ROME MILLER USES NEW STYLE FINGER BOWLS

Sanitary individual finger bowls were put into use for the first time in Omaha today. They consist of shells of crimped paper to hold the water, supported by a silver framework fastened to a silver plate. Rome Miller installed the new service in the dining rooms of the Rome and Millard hotels at noon. He said that he had experienced difficulty in securing the kind of holders and paper containers that he wanted, or else, would have adopted the innovation sooner, in compliance with the new city ordinance. "It is rather expensive," he admitted, "but I believe the sanitary individual feature of the plan makes it worth while."

COPPER STRIKERS ARRESTED

Grand Jury Charges Four with Carrying Concealed Weapons.

TWO UNION OFFICIALS IN JAIL

W. P. Davidson and Dan Sullivan Spend Night in Lockup at Laurium—Will Not Ask Reduction for Meyer.

Houghton, Mich., Jan. 16.—The mystery of the secret indictments returned yesterday by the special grand jury which has been investigating disorders growing out of the copper miners' strike was cleared up today with the arrest of four strikers charged with carrying concealed weapons.

Although the jury continued its deliberations today only one other true bill had been found, and those who had expected a return of indictments on the deportation of Charles H. Meyer, president of the Western Federation of Miners, admitted today that there was nothing on which to base a prediction as to probable action.

Only one secret indictment remained sealed, according to information at the county clerk's office. The four men taken into custody on the concealed weapons charges are accused of having taken an active part in the disorders at South Hango on December 11. They are Ollie Tikkanen, Eli and Elno P. Lukkoner and John Blampk. These men were arrested at the time of the "battle of the South Range," and it is alleged that they were armed with revolvers and sawed off shotguns.

Union Officials in Jail

The sheriff's office learned today that W. P. Davidson, the British Columbia member of the Western Federation of Miners, and Dan Sullivan, president of the district council, spent the night in the Laurium village jail. The fact that their arrest under the conspiracy indictment returned today had not been reported to headquarters was responsible for a report that they could not be found.

A dozen deputy sheriffs searched Houghton for them nearly all last night. The Laurium deputies also took R. R. Mackenzie of Denver into custody, but released him when they found that he had not been named in the true bill. The only federation leader of prominence who had not been served with a warrant during the night was Charles E. Heitella, secretary of the district council. It was anticipated at union headquarters that he would surrender as soon as satisfactory arrangements could be made for his release on bonds. Meanwhile bonds were being sought for Davidson and Sullivan and two other union men arrested at Calumet last night. Fourteen of the men taken into custody on the conspiracy charge were released before midnight on bail of \$1,000 each.

No Requisition for Meyer

So far as could be learned there is no intention of attempting to obtain the arrest and requisition of Charles H. Meyer, C. E. Mahoney and other national officers of the union who are beyond the jurisdiction of the court on the misdemeanor charge of conspiracy. It is probable that the warrants for these men will be held and served only in case they are to return to Houghton county.

Forger Personates Chicago Woman

CHICAGO, Jan. 16.—A dispatch sent from Los Angeles, December 19, stating that a Mrs. M. C. Black, "said to be the wife of a wealthy Chicagoan," had been arrested, charged with forgery, proves to have been incorrect, according to Mrs. M. C. Black of this city. The story was based on the arrest of a woman who represented herself to be Mrs. M. C. Black. She was booked under that name and her real identity was not disclosed until the story reached Mrs. Black, who at the time was in Chicago. Mrs. M. C. Black is a prominent society and club woman of Chicago.

TO REHEAR WILLIAMS CASE

Such is the Request to Be Made by L. J. Te Pool.

HIS FRIENDS ARE INDIGNANT

City Attorneys to Ask Rehearing of the Supreme Court—Baker States His Views of the Case.

Louis J. Te Pool, assistant city attorney, will ask for a rehearing in the case in which the city sought to secure enfranchisement privileges for Father Williams, who was disfranchised under the "honest elections" law. The supreme court held that Father Williams would have to produce his naturalization papers before he could vote, although he had lived in the United States and had been a citizen for more than forty years.

"We have forty days in which to file a motion for a rehearing," said Mr. Te Pool, "and we are preparing the motion. A brief must be submitted. We are deciding upon the chief reasons we will advance in making the motion."

Ben S. Baker, city corporation counsel, who is assisting Mr. Te Pool, said: "The decision handed down by the supreme court gives the election commissioner ridiculous power. He is able to deny it to disfranchise a voter because he is too short or too long or not good looking enough or any other reason. We are going right into the case and fight it to a finish."

Friends of Father Williams, indignant at the injustice done him when the election commissioner refused to permit him to vote until he had produced his naturalization papers, were the cause of the court proceedings in which a more liberal construction of the law was sought.

Falling Hair Means Dandruff is Active

Save your hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp, of dandruff—that awful scourge.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life, eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.—Advertisement.
