Counterfeit Bills

Deceive Merchants; Deposited in Banks

The discovery of ten counterfeit \$10 bills among deposits made by business men in Omaha banks Friday and Saturday has alarmed bank cashiers and secret service men.

The imitations are said by bank tellers and secret service agents to be as good specimens of "phony" currency as have been picked up in this territory for some time.

The fake issue is listed in a recent government bulletin published to aid in detecting counterfeiters. According to secret service attaches, it was first discovered in Montreal, when a counterfeit money factory there was raided by the authorities.

FIGHT FOR CHESS HONORS

Yale and Columbia Meet in First Half of Play-Off Match.

NEW YORKERS GET WORST OF IT

Ellis Wins Three and Half Points, Winning Three Games, with Fourth a Tie—One More Point is Needed.

NEW YORK, Jan. 4.—Yale and Columbia met yesterday in the first half of the play-off match for the championship of the Quadrangular Chess League, a contest made necessary by the tie resulting from these colleges in the twenty-second annual intercollegiate chess tournament held here December 22-24.

Today's play gave Yale three and one-half points and Columbia one-half point. Yale won three games and in the fourth was drawn. Only one more point is needed by Yale to carry off the championship and trophy. The teams will play again tomorrow.

Already Omaha bowlers are figuring on the Midwest tournament at Sioux City next year. Some of the leagues have even gone so far as to attempt formulating plans for financing one of their teams to this event.

Pitts has demonstrated that he can get the pins on all alleys, and in the evening session he has won the monthly prize donated by the Storz Brewing company to the bowler rolling the highest single game on the Metropolitan alleys.

The Storz Triumphs this afternoon will play a picked team from the Liederkranz club at Grand Island and in the evening will roll doubles on the Elks club alleys. Their lineup consists of Shaw, Dober, Fitz, Ole Johnson, Storz and Call.

The Brodegar Crowns announced that they have signed up a new man by the name of C. A. King, an old-time bowler, who hails from San Francisco. He was formerly a member of the Old Ugenia team, one of the strong teams of the Golden State City.

Stanley has sprung a new one in the way of a bowling ball. He lines the hole of the ball with plaster of paris and while it is soft he makes an exact imprint of his finger in the hole. He says this will help him to control the ball.

Wood Hartley, while digging up a few old relics in his upstairs closet, found a small tin of "Bulls" that he had immediately turned them over to a charitable institution to distribute among the needy.

Fred Rosebach of the Knights of Columbus league says that he will soon revolutionize the game. He intends to start out by forming a new and complete team to roll under the name of the Puritan League. The members of his present team seem to be too busy to show up at the alleys for their regular league matches.

Last Sunday four ex-Omaha bowlers were in town on visiting teams. The Fremont team had in their lineup Luce Hammon, Omaha; Triumf, Omaha; Midauch, the former Commercial league shark, and Koenigke, the former Boomer league shark. The members of his present team seem to be too busy to show up at the alleys for their regular league matches.

Few realize how much Paddy Martin has done for the bowling game in Omaha and South Omaha. He has always been willing to help the bowlers along financially and in addition has always maintained a strong team under his name in the Magic City league. This itself is significant, as even now he is paying the expenses of a league.

Colonel B. W. Jewell, chairman of the sovereign finance committee, has been advanced by Sovereign Commander Fraser to the office of sovereign adviser. There is also an increase in salary with the new position, which is equal to the vice presidency of the order.

Colonel Jewell was one of the three founders of the order and ever since its inauguration he has served upon its executive board. He is also a fan and never a good live game out at Bourke's park, but the colonel is somewhere close by watching with intense interest.

Murdock Will Run

For Bristow's Place

WICHITA, Kan., Jan. 4.—Congressman Victor Murdock, progressive leader in the house of representatives, tonight announced his candidacy for United States senator from Kansas, to succeed Joseph L. Bristow. The election will be held next fall.

