**SHERIFF'S SALE**  
 Notice is hereby given that by virtue of an Order of Sale issued to me by the Clerk of the District Court of Holt county, Nebraska, in an action pending in said Court wherein The Penn Mutual Life Insurance Company is plaintiff and Ed Jenkinson and Ethel Jenkinson are defendants, I will sell to the highest bidder for cash at the front door of the court house in O'Neill, Nebraska, on the 1st day of November, 1937, at 10 o'clock A. M., the following described premises in Holt county, Nebraska:  
 Southeast quarter of section thirty-five, township twenty-nine, north, range twelve, west of the 6th P. M., containing 160 acres, more or less, according to Government Survey, in Holt county, Nebraska,  
 to satisfy the sum of \$2,291.23 found due plaintiff and interest thereon and \$21.05 costs of suit and accruing costs.  
 Dated this 27th day of September, 1937.  
 PETER W. DUFFY,  
 Sheriff of Holt County,  
 Nebraska.

President Roosevelt recently sharply criticised Lord Macaulay for statements he made a long time ago and it is said that some of the boys want to take Mac over to the next Jefferson Island picnic and see if they can't sweeten him.

The government of Costa Rica has held that a Spanish postage stamp bearing the likeness of General Franco is no good. Doubtless they would approve one coming from the United States bearing a picture of Santa Claus.

The British would be willing to avenge the unfortunate wounding of their ambassador to China if it took every United States battleship and marine to do it.

Of course the Chinese are to blame for their own troubles. First they invented gunpowder and then they failed to keep enough on hand to protect themselves.

**RECORD OF FARM DEBT PAMENT CONSIDERED FINE**  
 In the face of successive years of drought and crop failure, farmers in the Dakotas, Nebraska and Kansas have established a record in debt repayment. That hard times and reduced incomes have not meant a "debt moratorium" is shown from figures recently released by the debt adjustment unit of the Farm Security Administration.

Over a two year period ending September 1, 1937, adjustment was worked out for 9,952 families whose original indebtedness totalled \$35,244,426. After adjustment the total indebtedness amounted to \$21,719,126 or a reduction of \$13,525,300.  
 "While this is a reduction of 38% of the total indebtedness," Ralph Hutchinson, head of the FDA unit declared, "it also means that despite handicaps of drought, dust, crop failures and other disasters, farmers of this "hard hit" section of the country have arranged to pay off 62% of their debts.  
 "This has meant new money in commercial channels and every case has been worked out to the entire satisfaction of the creditors," he pointed out. "Collection of these old debts, many of which have been on the books for years, has meant a great deal in reviving the business of the community in which the farmer-debtor resides."  
 Most important angle of the work, according to Hutchinson, is the improved spirit of the farmer who otherwise would have been facing bankruptcy, and foreclosure. Every case was adjusted under the supervision and advice of county and district FDA supervisors, cooperating with the voluntary local committees.

## Like All Women, You Want Your Clothes to Be Right

AND the only way that you can be sure they will be right is to know what the designers and creators of new styles have decreed *shall be right*.

Cherie Nicholas, nationally known authority, who writes on women's fashions for this paper, tells you just what you want to know and pictures for you the garments and hats that the well-dressed woman will be wearing in the weeks to come. The styles that Miss Nicholas describes are authentic and the garments that she depicts are up-to-the-minute, but they do not represent style extremes. The garments are those that will be worn by the average woman and that you will find for sale in your home stores.

Keep up with the changing styles through Miss Nicholas' illustrated fashion articles, appearing in these columns, and tell your friends about them.

"This work becomes of the greatest importance to the welfare of agriculture in this region," Hutchinson declared, "when we consider that without an adjustment of their debts many good farmers would have been forced to give up that occupation."

The farm debt adjustment work is an essential part of the rehabilitation program of the Farm Security Administration. Before a standard loan is granted by FSA a farmers' debt structure is analyzed and settlement worked out.

a short call. Mr. Lester runs a newspaper in Kansas and for several years was a successful newspaper publisher in this state, his last location in Nebraska being at St. Edwards.

Mr. and Mrs. John Alfs returned home last Tuesday evening from a three weeks visit at the home of their daughter, Mrs. P. W. Kitchens at Sheridan, Wyo. Mr. Alfs says that section of Wyoming is looking better now than he has seen it for several years, fairly good crops and better business. He says that section is pretty much fed up with the New Deal.

Mr. and Mrs. O. M. Herre left Tuesday morning for Fremont, Nebr., where Mrs. Herre and son will visit relatives for a few weeks while Mr. Herre leaves the latter part of the week, accompanied by his father for Olympia, Wash., where he expects to locate. He has several relatives in that vicinity and will locate either in Olympia or adjacent thereto. Mr. and Mrs. Herre have many friends in this city who wish them happiness and prosperity in their western home.

D. F. Felton, state WPA administrator, and Archie Donovan, publicity agent for the WPA, were in the city for a few hours Wednesday, Mr. Felton meeting with the county board. They are on a tour of the dry sections of the state with a view to getting work projects lined up to assist those who have suffered the partial loss of another crop. They left Wednesday afternoon for Antelope county, part of which county has been hit unusually hard by the drouth this year.

Mr. and Mrs. H. W. Tomlinson and daughters, Mrs. William Turner of Chambers, and Mrs. Mildred Coventry and daughter, Joan, of Inman, left this morning for Toronto, Kansas, where they will spend a few days visiting at the home of Mr. Tomlinson's sister, Mrs. A. J. Connery.

Mike Minton of Albuquerque, New Mexico, arrived in the city last Friday night, coming up to attend the funeral of his brother-in-law, Roy Judge, which was held last Saturday. Mike remained here for a few days' visit with his mother, brother and other relatives and friends here.

Mr. and Mrs. Fred Harbottle and daughters, Magel and Mildred, and son, Billy, left Monday for Pomona, Calif. They sold their household goods at auction last Saturday and will make their future home in California. They drove thru, being accompanied as far as Whittier, Calif., by Eddie Ryan.

Rev. P. F. Burke, who had been assistant at St. Patrick's church here the past year and a half, left Saturday morning for Omaha, where he will be the assistant at the Sacred Heart parish in North Omaha. Father Burke made many friends during his residence here who wish him success in his new field of labor.

J. A. Lester and daughter, Miss Alice, of Wamego, Kansas, were in the city last Saturday while on their way to visit relatives in South Dakota and made this office

Mr. and Mrs. W. S. Waite of Loup City, Nebr., and daughter, Miss Evangeline of Lincoln, were in the city for a short time Wednesday visiting at the home of Mr. and Mrs. D. H. Cronin. Mr. and Mrs. Waite have been residents of Loup City for a good many years, he having represented Sherman county in the legislature in the session of 1911. Mr. Waite says that the corn crop is practically a failure in his county, but they are looking forward to great things in the future when the irrigation system that is now being installed in that county is completed. He says they will be able to irrigate several thousand acres of bottom land that will be under the new ditches. Even with the expenditure of several hundreds of thousands of dollars of the people's money in that vicinity in irrigation and water power plants he says the New Deal is not very popular among the residents of that county, even among those that were formerly strong democrats.
