CASES OF CONVICTED IRON WORKERS TO GO TO SUPREME COURT

Stay of Mandate is Granted in Cases of Twenty-Four Whose Sentences Were Affirmed.

ZOLINE PREPARES PLEADINGS

Application for Writ of Certiorari Will Be Made February 7.

WILL AID THE COPPER MINERS

United Mine Workers Expected to Support Michigan Strike.

DEMAND REMOVAL OF CHASE

Colorado Federation of Labor Commission Submits Report to Governor Ammon on Conditions in Coal Strike Zone.

CHICAGO, Jan. 21.—A stay of mandate in the cases of the alleged dynamiters convicted at Indianapolis and whose application for new trials recently were denied, was granted by the United States court of appeals here today.

The cases of thirty of the defendants were appealed and new trials were ordered for six of them. Today's mandate has the effect of staying sentence in the cases of the remaining twenty-four until the supreme court of the United States passes on an appeal. Application to this court for a writ of certiorari will be made by Attorney E. N. Zoline for the defendants on February 7. He will plead:

First—That inasmuch as all of the defendants were alleged to have been linked together in the charge of conspiracy to transport dynamite, all of the defendants should have been granted new trials, instead of only six of them.

Second—That the defendants were doubly punished; once for conspiracy to transport dynamite, and again for the actual transportation of the explosive.

Third—That Orville E. Mangum and Edward Clark, having pleaded guilty to a felony, were incompetent witnesses and should have been tried separately.

Fourth—The offenses charged were barred by the statute of limitations at the time of the indictments.

Fifth—No federal offense was proven.

Sixth—That decisions of courts of appeal conflict in similar cases.

Coal Miners Will Aid Copper Men.

HOUGHTON, Mich., Jan. 21.—The striking copper miners in the Calumet district probably will have the financial support of the United Mine Workers during the remaining days of their fight for recognition of organized labor, according to H. G. Street, who was sent here by the Mine Workers to investigate the situation.

"Labor needs to win this strike," said Mr. Street today, "and I believe it will win. I have never seen men more determined than the strikers. Their families are being well cared for by their unions and they don't appear to have the slightest thought of giving in."

Mr. Street declared that it was apparent that the citizens were not in sympathy with the strike because most of them were in a measure dependent on the mining companies. The fact that the strikers have held out so long in the face of this hostility, he said, indicates that they will remain steadfast.

As soon as he has visited all the locals in the copper district Mr. Street will proceed to Indianapolis to make the report on which he expects the United Mine Workers will decide to extend financial help to the Michigan strikers.

The United Mine Workers' organization has none but coal miners in its membership. Metal miners make up the membership of the Western Federation of Miners, with which the copper country locals are affiliated. The former body already is supporting five strikes of its own. It is said.

Sheriff Cruise and his men have been unsuccessful in their effort to find the three men who left a package containing dynamite caps and fuses in a train sent here Monday night. Union leaders declared today that they were positive

WILL SPEAK AT THE COMMERCIAL CLUB TODAY.

HITCHCOCK SEES PRESIDENT

Nebraska Senator Called to White House by Mr. Wilson.

WILL NOT TALK ABOUT IT

No Word Given Out of Meaning of Speculation as to Its Real Import.

From a Staff Correspondent.

WASHINGTON, D. C., Jan. 21.—(Special Telegram.)—Senator Hitchcock upon invitation of President Wilson paid a visit to the White House today, the first in many months. It was the real news of the day and the correspondents saw visions of a truce being declared between Hitchcock and Bryan over the question of Nebraska patronage through the personal influence of the president and a general getting together of the two "old cronies" of former days, for the greater glory of the party and the return of Hitchcock to the senate.

The senator from Nebraska would not talk of his visit to the president. He refused to give even the slightest suggestion of its import except to say that the visit was at the president's invitation.

As Viewed in Capital.

The Evening Star has this to say of the Hitchcock visit:

"Senator Hitchcock of Nebraska made his first call on President Wilson today. The visit was upon the invitation of the president, who probably wished the Nebraska senator to feel that the latch string of the White House was out to him the same as to any other democrat.

