

FINDING OUT WHO SHALL RUN

Bull Moose Bosses Picking Ticket for Next Fall.

SACKETT ATTORNEY GENERAL

Introduction of Law for Ousting Negligent Officials Likely to Have Prominent Place on the Ticket.

(From a Staff Correspondent.) LINCOLN, Feb. 12.—(Special.)—As an aftermath of the progressive party conference and banquet yesterday and the passing of resolutions that the new party would go it alone, putting up complete state, congressional, county and precinct tickets, rumors of candidates are afloat in the air and it is presumed that the rank and file of the party will soon know just who the leaders have selected.

Of course, the party candidate for governor will be Judge Arthur Wray of York. The judge has already followed the example of his illustrious leader and "thrown his hat in the ring."

It is generally conceded that Anson H. Bigelow of Omaha will be the progressive candidate for state superintendent of public instruction. Mr. Bigelow was at the conference yesterday and was one of the strong supporters of the go-it-alone policy.

Another man who will be pressed into service, though the exact office for which he will run is not known, is A. V. Pease of Fairbury. Mr. Pease has not yet been consulted, but it is understood that he will be given the choice of treasurer, secretary of state or auditor.

Select Sackett. Senator Sackett of Fairbury is likely to enter the race for attorney general. He was very conspicuous at the conference yesterday.

The other offices will be filled a little later, and might have been filled yesterday had not the conference committee on resolutions taken up so much time in preparing the platform of the party regarding non-amalgamation with either of the old parties.

As far as the congressional ticket is concerned, very little is known. Most of the districts held conferences yesterday, but with the exception of the First district no candidates have announced themselves. In the First district Y. G. Lyford of Falls City has already filed for the third party nomination and was mixing with the conferees yesterday.

No conference was held by members of the Second district, those in attendance giving out as the Second district comprised Douglas county they could get together any time and fix up things.

Some Money Needed. It is said that about \$1,200 was subscribed last night of the \$4,000 needed to run headquarters for the next ten months. This will to some extent alleviate the drought stricken condition of the treasury since the last election and will enable Chief Engineer Frank P. Corrick to desert the bread line and loosen up his belt, something he has been unable to do for some time if he depended upon bull moose finances to keep him going.

It was announced last night that but \$400 had been paid Mr. Corrick to look after things since the campaign of 1912 closed.

Miss Harriet Vittum, one of the speakers at the banquet, who is a candidate for alderwoman in Chicago, spoke before the social service club at the Lindell hotel at luncheon today. W. E. Cadmus, national committeeman from Illinois, another speaker, left today for Alliance, where he will speak and from which place he will go to Wyoming.

Medill McCormick went to Omaha from here and after delivering an address there for women auxiliaries will go to his home in Chicago. Ex-Senator Beveridge went to Topeka this morning, where he will deliver an address at a similar conference.

Democrats Are Helping. One noticeable thing at the banquet last night was the large number of prominent democrats who assisted in bringing the number up to the 400 point. It had been rumored during the day that the democrats were using every means to convince the third party fellows that they ought to go it alone and the large number of the faithful followers of Jefferson and Jackson who were circulating among the bull moose herd gave evidence that they were very much interested in seeing the fight this fall a three-cornered affair.

Dr. P. L. Hall, national committeeman of the democratic party; George W. Berge, candidate for the democratic nomination.

Meat Injurious to the Kidneys. Take a tablespoonful of Salts if Back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble. The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork, they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in uric acid so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Advertisement.

Excellent for Stomach Trouble. "Chamberlain's Tablets are just fine for stomach trouble," writes Mrs. G. C. Dunn, Arnold, Pa. "I was bothered with this complaint for some time and frequently had bilious attacks. Chamberlain's Tablets afforded me great relief from the first, and since taking one bottle of them I feel like a different person." For sale by all dealers.—Advertisement.

Ayer's Cherry Pectoral. Away back in 1841. Old enough to remember those days? Still used for coughs and colds. Sold for 70 years. Ask Your Doctor.

Inaction for governor; Charles W. Bryan, brother of the secretary of state; Dr. Carr, John M. Devine, Judge England and several more of the faithful were in evidence and the smiles which overspread their faces when the resolutions against amalgamation with the republican party were read were evidence that their work was satisfactory. It has been known for some time that democrats were using every influence that could be brought against amalgamation of the third party with the republicans and now that a three-cornered fight is assured they are feeling happy.

