M., Holt county, Nebraska; that he left a last will and testament which was originally admitted to probate in the Probate Court of Douglas county, Kansas; that the devisee under said last will and testament, Lulu L. Johnson, died on March 11, 1934, and prior to the death of the testator, Geo. H. Johnson, and that said devisee left no issue surviving her; that by reason of the death of the beneficiary under said will, said real estate descended to the heirs at law of the said Geo. H. Johnson, as provided by the laws of descent and distribution of the State of Nebraska. That the heirs at law of said Geo. H. Johnson, Deceased, and their degree of kindred are: Ida Jacobs, Lydia Keen, sisters; Amber Williams, Crete McDonald, Vina Fritz, Nieces; Orlo K. Johnson, Lester Johnson, Vada Johnson, Archie Johnson, Marvin E. Johnson, Harold C. Johnson, Arthur B. Johnson, Harker Johnson, nephews; that petitioner is an heir at law of the said Geo. H. Johnson determined; that said estate is not subject to an inheritance tax; that all debts and legacies of the said estate have been paid; that attached to the petition is an authenticated copy of the last will and testament of Geo. H. Johnson; that the prayer of the petition is that the authenticated copy of the last will and testament of Geo. H. Johnson be admitted to probate as his last will and testament; that the court may find and determine that Lulu L. Johnson, devisee under his last will and testament, predeceased the testator and that the bequest to her in said last will and testament lapsed and is void and of no force and effect and that his estate descended to his heirs at law; that the Court may enter a decree of heirship and may find and determine their degree of kinship and may find and decree that said described real estate descended to them as such heirs at law; that further and regular administration of this estate may be dispensed with; that the claims of all creditors of said deceased may be barred and that it may be found that this estate is not subject to the payment of inheritance tax and that the above described real estate descended free and clear of all debts to the heirs at law of the deceased, Geo. H. Johnson, and for such other and further relief as equity may require.

**CONGRESS**

(Continued from page 4.)  
 fifth Congress ended at 7:22 p. m., Saturday, Aug. 21, and what an ending. The Senate had quit some time before the House had finished. The ending of this session left the members from the middle west gasping. Heretofore, the end of session was marked by a lot of singing and farewell humor. This one just ended with the members from the Pacific northwest, California and the industrial east and especially the south in great humor. They "got something," but the members from the middle-west felt they had been taken for a ride.  
 The last hours of this congress were very much like an auction block. You "scratch my back and I'll scratch yours" was the prevailing sentiment and the little middle-west minority, both Democrats and

Republicans, just fought a losing battle.  
 Often, the concluding twenty-four to forty-eight hours of a session of congress are more momentous than the preceding seven or eight months. It is under this pressure of time and the urge to barter for advantage that much murder is committed.

**Relief Up To Nebraska Administrator**

In the Third district there will be about seven counties which will need outside aid, if information coming to this office is correct. Some parts of Antelope, Boone, Greeley, Knox, Platte, Madison and some other counties have been hit hard by drouth and grasshoppers. In these sections there was no small grain and information is that there will be no corn. Word has come from these counties asking that they be designated as emergency drouth areas and needy farmers given work relief.

This congress has voted one and a half billion dollars for emergency relief this year. This money should be available for those needing help in the Third district and the matter has been put squarely up to the Nebraska relief administrator. Present indications are that generally the Third district will have a reasonable corn crop but there will be many farmers in less fortunate sections who will be just as bad off as they were a year ago. Feed and seed loans and commodity loans will not help these unfortunate farmers so the plea is made for work relief.

**No Economy In Last Session**

It has been a very expensive session for taxpayers. The amount of money authorized or appropriated will run close to eleven billion dollars. The economy in expenditures has been slight. The nation's debt is still climbing close to forty billion dollars. Members realize that the people's treasury is paying out eight dollars for every four and a half dollars taken in. They also realize that the "budget-balancing" program has only begun and that "economy" may be the keyword during the next session to give some comfort to taxpayers. The government office holders are multiplying by leaps and bounds by the addition of new commissions and new bureaus and agencies.  
 Government employees are not in favor of any reorganization plan which may result in the loss of

their jobs. These employees are organized. They are becoming as strong as the army and navy lobbyists. Any attempt to consolidate or eliminate an agency or department brings a storm of protest on the heads of members from the employee groups and the Washington newspapers. That's one reason for the slowness in consolidation and elimination.