The conference was a pleasant one, apparently. Secretary Bryan's entrance into the cabinet and the turning over of Nebraska patronage to him by the administration brought a reluctance on the part of Senator Hitchcock to bother the White House, and he has never shown any activity in that section of the district. His attitude on trust legislation, would it was supposed, still further alienated him from the White House, but the president has taken care that this should not be so."

Nebraska Visitors.

Bat Koehler of Geneva, who has been on a visit to his brother, Major Koehler, at Fort Tenny, Staten Island, was in Washington today on his way to Nebraska.

Mrs. Besson of Beatrice, who has been visiting friends in the city for several days, left today for Nebraska.

Miss Amy Gilmore, daughter of Dr. Robert Gilmore of Omaha, is a house guest of Mr. and Mrs. Arthur Krook, Washington correspondent of the Louisville Courier-Journal.

Applications by Banks.

The following banks have filed application to join the new banking system: In Nebraska—First National, Elwood; City National, David City; First National, Bayard; Stockmen's National, Rushville; First National, Plainville; Citizens' National, Norfolk; Norfolk National, Norfolk.

In Iowa—First National, Thompson; Emmetsburg National, Emmetsburg; Farmers' National, Kingsley.

Hastings Jobbers See Some Relief

HASTINGS, Neb., Jan. 21.—(Special.)—Hastings jobbing interests have been informed that there is now in preparation a new freight rate schedule for Nebraska which will offset the discrimination of the Prouty rates against the shippers of interior Nebraska towns. If this schedule does as it is calculated to do and is accepted by the railroads, the local shippers will still be on a competitive basis with eastern points, but if not they will appeal to the Interstate Commerce commission for a readjustment of rates which will remove the advantage Iowa and Missouri river points have over Nebraska towns.

RAILROAD MAGNATE'S DEATH IS DUE TO ACCIDENT

NEW YORK, Jan. 21.—A coroner's inquest in Brooklyn this afternoon found that Richard D. Lankford, vice president of the Southern railway, came to his death by "unavoidable gas application." Lankford was found dead in his apartment recently two days before he was to have been married. The coroner found nothing to support the suicide theory first advanced by the police.

SECOND JURY TO TRY SCHMIDT COMPLETED

NEW YORK, Jan. 21.—After two days and a half spent in the examination of 200 witnesses a jury was completed this afternoon for the second trial of Hans Schmidt, the one-time priest, who slew Anna Amstutz, dismembered her body and threw it in the Hudson river. The first jury failed to agree on a verdict.

FEDERALS TO MAKE STAND AT TORREON

Huerta Will Attempt to Stem Advance of Constitutional Forces at that Point.

HIS NORTHERMOST STRONGHOLD

Revolutionary Movement, if Halted at All, Must Be Crushed There.

CAPTURE WOULD BE A BLOW

Overthrow of City Would Leave Two Routes Open to Mexico City.

VILLA PREPARING EXPEDITION

Insurgent General Hopes to Open Way to Advance on Capital Within Few Days—Makes Trip to Juarez.

CHIHUAHUA, Mex., Jan. 21.—Orders were issued by General Francisco Villa today for a concentration of rebel forces along the railroad north of Torreon. The rebels scattered in the state of Durango and Coahuila and the garrison in Juarez were ordered to join those at Chihuahua, with a view of preparing a formidable front in the projected rebel advance southward.

Evidence has multiplied that the federals at Torreon are determined if possible to check the rebellion at that point. Torreon is now the northernmost federal stronghold, in the heart of the republic. The federals hold that if the revolutionary movement from the north is to be halted at all it must be halted there, and that the loss of Torreon to the rebels would leave the way open for Villa's advance to Saltillo, Monterey, and cities near Mexico City. Consequently, according to reports received here, the federals are drawing all their available soldiers toward Torreon in the hope of dealing a decisive blow to the rebels.

General Villa said he was not inclined to believe the federals would evacuate Torreon. He therefore ordered to concentrate all rebels who might be spared from the surrounding country. Within ten days he said, his available army for the campaign would number 15,000 well equipped soldiers. General Villa himself expects to lead the campaign, but not until he first has visited Juarez, for which place he planned to leave today.

