WALDRON GETS HIGHWAY JOB

Nebraskan from Waterloo to Succeed State Consul Fredrickson.

ENTHUSIASTIC OVER ROAD

Has Shows a Marked Interest in the Coast-to-Coast Project Ever Since It Was First Mentioned.

Beginning Monday morning, H. B. Waldron, formerly of Waterloo, Neb., now in the real estate business, 1256-1057 Omaha National bank building, becomes state consul for the Lincoln Highway association in Nebraska. He succeeds H. B. Fredrickson, who leaves Monday for San Francisco to take up his duties as consul-at-large for the Lincoln Highway association.

Mr. Waldron was formerly in the wholesale seed business at Waterloo, Neb. At that time he was also president of three banks, one at Waterloo, one at Washington, Neb., and one at Murdock. Some time ago he retired from these lines of business and is now living in Omaha. He is an enthusiastic supporter of the good roads movement, and in the opinion of H. E. Fredrickson, who selected him as his successor in the highway work, will be just the man for the place. "It requires a man that is enthusiastic over the work and will give his time and energy for the good of the cause," said Mr. Fredrickson, "and it is a mighty hard matter to find a man who is so fixed that he can afford to give his time for no salary to a work like this. I feel, though, that we have found the man in Mr. Waldron."

When the Lincoln Highway movement first began to be agitated in Nebraska,

Mr. Waldron showed what he thought of it, not merely by shouting and applauding at the public meetings, but by giving \$500 in cash immediately toward the movement. He was one of the pioneers in making donations to the Lincoln Highway, and now that he has some time to spare outside of his business he intends to give that time to the work of pushing the highway movement. Mr. Waldron has himself worn out ten automobiles since that form of vehicle came into vogue, and in the course of these years of car driving he has become enthusiastic over the good roads and highway movements.

Mr. Fredrickson is to leave Monday for his new post at San Francisco. He intends to stop for a day at Laramie, Wyo., where he will visit his ranch before going on to the coast. Of the \$100,000, the Lincoln Highway association hopes to raise for the work of building the road, Mr. Fredrickson says practically \$500,000 has already been raised.

Y. W. C. A. CAMPAIGN FOR FUNDS TOTALS \$5,482

Returns reported in the Young Women's Christian association publicity campaign for the week total \$5,482.75. The collections reported by the various teams are: Miss Beulah Evans, \$1.46; Mrs. F. B. Lowe, \$1.49; Mrs. H. G. Kirschstein, \$1.88; and Mrs. D. C. Dodds, \$1,037.75. The first dollar subscribed in the campaign was given by a housemaid whom the association had placed on her arrival in the city six weeks ago. A stenographer who had laid aside \$1 for a ticket to the Meiba-Kubelick concert decided rather to help the fund since she could not afford both.

A prominent business man who had pledged \$100 to the fund smilingly wrote a check for \$150 when the women called for his subscription. With the simple remark that the money he possessed was not his to keep, but only to do the most good with, another well-known man wrote a check for \$200. An elevator conductor who witnessed the capture of an obdurate man, meeting every one of his arguments and finally securing a check, opined that if he could talk as well as the soliciting woman he would be worth \$100,000.

The head of one of the Young Women's Christian association departments who was assisting in the campaign was offered the management in one of the large wholesale houses because of her businesslike methods.

A little tot whose head could scarcely be seen over the railing at the Young Women's Christian association office presented a pledge card with 50 cents in dimes and nickels. She is a member of one of the junior classes.

Men Welcome Mother's Friend

A Duty that Every Man Owes to Those who Perpetuate the Race.

It is just as important that men should know of progressive methods in advance of motherhood. The suffering, pain and distress incident to child-bearing can be easily avoided by having at hand a bottle of Mother's Friend. This is a wonderful, penetrating, external application that relieves all tension upon the muscles and enables them to expand without the painful strain upon the ligaments. Thus there is avoided all those serious spells; the tendency to nausea or morning sickness is counteracted, and a bright, sunny, happy disposition is preserved that reflects wonderfully upon the character and temperament of the little one soon to open its eyes in bewilderment at the joy of his arrival. You can obtain a bottle of Mother's Friend at any drug store at \$1.00, and it will be the best dollar's worth you ever obtained. It preserves the mother's health, enables her to make a quick and complete recovery, and thus well-renewed strength she will eagerly devote herself to the care and attention which man so much to the welfare of the child. Write to the Bradford Regulator Co., 129 Lamar Bldg., Atlanta, Ga., for their valuable and instructive book of guidance for expectant mothers. Get a bottle of Mother's Friend to-day.

Omaha Companies of National Guards Are Drilling Hard

Omaha companies of the state National Guard have started in earnest to practice company drills and the manual of arms preparatory to the approaching inspection of the local companies at the command of the adjutant general, who contemplates a complete inspection of the entire local battalion. Major Sterkmeier declares that an attempt will be made to secure the Auditorium due to the insufficiency of space in the armory, which will not accommodate the entire local outfit in the event of the contemplated complete inspection. All the local companies are taking an interest in the approaching inspection and are striving to outdo each other in the point of perfection. On drill nights the armory fairly shakes from the well-timed cadences of the drilling "Omaha braves." Competitive drills are held every Monday night at the armory under the supervision of Lieutenant Arthur Marovitz. A list of prizes is given the best individual drillers, and this has aroused increased interest in the men. The winners in the contest so far are Corporal C. Cook, Corporal Roy Frankum and Sergeant A. V. Munson.

Herzog Will Not Be Missed.

Sam Crane is of the opinion that infielders Milton Stock, Charley Pies and Outfielder Robertson, three recruits, will make good the loss of Herzog and even of Shafer, should the latter quit.
