HOWARD AND SIXTEENTH STREETS

FIGHT WITH GUNS AND DIRKS

One Dead, Another Dying as Result of Furious Struggle.

ALL ITALIANS OR SICILIANS

Depperate Battle on South Twenty-second Street at Midnight—Two Suspects Held by the Police.

A death duel fought with long, keen edged dirk knives and pistols under the dull glow of a street arc light at 1107 South Twenty-second street, on a sidewalk, slippery from a light snowfall, brought death at 12:30 yesterday morning to one man and wounds of such a nature to another that he will die. One or more men who are believed by the police to have figured in the battle, escaped, although two suspects were taken when policemen followed a trail in the snow that led from the two fallen men to a little house at 2308 Pierce street. All concerned are Italians or Sicilians. The dead: JOSEPH MILETOCHI, or MILOCHI, 31 years old, of Twenty-seventh and Reese streets. Three stab wounds and dismembered. The fatally injured: Luke Passavano, aged 35 years, of Twenty-second and Pierce streets. All stab wounds in his back and several stab wounds. At 12:30 o'clock the police received a telephone call from a woman in the neighborhood who refused to give her name. She said that she had heard several pistol shots and shouts of men. The police emergency auto, with Sergeant Peter Dillon, Emergency Officer Emory and Chauffeur Armstrong hurried out, and in front of the house at 1107 South Twenty-second street they found two men, their bodies a few feet apart and the snow discolored with their life blood. Near each man was a long, sharp dirk knife of the kind usually favored by the Latin races. Miletochi was already dead and Passavano was dying. Burrows were at once called from headquarters station, and Dr. R. B. Harris immediately removed Passavano to the hospital. His wounds, Harris says, will prove fatal, and he does not expect him to live until 8 o'clock this morning. Snow commenced to fall ever so lightly early in the evening, but towards midnight the fall was heavier—just heavy enough to outline footprints plainly. Find New Clues. Two new clues have been unearthed by the police. No further arrests have been made, but the officers are searching for a woman whose enmity toward Passavano is well known, and for two men whose vague descriptions have been furnished by E. Fred Smith, a Henshaw hotel clerk, living at 1026 South Twenty-second street, who heard three pistol shots and saw two men escaping up Pierce street, as he neared his home after the evening's work. Passavano refused to make a state-

ment Monday morning, although able to talk, beyond the fact that he and three other men had been playing cards in a shanty near the scene of the fight, and after playing left the building, when the trouble began.

Recognized by Officer.

Detective Chasie Van Dusen, at the hospital, was recognized by Passavano as an officer who had arrested him over a year ago for bringing an Italian girl from St. Paul to Omaha for immoral purposes. According to Van Dusen, he was called to make the arrest by a man whose description tallies minutely with that of the dead man, Miletochi, at the coroner's. This man visited the girl and was told by her that Passavano had lured her to Omaha with promises of marriage. The visiting, to save the girl from a life of shame, married her. It is believed by a detective that Passavano, to get revenge for the felling of his plans, attacked Miletochi and stabbed him to his death and that the woman or a friend of Miletochi fired the three bullets which entered Passavano's body. A slight knife wound found on the later's thigh is attributed to Miletochi. The woman is being sought by the police.

Frank Rocco and August Glegg, arrested on suspicion, were released from custody at noon. Passavano is reported to be barely clinging to life at St. Joseph hospital, although he is perfectly conscious.

CALL UPON THE GOVERNOR

City Commissioner O. J. King of Lincoln Suffers Paralytic Stroke and is in a Serious Condition as Result.

All of the examiners were present, the list being E. H. Mallowney, Omaha; Thomas H. Riley, Omaha; E. E. Emmett, Arapahoe; M. C. Wilde, Norfolk; E. N. VanKorn, Fremont; City, S. A. Lapp, Nelson; A. D. Toussaint, Omaha; Paul Jones, Benkelman; John Boatman, Morrill.

Would Sell Range.

Ex-State Senator Laverty of Ashland called at the office of Adjutant General Hill today to take up the matter of a sale of land owned by him along the Platte river near that town which the general desires for a rifle range. Mr. Laverty owns most of the land to be used, but a small island in the river, owned by another party, is also required by the general. The range will consist mostly of land adjacent to the river and the shooting will be down stream about two miles, so that there will be no danger from bullets.

The island is the one on which a cow was standing when a guardman whose eyes were not trim got so far off of range that the cow received the bullet. The state paid for her carcass. The island will be secured so that there may be no chance of similar accidents.

O. J. King Stricken.

O. J. King, one of the city commissioners of Lincoln, and who is facing a recall, was stricken with a paralytic stroke at his residence in this city Saturday and for an hour and a half lay on the floor without assistance. The matter was kept from the public and was not generally known until this morning.