The rebels are already within striking distance of Torreon. They occupy Laredo and Gomez Palacio, important suburbs.

The overthrow of Torreon by the rebels would leave two routes open to Mexico City. One would be directly southward through Zacatecas and Aguas Calientes. The other would be eastward through Saltillo and Monterey and then southward through San Luis Potosi.

As an indication of his intention to head his troops and also as an instance of the summary manner in which he appoints important officials, General Villa while preparing to take the train for Juarez, turned to General Manuel Chao in the state palace today and said:

"General Chao, you are now governor of the state of Chihuahua, and I leave everything in your hands while I go at the head of my troops to dethrone the usurper of our liberties."

Mormons Prosecute Alleged Violator of the Mann Act

LOS ANGELES, Cal., Jan. 21.—Accused by officers of the Mormon church in this city, Thomas Major, aged 29, was arrested here today by federal agents and charged with violation of the Mann white slave act in having brought from Utah Nellie Hawthorne, aged 21, formerly a nurse in the household of Joseph F. Smith, president of the Mormon church.

The girl came to this city early this month on money alleged to have been supplied to her by Major, who is said to have a wife and two children in Scotland.

Federal officials said the action of the Los Angeles Mormon dignitaries in reporting the case of Major was the result of a direct telegraphic request from church headquarters in Salt Lake City.

Will Return Pistols of Jefferson Davis to His Daughter

WASHINGTON, Jan. 21.—Jefferson Davis' two dueling pistols, a double-barreled pistol and apparatus, seized by union troops near the close of the civil war, and which have been in the custody of the War department nearly fifty years, will be turned over to Joseph A. Hayes of Colorado, whose wife is the eldest daughter of the former president of the confederacy.

The shawl and raglan belonging to Mrs. Davis, said to have been worn by Davis when he was captured, were not included among the articles for which Mr. Hayes asked, but they will be returned if Davis' heirs ask for them. Secretary Garrison declared today to return the relics on an opinion by Attorney General McKeynoide.

MORE SOCIAL RESTRICTIONS FOR GERMAN OFFICERS

LONDON, Jan. 21.—A Berlin dispatch to the Daily Mail says the emperor has decreed that henceforth no army officer is to take the arm of his wife or any other woman when walking. If there is to be any holding of arms the woman must do it. The new order is inspired by the emperor's belief that leaning for support on the arm of a woman companion is not conducive to a manly bearing.

GERMAN ARMY AVIATOR IS KILLED BY FALL

MUNICH, Germany, Jan. 21.—Sergeant Schwelzer, a German military aviator, was killed here today by falling with his aeroplane. The accident was caused by the aviator turning too sharply.

CONTROL SCHOOL MEETINGS

Board of Education to Have Supervision of Social Centers.

TO STOP ALL POLITICAL TALK

Rooms in the Buildings Are Not to Be Let Out When Proposed Meeting is Sectarian or Political.

Election of a supervisor of social centers and redoubting is being considered by the members of the reorganized Board of Education, the duty of such official to be the superintendence of meetings which may under the law be held in school buildings.

During the last two years the Board of Education has thrown open schools of the city to community meetings of non-sectarian, non-political nature, and the sentiment of the school board is to permit these meetings to continue on a more extensive scale.

President C. T. Walker says the board will exercise a rigid censorship of all meetings in school houses, and he has already notified several organizations that they will not be permitted to use the schools, because their discussions invariably run into political talk.

All new school buildings have auditoriums, which are used as often by the people in that school district as by the members of the school. The mothers and fathers of the city are deeply interested in the continuance of meetings in school houses will be of interest to the community and especially to people who will be able to secure the advice of the school officials and their parents in a co-operative work.

School board members say it is not probable that the supervisor of social centers will be elected this year, but with the beginning of the first semester of the schools next year the matter will be given careful consideration and if funds permit the innovation may be given a trial.

Supervisor R. L. Carns of athletics has charge of school activities outside the buildings, and the new supervisor would in no way interfere with his work.