Mr. Murdock tonight said: "I have announced my candidacy for the nomination in Kansas for the United States senate. I have taken this step as a pleasant duty. Kansas helped start the movement and the people here are for it."

When the fraternity began to accumulate large surplus funds, he was among the first to suggest that a building be erected in Omaha and as a result the beautiful structure on Fourteenth and Fairman streets was finally put up.

Colonel Jewell is also a member of the executive board of the Omaha Automobile club. He is also a fan and never a good live game out at Bourke's park, but the colonel is somewhere close by watching with intense interest.

Fire Sweeps Bluffs

Grocery, with Loss of Many Thousands

The grocery store building of the Browder & Daniels company, 230 West Broadway, Council Bluffs, was swept by fire early yesterday. The building was gutted and the stock a total loss. The damage is estimated at from \$20,000 to \$40,000, fully covered by insurance.

Fire walls protected the E. Woodring Undertaking company on the east and the I. Mucci Wholesale and Ice Cream company's building on the west. Water used in fighting the fire filled the basements of both buildings. The undertaking company's place was damaged \$3,000 or \$4,000, and the wholesale establishment, \$2,000.

The family of Dan King living over the undertaking parlor was routed out by the blaze.

The building occupied by the grocery is owned by Charles A. Beno. It was remodelled three years ago.

W. A. Williamson, general manager of the grocery and president of the Butchers' and Grocers' association of Council Bluffs, ran from his home to the fire. Reaching the scene he collapsed. Robert Daniels, whose father is interested in the company, and himself an employe, was overcome fighting the blaze. Both were taken home in an ambulance.

Passes Worthless

Check, Steals Auto and Makes Escape

A man believed to be Grant Perry, wanted in Omaha and St. Louis for passing worthless checks and drafts, is believed to have stolen a motor car belonging to J. L. Hiatt from the curb in front of the Orpheum theater Saturday night and fled to Council Bluffs, where he boarded a Burlington train.

Yesterday the police were furnished with a description of a man who is said to be Grant Perry, who passed a worthless draft for \$40 on the Omaha Optical company, building, offices in the Brandeis theater building, inquiry at St. Louis furnished the information the man is also wanted for issuing a worthless check for \$126 to the Midland Hotel company.

Detectives were trailing the man Saturday night, when he apparently dropped out of sight. Soon after 8 o'clock the motor car of J. L. Hiatt was reported missing. About midnight the machine was discovered at the Burlington station in Council Bluffs. The description of the man who drove the machine there and then boarded a Burlington train tallies with that of the man who signed his name as Grant Perry.

STARTS RUMOR POPE IS

DEAD AS PRACTICAL JOKE

ROME, Jan. 4.—A rumor which spread rapidly throughout the city tonight that the pope was dead caused intense excitement for a time. The Vatican was overwhelmed with inquiries, but at that very hour the pope was quietly conversing with Cardinal Basilio Pompili, who had not long before congratulated the pontiff on his vigorous appearance. An inquiry relative to the origin of the rumor was begun and it was learned that it was the work of a so-called practical joker who had telephoned to a friend in one of the big hotels that the pope was dead.

SUFFRAGISTS MARCH

THROUGH SLEET STORM

NEWBURGH, N. Y., Jan. 4.—After struggling gamely through a sleet storm for seven miles General Rosalie Jones and her suffragist army reached Cornwall at 5 o'clock today, somewhat exhausted and behind schedule time. The route over the mountains near West Point taxed the stamina of the party. In spite of this they decided to make up the time lost during the day by a light march of two hours, which would bring them to this city about 10 o'clock.

GIRL FRIGHTENED TO

DEATH, SAY PHYSICIANS

WORCHESTER, Mass., Jan. 4.—After 21 1/2 hours of unconsciousness, Miss Anna Wheeler, daughter of Dr. Charles D. Wheeler, died today in the city hospital. The hospital physicians declare that the girl was frightened to death when an automobile in which she was riding on Christmas day was struck by a trolley car. Fear of the blow from the approaching trolley car apparently caused a rupture of a blood vessel in her brain.

