**NORMAL BOARD IN SESSION**

Considers Bids for New School Building at Wayne.

**TAKE NO ACTION ON KEARNEY**

Will Not Name New Man for Head of State School at Least During the Remainder of This Year.

(From a Staff Correspondent.)

LINCOLN, Jan. 13.—(Special.)—The State Normal board has been in session for a couple of days in the office of State Treasurer George for the purpose of letting contracts for the erection of an \$85,000 building at Wayne and the addition of a twelve-room building at the Chudson school to cost \$25,000.

Twenty-one bids have been received and are being gone through, and over fifty men, interested in the letting of the contracts, have been in constant attendance, making the corridors of the state house look like a session of the legislature.

The vacancy in the presidency of the Kearney Normal school will not be filled at this meeting, it generally being understood that Acting President Snodgrass will be allowed to remain until the end of the school year.

President Snodgrass and Manager King of the school were both present at the meeting of the board, and were very desirous that the newspapers should inform the public that the school was going along nicely since the papers quit criticizing the action of the normal board.

Applications for the appointment as president coming from outside the state, not a Nebraska teacher having put in his application. The applicant farthest from here is Clyde M. Hill, Springfield, Mo.; James H. Hayes, Greeley, Colo.; H. A. Davies, Helena, Mont.; H. M. Gilmore, Mason City, Ia.; Andrew D. Wade, Storm Lake, Ia.; F. K. Seehite, Worcester, Mass.; William T. Harm, Cincinnati, and L. H. Roeler, Rickville, S. C.

**MRS. TURNER GETS DIVORCE**

Charges Husband Too Friendly with Another Woman.

**NO CONTEST IS MADE BY HIM**

Former Omaha Theatrical Magnate Admitted Charges She Made Against Him in District Court.

Mrs. Etta M. Turner, daughter of the late R. B. Schneider of Fremont, millionaire grain dealer and former republican national committeeman, at a divorce hearing before District Judge Troup, testified that Charles Wesley Turner, her husband, had been too friendly with another woman. A decree was granted.

Mrs. Turner did not name the other woman. She said she had not learned of Mrs. Turner's alleged misconduct until a few days before December 12, the date of the filing of the petition, when, she related, friends informed her. She said she admitted to her that the charges were true.

The hearing was begun shortly after 1 o'clock yesterday afternoon and lasted about half an hour. The fact that Mrs. Turner had returned to Omaha from New York, where she went in December, was not generally known. The statutory answer date which must pass before a divorce may be held under the rules of the district court was last Monday.

Turner, H. H. Baldrige, his attorney, appeared in court, however. Mrs. Turner was represented by Courtwright and Sidner of Fremont. An answer consisting of half a dozen typewritten lines was filed by Mr. Baldrige the day after the filing of the petition and he appeared with Mrs. Turner's attorney when the petition was brought to the office of the clerk of the court on the previous day. No alimony was asked by the plaintiff.

Depositions in behalf of Mrs. Turner, which had never been filed in the office of the clerk, were allowed to be used in evidence without protest from Mr. Baldrige. This could only be done by consent of both parties to the suit.

Mr. and Mrs. Turner, who are each 27 years of age, were married June 29, 1906 at Fremont. They lived in Minnesota and Ohio until 1909 when they came to Nebraska. Mrs. Turner is wealthy and socially popular. Mr. Turner gained prominence during his brief career in Omaha as a theatrical magnate. He disposed of his theater holdings last fall. He and his wife departed December 9.

**BUYERS OF ONION LANDS WILL GET MONEY BACK**

BEATRICE, Neb., Jan. 13.—(Special.)—Residents of this city who invested some time ago in onion farms in Texas recently found a lawsuit at San Antonio, Tex., for the return of their money. By a recent decision of the court at that place the purchasers of contracts in the Cattlin onion ranch game get their money back if they have stuck to their contracts and not taken the money offered them.

About four years ago a number of residents of Beatrice and Wynmore invested in contracts the terms of which entitled the holders to at least ten acres of land and a chance at more up to a quarter section on a drawing. The purchaser paid \$200 on each contract. Instead of sticking to the agreement and giving the investors a chance to draw land the Texas promoters offered to give investors their ten acres and call the account square. A number of the contract holders sold out to the company, and the promoters appropriated for themselves a large tract of land. The contract holders who wanted the company to go ahead and carry out their agreement, realizing that they would lose out, sent Dr. C. Hubback to Texas to investigate, and he came back and advised them to sue for the return of their money, which they have done.

By the decision of the court the contract holders win, receiving back their money with interest.

**LESS MEAT IF KIDNEYS HURT OR YOU'RE BACKACHEY AND RHEUMATIC**

Meat forms uric acid, which clogs kidneys; causes Rheumatism and irritates Bladder.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, the you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out of the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Advertisement.

**Stop Stomach Worries Now**

And Use Stuart's Dyspepsia Tablets So That You Can Digest Each Meal Quickly and at the Same Time Renew Your Digestive Strength.

Learn once again how to smile and laugh and stop this grouchy moodiness. This condition arises from a faulty digestion and cannot be removed unless you use common sense and eat a little.

**ST Am a New Man Since Stuart's Dyspepsia Tablets Gave Me a New Stomach and Appetite.**

If the stomach is overworked, its muscles become tired and gradually grow weaker and weaker, until they are unable to take care of the food properly. The glands fail to provide the juices necessary to digest the food. Gases form and cause all sorts of pain, misery and weakness, as well as extreme danger to the heart.

It is then that the stomach calls for help. Ordinary medicines are impossible. They not only fail to help the stomach, but injure the entire system. Medical men have studied the stomach and have discovered that the digestive juices consist largely of pepsin and nitrogenous ferments. What, then, would be more natural than to supply these ferments artificially when the stomach is unable to produce them.

That is the object of Stuart's Dyspepsia Tablets. These powerful little agents relieve the stomach of its burden, thereby giving it an opportunity to regain its normal strength. They tone up, strengthen and revitalize the secretory glands, mucous membranes, absorbing glands and muscular walls. They restore to the stomach its lost powers of digestion so that it can again do its work without assistance. They contain, in a concentrated form, every element necessary to digest all sorts of food, whether acid or alkaline.

If you experience an oppressive feeling just inside the lower end of your breast bone and extending upward towards your heart, do not hesitate an instant. Get Stuart's Dyspepsia Tablets from the nearest druggist at once and take one. In a few minutes the pain will leave you and you will feel better. Take a tablet after each meal for several days and your stomach will once more perform its duties. All druggists sell them at 50c a box.

**ONE COYOTE KILLED IN BENNINGTON ROUNDUP**

BENNINGTON, Neb., Jan. 13.—(Special.)—The destruction of coyotes in this section of the county and the eagerness of more than 150 men to secure a few scalps terminated Sunday in the first coyote roundup. At 10 a. m. men started on their respective lines, covering in all a territory six by seven miles, converging near the Pratt ranch. Seven coyotes were surrounded, but owing to a weak south line four escaped, while two more broke the line in spite of the hail of shot. One only was killed. Another and bigger roundup will be held Sunday, January 25, covering a territory probably eight by eight miles, and better success is anticipated.
