Roads Can Put Time Changes Into
Effect Without Warning.

ATTORNEY GENERAL'S DECISION

Much Talked of Switch from M. & O. Railway at Norfolk to Insane Asylum Still In Air.

(From a Staff Correspondent.)

LINCOLN, Neb., Jan. 15.—(Special.)—Railroad companies contemplating a change of time card do not have to apply to the railway commission before they can put the changes into effect, according to a decision handed down by Attorney General Martin in a case brought from Cass county in a complaint filed with the railway commission against the Burlington road, which had changed its service so that it disarranged the service, which formerly existed favorable to people of that county making connection over the Missouri Pacific with the Burlington at Louisville in order to get to Plattsmouth and return the same day.

Still in the Air.

The much-talked-of switch from the Minneapolis & Omaha railroad at Norfolk to the insane asylum is still in the air. A representative of the road called on the board of control yesterday to talk over the matter, but as the cost of putting in the switch is greater than the amount appropriated by the legislature, the board will have to think it over a while in an effort to discover some means to get the money. It has been shown that the building of a switch will save the state a good sum of money each year for hauling and it is said that could the switch be built before the erection of the new building that the saving in hauling would almost build the switch. Two routes are proposed, but the shorter one will need considerable grading, but will not cost as much in the end as the longer. The legislature appropriated \$200 for the switch. The short route will cost \$3,175 while the longer route will cost \$1,155.

Orders have been issued by the State Board of Control to all superintendents of institutions under control of that board that they must prepare to raise plenty of garden truck next year, sufficient to meet the needs of each institution.

Forestry Board Meets.

The State Forestry commission met yesterday at the offices of the Historical society at the state university. The commissioners are of the opinion that the state should trade off some school land for a compact of government land sufficiently large to give the commission a good chance to experiment in the way of growing trees. Members of the commission are: Carl Rhode, of Columbus; Woodruff Ball of Valentine and A. H. Metzger, of Cass county. Fred W. Morrell of Denver, an officer of the government forestry work also met with the commission.

Irrigation Board to Meet.

The State Board of Irrigation will hold a hearing at Superior, February 25, on the application of Guthrie & Co., to divert 500 cubic feet of water per second from the Republican river for the purpose of operating a power plant.

Deposit Appraised.

It looks now as if Lincoln's long-cherished desire for a union depot would be realized, the Rock Island at last agreeing that they will come into the fold, changing their tracks from the Antelope valley, where they enter the city at Twentieth and O streets, to Eighth street and enter the present Burlington depot, which will be rebuilt to cover the needs of all roads. Practically all roads but the Rock Island enter the city at the same point at present, and if the Rock Island changes, it will be an easy matter for the Union Pacific, Northwestern and Missouri Pacific to enter the new depot. Files Complaint Against Estate.

The Omaha, Lincoln & Beatrice Interurban Railway company has filed a claim against the estate of Frank C. Phillips for \$50,000 in the county court of Lancaster county for breach of contract. The contract set forth that Phillips was to sell a large portion of the \$2,500,000 stock of the company, furnish the material for the road, secure right-of-way and franchises and receive in return \$50,000 worth of the common stock of the company and a profit of 10% per cent on their expenditures. They were to furnish a bond of \$50,000 for the performance of the work, but it is not known that the bond was given.

Exchange Consolidated.

The Lincoln Telegraph and Telephone company completed its consolidation of the two exchanges, which has been under way for over a year, and the new switchboard, costing \$50,000, was connected up last night. The new board is designed largely for the toll line service and will probably have the effect of correcting much of the dissatisfaction which has been expressed. The new board is known as a forty-two-position board, giving room for that number of operators. It will require a force of 15 girls to operate it. Thirty girls will take care of the toll business, six "information," four rural lines and two on the private exchange, working in shifts of seven and one-half hours per day.

Victim of Explosion Dead.

PLATTEMOUTH, Neb., Jan. 15.—(Special.)—Morris Schell, one of the four injured by the explosion of the tank of the six-horse power gasoline engine on the farm of George Melinger, near Murray, died yesterday. Mr. Schell was 33 years of age, and is survived by a wife and one child. His father, William Schell, was a state senator from Sary county.

Muscle Food for the Hard Toiler

The man who labors hard physically needs nutritious food. He needs a concentrated food—a food that is also easily digested. And the price of the food must be cheap. That doesn't mean that the hard toiler needs a lot of meat (as many wives think) for there are other foods equally if not more nutritious. Take Pasta Spaghetti, for example. A 5c package contains four times more nutrition than meat—it is rich in gluten—it is easily digested, and you can make a whole big family meal with a 10c package. Try it often. Cook the spaghetti for 25 minutes or so with some red ripe tomatoes. Serve with powdered cheese and bread and butter. Makes bully good eating. Send for recipe book. 1c and 3c packages. Kennedy in Limelight as an Entertainer For Gas Company

(From a Staff Correspondent.)

LINCOLN, Jan. 15.—(Special.)—Probably no man of national reputation has had greater success in keeping in the limelight and not hold office than Nebraska's versatile Senator Crawford Kennedy. He now appears in the front of the stage in the gas company investigations now being held before Special Master J. J. Sullivan of Omaha. The case is one involving dollar gas to patrons of the Lincoln Gas and Electric Light company and has been in the courts for several years.