PINNEY EARLE STEALS SON

American Artist Brought to Christianity Under Arrest.

IS CHARGED WITH ABDUCTION

Inspired by Irresistible Desire to See His Child, Which He Had Not Done Since Latter's Babyhood.

CHRISTIANIA, Norway, Jan. 4.—Ferdinand Pinney Earle, the American artist, has been brought here under arrest on the charge of abducting his 8-year-old son, Harold, from school at La Motte Boulevard France. The boy's mother is Mrs. Marie Fischbacher, who was Earle's first wife.

Earle and Miss Charlotte Herman of Rutherford, N. J., known also as "Mrs. Evans," who is alleged to have assisted Earle in the abduction, were arrested several days ago at Toten, in the interior of Norway, by a French detective, Picard, who had been tracking them since last November. They have been placed in jail here and will be treated as ordinary prisoners until extradition papers arrive from Paris.

The boy, Harold, is on his way to France in charge of H. C. L. Steeg, the French minister to Norway, who has just resigned his post at Christiania. The American legation is watching Earle's interests.

In a statement tonight, Earle said since his flight from Paris he had resided in different parts of Norway, occasionally assuming a new name. He declined to give his motive for abduction of the boy, saying that he would reserve his explanation for the French courts. But it is understood that he was inspired by an irresistible desire to see his son, whom he had not seen since babyhood. Earle, smiling with apparent happiness, said that the boy had learned to love him in the last three months and would never forget him.

Hires Hall for His

Wedding; Eugenics Law Won't Halt It

MILWAUKEE, Wis., Jan. 4.—A forger, whose name has not been divulged, was refused a license along with two other prospective bridegrooms yesterday. He refused to undergo the physical examination and went to an attorney where he secured a statement, which, after he and his prospective bride affixed their signatures, will make them common law man and wife, according to a Wisconsin statute. He said that he had rented a hall for the wedding and no eugenics law was "going to spoil the event."

OPPORTUNITIES FOR YOUNG MEN in the Advertising Field

By JOHN LEE MAHIN.

THE great opportunities offered in the advertising field today are not so large in what is known as the advertising business, as in the introduction of advertising principles and methods into ordinary every-day business.

Take The Bee as an example of a business in which the fundamental principles underlying all successful advertising effort are developed to the highest state of efficiency.

For one cent the residents of Omaha have delivered to their homes every evening the concrete, boiled-down results of a complete canvass of the whole world by cable and telegraph, to say nothing of the most thorough exposition of everything that is live and vital to the City of Omaha itself.

This wonderful result is accomplished by co-operative buying on the part of the subscribers to The Bee. The fact that 50,000 readers can be depended upon to pay one cent for The Bee enables the publishers to accomplish every day the wonderful achievement which the readers of The Bee have become accustomed to regard as a matter of course.

The real spirit of advertising is demonstrated in the constant study and appreciation of what human nature naturally craves or can be educated to continually desire on the part of the management of The Bee.

There are probably 200 men in Omaha who could afford and would gladly pay \$10 a day for the information contained in The Bee. So the price, one cent, at which it is sold, is in no way a measure of the value of the paper, considered as a separate item.

The adoption of advertising principles and methods of procedure on the part of our great manufacturers in the distribution of their goods, will mean a corresponding reduction in the price to the individual consumer. It is the most effective solution that could be applied to the so-called problem of the high cost of living.

The great opportunities for young men today are exactly along this line. The same fundamental principles which have made our great newspapers possible and entrenched them against competition, on the basis of giving the largest possible service for the money, is open to a long list of separate businesses.

The young men of today who will be the big men of tomorrow will study the group organizing and group serving characteristics of our daily papers and undoubtedly find through their advertising pages a blazed trail for accomplishing the same desirable results in the particular businesses in which they are now engaged.
