neighborhood of half a million dollars at the University of Nebraska. PWA has offered \$180,000 to aid in financing the project.

A PWA grant of \$414,000 for Omaha Municipal university's building program has been approved at Washington. Meanwhile the university must scrape up more than half a million dollars to match the federal grant, and Nov. 12 was set as the deadline for acceptance by Omaha university authorities.

Excavation work has gotten underway on the North Loup river public power and irrigation district project. The district has a loan and grant from PWA totaling about \$1,700,000.

Work is to start yet this year on a \$49,850 PWA storm sewer project at Columbus, while at Auburn, a bid of \$51,225 has been accepted for construction of a new postoffice.

Bids are being received this week on contracts for five PWA projects totaling more than \$195,000 and including a sanitary sewer and disposal plant at Sargent, paving at Grant, water works improvement at Campbell, school improvements at Halsey, and a new school building at Douglas.

Up to this month the Nebraska WPA had completed 445 projects at a cost of \$4,351,868, and involving 7,249,093 man hours of labor. Nebraska communities contributed \$1,012,786 of the total cost. Projects calling for construction and repair of school buildings have been an important part of the WPA program with 38 such projects completed and 33 now in operation.

Construction of rural power lines under the REA promises to be one (Continued on page 4, column 1.)

## Cornhuskers Win

The Nebraska university football team defeated Kansas last Saturday with a score of 26 to 0. Nebraska has a great team this year, but one of their supreme test comes next Saturday afternoon when they entertain Pittsburg on their home gridiron. Nebraska has not lost a game on their local gridiron this year and it looks to us at this distance that they have enough to take the Pittsburgians to a cleaning Saturday. Outstans will be pulling for the Nebraska boys.

## O'NEILL TO OMAHA HIGHWAY WILL BE HARD SURFACED

Plans Call For Bringing Highways Nos. 20 and 8 In Together On Lower Fourth Street.

According to plans outlined by the state highway department the close of 1937 will see a hard surfaced road from O'Neill to Omaha, over highway No. 8. When this road is completed the distance between O'Neill and Omaha will be reduced to approximately 190 miles, compared to 235 between here and Omaha as it was two years ago. This will be quite a saving in time as well as in gasoline.

As we understand the set-up, Highway No. 20 will cross the Burlington at Orchard then west, and instead of turning north at the present junction of No. 8, will run west and northwest and join No. 8 a few miles east of this city and they will both come into O'Neill as one road, between the Northwestern and Burlington tracks, where they will join No. 281 to the north and south. If this route is followed Page will be a few miles north of highway 20 and will not be on highway No. 8, which is being changed to run west along the north side of the Northwestern tracks.

Present plans contemplate paving and hard surfacing on No. 8 from Oakdale to Meadow Grove, from Ewing to O'Neill and between Pilger and Norfolk. This will complete a hard surfaced road between O'Neill and Omaha. The new No. 8 from Ewing to O'Neill, along the north side of the northwestern railway, will shorten the distance between O'Neill and Ewing about nine miles. The distance was shortened between O'Neill and Omaha about nine and one-half miles during this year. The road was shortened five miles between Ewing and Clearwater and four and one-half between Norfolk and Wisner.

## O'Neill Recreational Association Formed

An evening of last week the O'Neill Recreational association came into being by the action of several interested and prominent citizens. The purpose of the organization will make it possible for young and old to participate in some activity of their interest. The executive committee selected by the citizens was as follows: Chairman, Mrs. F. J. Dishner; Roberta Arbutnot, Leon Putnam, Charles Yarnell, Arthur King, Elizabeth Gallagher and Elmer Stolte.

By action of the executive committee Art King was selected as director. The following are some of the activities that will receive attention along with others as the need is felt:

Music, art, hobbies, metal work, wood work, alabaster work, wood carving, leather tooling, taxidermy, recreational games and athletic games.

Your interest and participation will be a boost. Help the good cause along.

## Please Get Copy In Early

The heads of civic organizations are notified that The Frontier is always glad to give publicity to anything that will be of benefit to the people of the county or the city. But one thing that we must insist on and that is, that articles of that character must be in the office early in the week. When they are received Thursday noon it is too late for the paper and we do not like to publish them after ten days have elapsed, for the various items lose their news value.

## APPRECIATION

I want to thank the voters who so loyally supported me in the election, and I will do my utmost to merit the confidence you have expressed in me.

JOHN A. CARSON.

## SPIRITED SIX

The third meeting was called to order by the president on Thursday, November 5th. The roll call was answered by giving the name of a favorite bird. Bonnie Henifin was the only absentee. Lloyd and Bernadine were appointed as a health committee to inspect the pupils every morning. Donald and

Betty were appointed on the cleanliness and orderliness committee.