While lying on the floor unable to move, Mr. King was fully conscious and could hear people moving about outside, but was unable to raise his voice to call for assistance. This long time without assistance greatly increased the seriousness of the case, but he is resting fairly well today.

Powell to Washington.

Rails Expert Powell left for Washington this afternoon, where he will appear before the Interstate Commerce commission, in the banana rate controversy before the board.

The tract will be used for botanical gardens, zoological gardens, a museum of natural history and other like features. Among the incorporators are many of Omaha most prominent citizens.

Resignation Accepted.

MOTHER JONES WILL RETURN

Deported Strike Leader Preparing to Keep Speaking Dates.

GOVERNOR REFUSES TO ACT

Adjutant General Chase Says that She Will Be Locked Up in Commencement if She Comes to Trinidad.

DENVER, Jan. 5.—Preparation of affidavits in connection with the alleged deportation of several strikers from the Oak Creek coal district in Routt county, in northwestern Colorado, were begun today by representatives of the United Mine Workers of America. Officials at union headquarters here stated that these affidavits would be forwarded to Washington to be used in urging a congressional investigation into the Colorado coal strike.

Advices received today by E. L. Doyle, secretary-treasurer of district No. 15, United Mine Workers of America, were that on the Oak Creek coal district, where last week several strikers were ordered to leave by the Taxpayers' league, which also issued a notice that every able-bodied man in the county "must secure employment or leave."

Union officials were busy today considering action in connection with the refusal of the military authorities to permit "Mother" Mary Jones to stop in Trinidad yesterday.

Will Be Locked Up.

Preparations were begun today by union officials for the return of "Mother" Mary Jones to Trinidad or other points in the southern strike zone, whence she was deported by state troops yesterday, and while these plans were making here, Adjutant General Chase, according to report to Governor Ammons, had given orders in Trinidad and Walsenburg that her appearance in any portion of the strike region would result in immediate imprisonment for her under the incommunicado rule of military authority.

Deportation, said General Chase would not be attempted again, as the action of the military authorities yesterday was to warn the labor unions that the presence in the strike region of Mother Jones would not be tolerated. Governor Ammons was of the opinion that General Chase considered her a good cause for his summary action in ordering "Mother" Jones' deportation, and that he would in all probability take no action in the matter. It was known that Adjutant General Chase from the first day of military rule in the strike region had declared that "Mother" Jones and agitators of her kind would not be permitted to visit among the strikers or to make speeches at any town directly affected by the strike. He took full responsibility for her forcible ejection and remarked:

"And if she comes back we will have a nice little party for her."

Union Men Indignant.

Governor Ammons previously has stated his disapproval of her methods. At union headquarters here there was much indignation on the part of labor leaders, who declared it an insult to women that "Mother" Jones' "honor of the camp," should have been "manhandled" by troops, and insisted that she would return to defy the military authorities.

"Mother" Jones herself went to a hotel immediately upon reaching Denver and there told of the outrage perpetrated upon an old woman by the soldiers. She was equally indignant that she would return to the prescribed region, just as any citizen of the United States has the right to do.

Union leaders openly have advised all strikers to arm themselves in order that they might resist any attempt at deportation, and the threat that "Mother" Jones will return to Trinidad under protection of the strikers and union men has caused the fear that a clash between the authorities and the strikers is imminent.

GOVERNOR FERRIS MAKING EFFORT TO END COPPER STRIKE

(Continued from Page One.)

Federation of Labor, at which the copper strikers in Michigan were considered, will be called by Samuel Gompers, president of the organization.

This was learned from Charles H. Moyer, president of the Western Federation of Miners, here today. He was asked concerning rumors that an attempt would be made to call a nation-wide strike in sympathy with the Michigan and Colorado strikers.

"Any such demand must be made on the American Federation of Labor," he replied, apparently choosing his words carefully. "If such a thing is considered it would be considered by that body."

"Have you asked for a nation-wide strike?" he was asked.

Miller and Yanco Terzich, members of the executive board, and we will determine what further action to take, now that Mr. Denmore has been unable to negotiate a peace plan and the governor of Michigan is about to make a personal investigation. Mr. Mahoney is due here at 9 o'clock tonight, and it is doubtful if we can do more than have an informal chat at that time.

Moyer will leave the hospital this afternoon, but his physicians have ordered him to rest quietly in his hotel for another week.

O'Connell Discredits Report. WASHINGTON, Jan. 5.—Vice President O'Connell and Secretary Morrison, the only officials of the American Federation of Labor in town today, both professed to know nothing of a proposed meeting of the executive council to act on the Copper strike situation. President Gompers was expected at his office late today. Vice President O'Connell indicated he did not credit any proposal for a general strike.
