A dancing party, given under the auspices of the entertainment committee for the young people of St. John's Collegiate church, was duly announced in the society columns, and 'Thursday evening about 100 guests assembled at Metropolitan club for an enjoyable evening of dane ng.

The music started and the young people began the castle walk and a few of the simpler tango steps, when a censor stopped the music and said only the walts and two-step would be allowed. Immediately about sixty of the younger people attending jeft the ball room.

The recent edict of prominent cardinals in Paris and Rome denouncing the tango has had its effect here.

"The real tango is not danced in Omaha, but only an expurgated form of the much abused dance," said one of the young people who had been making a study of the new dances. The real tango is probably danced in in the French capital, but has never been danced in Omaha is so difficult that only the dancing teachers know the intricate steps. The various one-steps and castle walk has been mistaken by some for the tango, which is quite different.

-Editorials in many of the prominent magazines tell us the waltz and twostep met the same opposition when they were introduced.

The dances of Europe and America have always been vastly different, so it is difficult to have the same rules. But the fact that the cardinals are prohibiting some of the dances abroad will have some effect here.

Most of the European capitals are havussions concerning the tango. Cardinal Pompili of Rome, representing Pope Plus, has denounced the dance in
