"TWO BEGGARS," by Howard Chandler Christy

How to Win Out In Society or In Business

In these days of ever increasing refinement, people demand more and more that the complexions of those about them look healthy and attractive.

Those who look good have the best chance to make good in society or business. For promoting good looks there's no face cream that equals Pompeian.

POMPEIAN Massage Cream

A fine clear complexion takes the place of an unattractive cloudy skin. As Pompeian rubs in and rubs out it cleanses the pores of deadly dust and soot which clog and harm. This cleansing banishes a cloudy skin.

A healthy athletic glow overcomes a sallow skin. As Pompeian rubs in and rubs out the blood in the veins

of the face is made to flow faster because of the gentle invigorating friction so peculiar to Pompeian. This means new life to a "dead" sallow skin.

The faithful use of Pompeian keeps faces youthful and delays the coming of homely sagging muscles.

Confidence brings success in business and society, and to be happy and confident in your good looks use Pompeian. Pompeian is the only cream with a national reputation which affords all of the above fine benefits. Get Pompeian of any dealer, 50c, 75c and \$1, but remember to shun all cheaply-made imitations.

FREE Both Fisher and Christy pictures with Trial Jar

The trial jar will prove the merits and benefits of Pompeian. The pictures are 9½ x 12½ inches. The Fisher is in colors. The Christy is black and white.
