Fashion Hint

By LA RACOTEUSE.

A dancing frock, which at this time of "tango" has taken the Paris world by storm, is illustrated by this pretty and simple model.

This frock is of "Craie" purple silk. The lower part of the bodice is held up by a strap of net. It is veiled by a piece of white net embroidered with crystal beads, which makes it a decollete in "V" shape. It falls slightly over the arm to make a small sleeve.

The tunic is stiffened and is edged with a narrow band of stole.

The skirt is plain and is edged at the bottom by a rouching.

For a Cold Day

Start the day with a warm meal that not only gives stomach comfort, but supplies the greatest amount of body-building material with the least tax upon the digestion. Keep the body warm and strong by eating

Shredded Wheat

the food that fortifies you against sudden changes of temperature and which contains more real body-building nutriment than meat or eggs and costs much less. After you have tried all the others you will come back to Shredded Wheat—always the same price—always clean—always pure—always the same.

Always heat the Biscuit in oven to restore crispness. Two Shredded Wheat Biscuits with hot milk or cream will supply all the energy needed for a half day's work. Deliciously nourishing when eaten in combination with baked apples, stewed prunes, sliced bananas or canned or preserved fruits. Try toasted Triscuit, the Shredded Wheat wafer, for luncheon with butter, cheese or marmalade.

Made only by The Shredded Wheat Company, Niagara Falls, N. Y.
