PETER W. DUFFY,
Sheriff of Holt County,
Nebraska.
20-5

Many Bee-News Readers Will Take Lincoln State Journal

Bee-News readers are faced with choosing a new newspaper to replace the Bee-News which has been discontinued. The Daily Lincoln Nebraska State Journal welcomes Bee-News readers as subscribers. The State Journal will be pleased to send free samples to former Bee-News readers who would like to analyze and order their future reading for themselves. The Bee-News suspension leaves but one other large morning daily in the state besides the State Journal. It leaves but one other large Sunday paper in the state besides The Sunday Journal and Star. The State Journal has been serving the territory between Omaha and Denver for the past seventy years.

The Lincoln Journal sells for one to two dollars a year less than any other big state morning daily, and is priced as low as day late afternoon papers. With the Lincoln Journal you practically get the Sunday free, for the other morning paper charges as much for daily only as The Journal does including Sunday. By mail in Nebraska and North Kansas, three months Daily \$1.25, with Sunday \$1.50; a year Daily \$4.00, with Sunday \$5.00. Or by carrier boy 15c a week for daily and Sunday. The Lincoln Journal has openings for carriers on morning, evening and Sunday paper routes in many towns.

What a DIFFERENCE the TELEPHONE MAKES To the Farmer

Previous Week Shows An Alarming Increase In Various Accidents

An amazing total of accidents, the highest for any week since July, is revealed in the report sent out by the State Department of Public Instruction and the Nebraska Press association. Accidents for the week ending Sept. 25, total 402 in which 317 individuals were hurt or killed. The death toll went down to thirteen, showing a distinct decrease from seventeen of the week ending Sept. 8. Accidents for that week totaled 227 and 283 were injured or killed. This week five children were killed and seventy-four were injured.

Decrease In Auto Injuries, Deaths

Automobile accidents showed an increase with this week's figures totaling 113 as compared to 101 of the week previous. However, injuries and deaths showed a distinct decrease. Accidental injuries and deaths came to 135 as compared to 143 for the week ending Sept. 8. Four deaths were recorded; one in a collision, a boy was struck down by a car and killed; a farmer was killed at a railroad crossing, and another boy fell from his father's truck and was crushed beneath the wheels.

Disabilities also decreased this week. Two people were disabled when hit by cars.

Fifty-one of the accidental injuries came from collisions. Eleven pedestrians were injured by cars, and five when automobiles struck bicycles. Eleven injuries were attributed to tire blowouts and six when drivers lost control of cars because of skidding. Eleven car fires occurred in which one person was injured and eight persons were hurt when drivers lost control. Seven cars hit obstructions with that number of injuries resulting, blinding lights caused five injuries when cars were wrecked, one man was hurt when a parked car was hit, excessive speed caused another injury, and a driver fell asleep and wrecked his car causing his own injury. Many accidents were recorded in which people fell from moving cars.

An intoxicated driver was the cause of two injuries and a hit and run driver killed a newsboy in North Platte. Charges of manslaughter have been filed against the driver.

Football Injuries Advance With Season

Football is taking its toll of injuries. This week's figures show seventeen participants were injured in practice and regular games. In addition, eleven children were hurt on school playgrounds. Other public accidents contributed largely to the increase this week. One hundred seventeen accidents were reported as contrasted to seventy-three of the previous report. Eighty-seven were injured or killed as compared to sixty-four of last week. A boy died from complications which set in from a minor accident on the school grounds, a man was accidentally shot and died from the wounds, and a lady died of a hip injury sustained five weeks ago in a fall. No disabilities were reported.

Forty-four of the injuries were from play or sports almost doubling those of last week. Thirty-one fires were reported. Fifteen persons were injured by falls, four suffered cuts, and two were accidentally shot. Nineteen injuries were listed as miscellaneous—as two children were bitten by dogs, a man in a park was injured by a falling limb, a boy was bitten by a rattlesnake, and two individuals injured their eyes.

Agricultural Accidents Continue Trend

Although no deaths or disabilities were recorded on the farms this week, farm accidents and injuries showed a large increase. Accidents for the week totaled fifty-four as compared to thirty-eight of the week previous, and injuries almost doubled with forty-five reported this week to twenty-eight of the previous report.

Thirteen people were hurt by horses or cattle, two seriously when gored by bulls. Thirteen persons were injured by farm machinery and six by falls. Two people were badly cut, and eleven were hurt in miscellaneous ways such as two people being hurt when they caught their clothing on an obstruction and were jerked from their wagons, several persons were in runaways, and a man was hurt when a silo he was digging caved in. Nine fires were reported in rural areas.

Two Railroad Deaths Recorded

Two of the three industrial deaths this week were attributed to railroad accidents. One man died as the result of injuries sustained in a handcar accident last week and another man was struck down by a passenger train and died of his injuries. The other death came when a mechanic was struck by swinging steel beams. Five workmen were injured by falls this week and three by machinery. One man was cut and eight were hurt for miscellaneous reasons. One man got a spark from an emery wheel in his eye, two people were struck by falling planks, and a heavy garage door fell on a workman. There were twenty-two fires this week.

Children Burned To Death

Three little children were burned to death this week when the shack in which they lived was consumed by flames. Another injury because of a Black Widow spider was added to the record of fifty-nine accidents in the home. Of the seventeen injuries, seven people were hurt by falls, one was cut and three burned. A man may lose the sight in one eye when a piece of metal flew into it while he was repairing a toy and a woman reaching for her glasses came up against the arm of a chair and broke two ribs. Three more people were injured by washing machines which makes a total of thirty accidents of this kind in the last twelve weeks. Forty-four home fires were reported which shows a large increase.

Nebraska Beats Gophers

In defeating the celebrated Minnesota Gophers last Saturday the Nebraska Huskers won first place position on practically all the Sunday papers in the country. For the second time in five years Minnesota bowed down in defeat, the other defeat having been handed them last fall by Northwestern of Illinois. All pre-game dope did not give Nebraska a chance to win and the first three minutes of play, during which Minnesota crossed the Nebraska goal line for a touchdown, seemed to bear out the pre-

game dope, but after that first few minutes Nebraska tightened up and made a whale of a game of it, winning the honors with a score of 14 to 9. It was a great game for Nebraska to win and as they had not defeated Minnesota for twenty-three years, all Nebraska is naturally highly gratified at the result.

METHODIST CHURCH