Five Persons Burned to Death.

ALPENA, Mich., Jan. 21.—Five persons were burned to death here today early in a fire which destroyed the residence of Samuel Biola. The victims were Mrs. Biola, three children and her brother-in-law.

The National Capital

Wednesday, January 21, 1914.

The Senate.

Met at noon. Senator Thomas introduced resolution for investigation of the Colorado strike. Members of the interstate commerce committee had a series of conferences over projected trust legislation.

Smoot bill to open Alaska classified lands to homesteaders favorably reported. Report against the seating of Frank J. Glass of Birmingham, Ala., formally presented.

Minority report against seating Blair Lee from Maryland, also presented. Passed Root's bill to empower supreme court to review certain cases involving constitutionality of statutes.

Senator Sturtevant introduced agricultural bill. Senator Ashurst spoke on woman suffrage. Resumed debate on Alaska railway bill. Representative Edwards asked for a naval board to select a naval armor plate site at Savannah.

Adjourned at 6:36 p. m. to noon Thursday.

The House.

Met at noon. Democratic Leader Underwood, after a conference with President Wilson, said he hoped congress would adjourn by June. Resolutions asking investigation of the Michigan and Colorado strikes were forwarded to members by the executive council of the American Federation of Labor.

Coal Delivered Free to Head of Ship Company

SAN FRANCISCO, Cal., Jan. 21.—Coal worth \$155 was delivered free to the home of R. P. Schwartz, vice president and general manager of the Pacific Mail Steamship company in the last six years by the Western Fuel company, according to the testimony given today by David C. Norcross, secretary of the coal company, in the United States district court.

Norcross, testifying for the government in the trial of a group of officers, directors and employees of the fuel company for conspiracy to defraud the government of duties on imported coal, said the gifts to Schwartz were charged to "operating expense" by the Western Fuel company.

When Schermer would place an order for coal, said Norcross, the order would be given to James B. Smith, western fuel manager, a defendant in the present trial. Though a regular bill would be made out for the Schermer order, after the coal had been delivered to his San Mateo home, Norcross said, Smith would direct the bookkeeper to mark the account "paid" and charge the item to "operating expense."

Eight Men Taken Off Wrecked Vessel With Breeches Buoy

CHATHAM, Mass., Jan. 21.—Captain Hart and his crew of seven men were rescued by the use of the breeches buoy today, when their vessel, the two-masted schooner General Adelbert Ames, was wrecked off Monomoy Point. The Ames, which registered 49 tons net was bound from St. John for Philadelphia.

The schooner struck before daybreak on Bear's Shoal about 200 yards off shore. The life savers in their surf boat were driven back and the beach gun was brought out. The combined crews of the Monomoy and Monomoy Point life saving stations, working waist deep in the icy water, fired four shots before getting a line across the Ames.

The first man ashore from the schooner told the life savers they must hurry, as the inmates were swaying and it was feared the vessel would go to pieces at any moment. Captain Hart, the last man to leave the Ames, was safe on the beach within half an hour.

Stockmen Demand Lower Rates and Better Service

DENVER, Jan. 21.—Lower railroad rates and better service were the demands made in behalf of live stock shippers by A. E. De Riqueux of Denver today in an address before the seventeenth annual convention of the American National Live Stock association.

"That reasonable service is not furnished," he said, "is proved by the great sums paid annually by railroads to stockmen in the form of claims, which sums, I believe, are not more than half the damage sustained by the shippers."

FORMER SENATOR CULLOM IS SLIGHTLY IMPROVED

WASHINGTON, Jan. 21.—While the condition of former Senator Shelby M. Cullom showed a slight improvement this morning, no hope is held out for his recovery, and, according to the attending physicians, the end may come at any time. Shortly after 2 o'clock the members of his family were called to his bedside to witness what was thought to be the rapidly approaching end; but a rally took place and between 7 and 8 the patient partook of breakfast, consisting of a slice of bacon and an egg, coffee and toast.