We are carrying on several group adventures. We plan to entertain our parents on patrons day, Friday the 13th by having a Knighthood of Youth meeting, and have riddles for roll call and will elect new officers for the Club. All our castles are made and the group castle is up. Our Good Deeds box has been decorated in our Club colors, purple and gold. A program was given by the girls because they lost in our good English contest.—News Reporter.

## Heating Plant Is In At Court House and Other Work Coming Rapidly

Work on the new court house is progressing rapidly. This week they installed the heating plant and had it in operation Wednesday afternoon. A large stoker run with electric power feeds the coal into the furnace, and in this manner they will be able to keep uniform heat at all times. There will be a considerable saving in heating bills as they will be able to burn much cheaper coal with a stoker than they could if they had to shovel the coal into the furnace.

The windows are being painted and calked. Workmen are here for the installation of the terrazzo floors, starting work on the bases today.

H. R. Mueller, of St. Louis, Mo., arrived in the city Wednesday and will install the new cells in the jail on the top floor. One of the cells will have ten bunks and the other large cell will be the exercise room for the prisoners in the day time. Mr. Mueller is a representative of the manufacturers of the cells, and he came here from Chadron where he just finished installing cells in their new court house there. He said it would take him ten days to complete the work here.

## Salvation Army Funds Being Collected Here

Capt. Alexandra Martin, state representative of the Salvation Army, is in O'Neill in connection with the annual appeal for its state work.

The Salvation Army Maternity Home and Hospital, located in Omaha, serves the entire state of Nebraska in caring for unfortunate girls. Last year 107 girls passed through the home. Up to July 31st 99 girls. Funds received locally at this time will go to the maintenance of this institution in its humanitarian service. Captain Martin hopes that a generous response will be made by the people of this city.

## Blue Jays Near Triumph

J. D. Cronin and Gene O'Hern returned Sunday from Omaha where they had gone to attend the Creighton university annual homecoming and witness the football game between Creighton and Marquette. Marquette is one of the strongest teams of the country this year and the Creightonites did not believe they had a look in prior to the game. What was the astonishment and joy of the home-comers to see the Blue Jays hold the celebrated Marquette team to a 6 to 7 score, the winning margin being a goal kick after touchdown that the Creighton team fell down on and that Marquette made good. While the Creighton boys were defeated they covered themselves with glory and their defeat at the hands of this celebrated team was as good a victory over any other. The local representatives say they never saw a better football game played anyplace and are loud in their praise of the Creighton team of 1936.

## Turkey Roasting

It won't be long now until Thanksgiving and with the coming of the Holiday season thoughts of most Holt county housewives are turning toward the most favorite of all foods at this season of the year—the turkey. Plump, juicy and golden and ready for the carver's knife, the bird will again adorn the tables this year.

Every housewife is interested in getting the turkey roasted to the highest degree of perfection. A low and constant temperature of 300 to 350 degrees is best to insure good results. There is less shrink-

age at this temperature and the meat is juicy and has a better flavor. Young birds cook in less time than "more tougher" meat while a larger bird requires somewhat fewer minutes per pound than a smaller one. Moderately low cooking temperatures produce a juicy product with the minimum shrinkage. Housewives will find that the turkey should be brushed with unsalted fat. This protects the skin and gives it a golden crispness—so important on Thanksgiving, adding to the holiday spirit. The turkey may be placed on a rack in the roasting pan, left uncovered and roasted slowly until the right degree of doneness is reached.

In timing the roasting of the bird, approximately 22 to 25 minutes per pound (before drawn) should be allowed. Favorite stuffing may be made and the turkey stuffed the day before Thanksgiving in order to save time.

## Will Hold 4-H Poultry Show Here Nov 21st

The second annual 4-H Poultry Show will be held in O'Neill at the K. C. Hall, Saturday, Nov. 21. Over 100 members will groom their best toms, hens, cockerel and pullets to vie with each other for valuable prizes. Members themselves will compete in judging and demonstration contests.

Turkeys in the show will be for sale by club members for breeding purposes or for Thanksgiving dinners immediately after they have been placed by the judge. J. H. Claybaugh from the agricultural college will officiate as judge.

## Coyote Hunt Postponed

The coyote hunt scheduled for Saturday, November 7, was postponed on account of unfavorable weather until Saturday, November 14. Everyone interested in participating is requested to assemble at the Cleveland church and be ready to start promptly at 9:00 o'clock in the morning. Rifles will be barred but shotguns of all gauges will be permitted. For further details get in touch with Mahlon Shearer, Stuart, Nebr., or Agricultural Agent, F. M. Reece, O'Neill.