Senator Kennedy appears as the social entertainer representative of the gas company. The intricate trial shows that Mr. Kennedy was expected to take the boys out and see that they were properly taken care of. In this capacity he shone brilliantly, and quite frequently little spreads ran up from \$25 to \$40 and the company paid the bills cheerfully because they knew the job under Mr. Kennedy's supervision was well done. In most of these entertainments officials and others of the company took part and the entertainments averaged about \$25 per month.

Woman Dies at Union Station at Fremont

FREMONT, Neb., Jan. 15.—(Special Telegram.)—A young woman, thought to be Mrs. Margaret Morton of Chicago, died on Union Pacific train No. 1, the Overland Limited, this morning at the Union station. She had a ticket to Cheyenne from Chicago and was traveling alone. Her condition was discovered about the time the train left Omaha. She died of a hemorrhage, just after the train came in. There was nothing among her baggage to indicate where she was from or the name of any relatives. This afternoon acquaintances were located in Cheyenne and a telegram was received from Clyde Early directing that the body be embalmed and held until further orders. She was between 25 and 30 years old. Her clothing was exceptionally good. She only had a small amount of money.

CENTRAL FAIR ASSOCIATION HAS STRONG ORGANIZATION

GRAND ISLAND, Neb., Jan. 15.—(Special.)—Complete organization of the Central Nebraska Agricultural association was perfected yesterday when L. C. Lawson, for over thirty years a prominent farmer and breeder was chosen president, Patrick Pagan, manager of the McDonald ranch, vice president; A. M. Conners, secretary of the Commercial club, secretary, and George L. Rouse, former speaker of the house, treasurer. A board of directors, comprising one man from every township in the county and one citizen of every ward in the city, was chosen, among them being farmers of more than local reputation, namely: J. J. Lorentzen, former superintendent; William Pagan, manager of the McDonald ranch; E. E. Edwards, a large stock farmer; C. H. Tully, M. L. Dolan, Robert McAllister and Thomas Bradstreet of Bradstreet & Clemens. A premium list committee consisting of L. C. Lawson, H. F. McIntosh and William Stelk was at once appointed. It is the aim to increase both the organization and the annual exposition and the awards will be open to several counties.

Kemp Mentioned Among Republicans For Governorship

(From a Staff Correspondent.)

LINCOLN, Jan. 15.—(Special.)—"Candidates for governor on the republican ticket come and go. New ones spring up and old ones fall from sight, but through it all boys up to view the name of Senator J. H. Kemp of Fullerton, president of the last state senate. Said a republican this morning: "Senator Kemp looks to me like the man for the place. He is well known over the state, progressive and a young man, who as an orator has not many equals in the state. He showed during the session of the last legislature that he was solid and always had the respect of his democratic colleagues, who soon learned to count a great deal on his good judgment."

So far the track is clear and if the constitutional stumbling block is brushed away by the supreme court there will be plenty of men whom republicans can pin their faith to if they want to. The list so far, besides Senator Kemp, shows the names of Lieutenant S. B. McKelvie, State Treasurer Walter A. George, Colonel John O. Yelzer, Senator H. H. Bartling and one or two others.

If Governor Morehead can be prevailed upon to forget his promise made during the campaign not to run again, the democrats will have the governor, R. D. Sutherland, George W. Berge, Charlie Pool and a few more to select from.

were made, including the place conducted by Gertie Bloomfield on Douglas street. Among those who closed were Maggie Miller, Ellen Page, Estelle Marquette, Jennie Williams, Birdie Love, Dolly Green, Mina Whitney, Buck Tremans and Mamie Kelley. Mr. and Mrs. Tully Bostain, 24 North Fifteenth street, and Fred Sykes, Canada, who were arrested by the authorities Friday on suspicion of knowing something about the McVey resort murder, were each sentenced to sixty days in the city jail on a charge of vagrancy. The police are of the opinion that the trio will be needed as more light is shed on the affair.

Offer Reward.

Circulars offering \$500 reward for information that will lead to the arrest of those guilty of the murder were sent out this afternoon by the officials of the police department. The reward money is to be forthcoming from their personal pockets and the money is to be placed in the hands of a local bank or some reputable business house for claimants that may arise. Coroner Crosby will hold an inquest into the death of Henry E. Nickell Monday afternoon at 2 o'clock.

If Child Is Cross, Feverish and Sick

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with content.—Advertisement.

A famous scientist condemns the light bottle
We reprint herewith an extract from an opinion rendered by a famous scientist showing that beer in light bottles can not remain pure,
"Beer bottles should be manufactured from reddish-brown glass, inasmuch as same will to a much higher degree than any other kind of glass, minimize the influence of the rays of light on the quality of beer, and will protect the latter against acquiring the disagreeable taste (Sonnengeschmack) due to the chemical action of light."
"In white and green glass bottles the beer is most affected by the action of the light. Such bottles are, therefore, absolutely inappropriate and should never be employed by brewers."