POLICE ARE SURE THEY HAVE TAKEN TRIO OF BANDITS

Third Resort Suspect is Arrested at Kansas City by Detectives Fleming and Murphy.

WILLIAMS HELPS OFFICERS

Leads Them to Place Where J. R. Brown, Ex-Convict, is Found.

FIND RECENT PAWN TICKETS

Authorities Are Now Scouring Pawn Shops.

SECOND MAN CAPTURED HERE

Lawrence Gilbert, Cook, Discovered at His Home on Harney Street.

POSITIVELY IDENTIFY HIM

Hazel McVey Sure He is the Fellow that Stood Guard at Door of Brothel When Place Was Being Held Up.

With the arrest of the third suspect, J. R. Brown, ex-convict, at Kansas City, Omaha police are practically satisfied that they have the trio guilty of the murder of Henry Nickell and the robbing of the inmates of the Hazel McVey resort a week ago tonight. Slowly and surely has the long arm of the law reached out to gather in the culprits, and while there is always a possibility of being mistaken, the evidence at hand so surrounds the three men under arrest that the charges of their conviction overshadows their outlook for acquittal.

Brown will be brought to Omaha today. He was kept locked up at Kansas City all day yesterday for reference in case Detective Fleming and Murphy located any of the jewelry which he pawned, and some of which it is thought, was stolen from the McVey resort inmates. The arrest of Brown was brought about through the assistance of J. J. Williams, who was arrested with Mary Parrish at St. Joseph, Monday, and who led the officers to the place where they found Brown. After Brown was placed under arrest, Williams became taciturn, but in the course of cross examinations the detectives learned that both suspects had done penitentiary time together, and that they knew each other.

Photographs of this third suspect were taken yesterday and sent to Omaha last night, to see if his photograph can be identified as was that of Williams.

Lawrence Gilbert, charged with being the second man in the McVey holdup, has been arrested by Detectives Dunn and Connelly. While Gilbert denies complicity with the deal, he says that he knows all three men and that he lived with them in and around Omaha up until the Monday before the murder. He gives his occupation as a cook and that he lives at 229 Harney street.

Several witnesses, who have seen Gilbert, declare that he is the man who stood guard at the door of the resort while the robbery and murder was committed.

Identified by Housekeeper. When brought before Marie Mizer, housekeeper at the Havens' hotel, Gilbert was positively identified by her as the man who sat on the bed when she unexpectedly paid their room a visit a couple of days before the McVey resort affair. She emphatically pointed out the prisoner as the particular fellow who sat on the bed fooling with a revolver scabbard, when she entered.

Hazel McVey also identified Gilbert as the man who stood at the door of the resort guarding the entrance while the other two were holding up and robbing the inmates and visitors. She declares that she is absolutely sure that Gilbert is the man.

The police have a telegraphic copy of the confession of J. J. Williams, alias Carter, and known as Blonde, in their possession.

It has been learned that Mary Parrish, the woman arrested with Williams at St. Joseph, boarded in Omaha with I. H. Crofton, 311 Harney street; that she worked for a while at the Union depot lunch counter, then at Baxter's lunch room on Farnam street, and from there she went to South Omaha. She is said to be a woman about 40 years old.

Dwight Taylor, pool hall man, who lives at 22 North Twenty-fifth street, who was arrested several days ago, is still held at the station as a witness, as it is thought he knows something of the men. The police say he is known to have communicated with the bandits and to have told them of the keys Hazel McVey carried upon her arm.

Japan Considers Replies of United States Inadequate

TOKIO, Jan. 21.—Japan regards as unsatisfactory the replies made by the United States to its protests in connection with the California alien land ownership legislation, according to a statement made by Baron Nobuaki Makino, the Japanese foreign minister, in the course of a lengthy summary of the Japanese-American negotiations, given in his annual address to parliament. He continued:

"Japan recognizes the necessity of elaborating other plans for the solution. The nature of these plans I am as yet unable to report."

Baron Makino's declaration that "no answer whatever" had been made by the United States to Japan's third protest presented in August, was the signal for an attack on the government by several members of the opposition, who alleged that too much reliance had been placed on the good will of America.