## New Chevrolet Showing Draws Large Audience

The new Chevrolet car was placed on display at the Chevrolet garage here last Saturday morning. Manager Lundgren said that there were at least 1,000 people in the garage Saturday to inspect the new car and about 400 more on Sunday. The style and appearance of the new car seems to catch the fancy of the motoring public and many were the favorable comments heard about this new Chevrolet. The Miller Bros. Chevrolet company delivered four new cars on Saturday and Sunday and have orders on hand for a dozen more as soon as the cars are received. From the unanimous acclaim with which the new car was received it looks as if the coming year would be the most prosperous year in Chevrolet history.

## New Drug Store Opened

The Johnson Drug store opened up for business last Saturday morning. While it was not a very nice day Mr. Johnson says they enjoyed a splendid business and that hundreds of people visited their store during the day, and many of them were purchasers. Mr. Johnson says that he has always heard that O'Neill was one of the best towns in the state and that he is now convinced of that fact, from the crowd he had Saturday and the merchandise sold, in the face of a very inclement day. Had the day been nice and warm he said he would have had a hard time taking care of the customers who would have attended the opening.

## New Bridge Completed

The new cement bridge across the old bed of the Elkhorn south of this city has been completed and traffic is now running over the bridge. The new bridge is one of the nicest across the river in this section of the state. Workmen are engaged in erecting the bridge over the new river bed, but have been held up waiting for steel and other material. It is figured that the work will be completed within two weeks.

## VETERANS OBSERVE ARMISTICE DAY WITH APPROPRIATE RITES

Parade, Program, and Lunch For Ex-Service Men Principal Features of Day.

A large crowd of ex-service men, their relatives and friends were in the city Wednesday to help the "boys of 1918" celebrate properly the 18th anniversary of the termination of the great conflict, and they all had a good time.

Shortly after 10 a. m. the parade started from the corner of Sixth and Douglas and marched west on Douglas, disbanding about Second and Douglas. The parade was headed by the O'Neill School band of 60 pieces, followed by about a dozen of the boys who were in the great conflict. Then the pupils of the O'Neill public schools and of St. Mary's Academy.

We stood on the corner of Fourth and Douglas and several strangers there witnessing the parade all remarked at the number of school children. It was a wonderful sight as these future rulers of this city marched along, all happy in being able to strut along the street, behind the band, and with the plaudits of the crowd along the sidewalks ringing in their ears. There were between 900 and 1,000 school children in the parade.

The program at the K. C. Hall started about 11 a. m. and the hall was packed, hundreds unable to gain admittance. Prof. Roy W. Carroll presided at the meeting in the hall and the following program was rendered:

Advancement of Colors; Invocation by Rev. Johnson; "Military Escort,"—H. Bennett, by the band; Selection by St. Mary's Glee Club; "Invincible U. S. A."—Keifer, by the band; "In Flanders Field," Nadinie Kilpatrick; Selection by St. Mary's Glee Club; "Rifle Rangers"—K. L. King, by the band; Address by Attorney Earl J. Moyer, of Madison; "Star Spangled Banner," by the band; One minute silence; Taps; Dismissal; Selection by the band.

Prior to the address of Earl J. Moyer, Prof. Carroll introduced Julius D. Cronin, an old friend of the visiting attorney, who, in a few well chosen remarks introduced the speaker of the day. Mr. Moyer is one of the leading attorneys of northeastern Nebraska and delivered a very able address. He was a former State Vice Commander of the American Legion and for several years has been a member of the Veterans of Foreign Wars.

He spoke of how the boys went to war to make the world "safe for democracy" and then spoke of the bitter struggle in several of the foreign countries where dictators are ruling the people of several nations. Mr. Moyer made a splendid address and the packed hall listened with close attention to his address and roundly applauded him at its conclusion. Mr. Moyer made a decided hit here and should he ever again return to this city to deliver an address on any topic he will be sure of a large audience.

After the exercises at the hall the service men and their guests marched to Bauman's cafe where a luncheon was served to 150. During the luncheon several recitations were delivered and some of the performers made a decided hit with the assembled Legionnaires and their guests.

Practically all the business houses of the city closed at 11 o'clock and remained closed for the balance of the day.

Miss Jean Burgess entertained several of her little girl friends at her home last Saturday afternoon, the occasion being her eighth birthday. The little folks attended a show in the afternoon, then had lunch at Joan's home and were entertained with various games during the rest of the afternoon. The little folks had a very enjoyable time.

## CARD OF THANKS

We wish to express our appreciation for the acts of kindness shown us during the recent loss of our husband and brother.—Mrs. Mabel Gatz, Mr. and Mrs. C. J. Gatz, Mr. and Mrs. F. G. Clift, Mr. and Mrs. William Gatz, Mr. and Mrs. J. E. Vincent, Mr. and Mrs. A. J. Schroeder, Mr. and Mrs. Charles Gatz.
