

BLKS HAVE FOUNDERS' NIGHT

Two Hundred Members Celebrate Lodge Anniversary.

TWO CHARTER MEMBERS THERE

Program of Speeches and Special Entertainment Provided, with Musical Features Taking Prominent Part.

About 200 members of Omaha lodge No. 8, Benevolent and Protective Order of Elks, the biggest attendance since the annual meeting last March, turned out last night to celebrate the twenty-eighth anniversary of the founding of the local lodge.

One of the features of the occasion was the presence of two of the charter members of the lodge, I. W. Miner and B. F. Woodbridge, who helped to organize it in 1886.

The special speakers during the meeting were State Senator John M. Tanner, Rector T. J. Mackay, chaplain of the lodge, and these past exalted rulers: Judge George Shields, State Senator L. C. Gibson, E. C. Page, W. T. Canada and John A. Rine.

The balance of the entertainment was in charge of the stage social committee, of which George E. Begorow is chairman. Otto Bridge and his pianist, E. V. Chalifour, furnished a carol and sketch. William Hetherington and Felix Spinka, pupils of Prof. Henry Cox, a member of the lodge, rendered a violin duet.

TRAVELERS MUST PAY FOR EXCLUSIVE APARTMENTS

After March 1, next, the individual who is rich enough and exclusive enough to travel and occupy a drawing room or a compartment of a Pullman car will have to pay for it.

For compartments in sleepers for the exclusive use of one person, after March 1 the charge will be increased to one and one-half railroad fare, plus the compartment fare.

The Union Pacific was the first road in the country to put into effect the increased rates. They were put in at the time the new Overland Limited and the Los Angeles Limited went into the road.

When You Smell the Good Food Cooking

And It Makes You Sick It's a Sure Sign That You Need Stuart's Dyspepsia Tablets.

It is time to pay attention to your stomach when the sight or smell of food makes you sick, for here this is not the fact the stomach would not cause such a sign upon the part of the sense of smell and taste when meal time comes around.

All the world has to eat. You men who walk to your work like you do to a drug store for medicine, should at one realize that there is a relief for you. This relief is Stuart's Dyspepsia Tablets.

The Dyspeptic: "How can a man live in a small like that?" Taste, sight and smell all have a influence upon digestion. If one eats something that does not taste good one retards the work of digestion because the juices necessary to digest the thing eaten will not flow in correct proportion.

On the other hand, good food will always excite the taste through actual contact with the food in the mouth or through the sight or sense of smell, unless the stomach knows that it cannot digest it.

We thus readily learn that the simple act of giving nature the digestive fluids she needs, will bring back all the joys of good eating, and insuring against and seeing dainty dishes will excite a rousing appetite.