Notes from Beatrice and Gage County

BEATRICE, Neb., Feb. 12.—(Special.)—Judge Pemberton on Wednesday issued an order in the district court restraining Sheriff Schiele from selling a quarter section of land near Diller, owned by Albert Looper. The sale was to have been held today to satisfy a judgment held against Mr. Looper by Caroline Coleman, who some years ago instituted suit against him for illegal sale of liquor which she alleged caused Coleman's death. The amount of the judgment is \$3,516.79. The restraining order is returnable February 23, 1914.

The young son of John Rademacher, who resides northeast of Beatrice, lost two of the middle fingers on his right hand and part of the little finger on the same hand, when the member came in contact with a buzz saw.

Sabbath is Sabbath For This Ayr Farmer

HASTINGS, Neb., Feb. 12.—(Special.)—The high price of eggs is no temptation to Hiram Johnson, a farmer living near Ayr, Neb., twelve miles south of Hastings.

Last Sundays Johnson and his wife drove in a high wind to Hastings, bringing fourteen dozen eggs which they had wrapped in about 100 pounds of blankets to protect them from the zero temperature.

Just as he was about to pull up in front of a grocery store where he expected to sell his eggs some distant church bells pealed forth their summons to the faithful.

Johnson and his wife nearly had heart failure.

"I'll be dinged up if this ain't Sunday and we thought it was Saturday," quoth the disgraced farmer.

It didn't matter to the Johnsons if the grocery store was closed. A restaurant man heard them talking of their predicament and offered them a premium for the eggs, but the Johnsons have always made it practice not to transact any business on the Sabbath, so they took their eggs back over the twelve-mile drive through the blizzard to Ayr.

Williams, James Wythers and Bert Williams, having first unanimously adopted the following principles: The repeal of the Chicago rates; the defeat of all the present head officers for re-election; to incorporate in the bylaws of the order the initiative, referendum and recall; to provide in the bylaws that no change in rates or in the fundamental laws shall become effective until the same has been submitted to a vote of the members.

PLATTSBOROUGH, Neb., Feb. 12.—(Special.)—During an enthusiastic meeting of Cass camp No. 232, Modern Woodmen of America in its hall in this city last evening delegates were elected to attend the county convention in this city April 1 and resolutions were unanimously passed endorsing the present head officers and instructing the delegates to use every honorable means to secure the reelection of the head counsel, A. R. Talbot, and the reappointment of the state medical director, Dr. E. W. Cook of this city.

Brakeman Killed by Train.

DAVID CITY, Neb., Feb. 12.—(Special.)—G. W. Nidifa of Fremont and a brakeman on the Northwestern, was accidentally killed a half mile south of Bruno Tuesday evening about 8 o'clock, as a special freight train from Fremont to Brainerd was pulling out of Bruno. It is supposed that the brakeman while walking on the cars fell between two cars and was run over. The body was badly cut and mangled. The unfortunate man was alive when found by a farmer shortly after the accident, but died before he could be removed to Bruno. The train went to Brainerd, its destination, then returned, taking the body to Fremont.

GUARD REMOVAL TO COME UP

State Board of Control Will Discuss Matter Today.

NEED OF BETTER QUARTERS

Capital City Officials Somewhat Worried Over Offer of Space at Fort Omaha by War Department.

(From a Staff Correspondent.) LINCOLN, Feb. 12.—(Special.)—The fate of removal of state guard headquarters to Omaha will be settled today when the Board of Control meets this afternoon to discuss the matter. The meeting has been called by Governor Morehead and it is expected that something will be done to give the adjutant general more room in the event it is decided not to move.

A delegation composed of President C. C. Quigley of the Lincoln Commercial club, Dr. P. L. Hall and C. H. Ridge called on the governor this morning to protest against the move to Fort Omaha, and as a result the matter has been, or will be, put up to the Board of Public Lands and Funds to decide the matter. Should the board decide to keep the guard headquarters here, the State Prison board and Board of Charities and Corrections will probably be moved from its present location just across the hall from the adjutant's office to another vacant room on the fourth floor and the adjutant general given that room.

State Buys More Cows. Commissioner Gerdes of the Board of Control made another purchase of Holstein cows at a sale in Walton yesterday. Five cows were purchased at an average price of \$10, which will be sent to the Beatrice institution for feebleminded.

Sherman County Court House. Sherman county wants a new court house, according to ohn W. Long of Loup City, who was at the state house today. Counties adjoining Sherman have recently erected good and substantial court houses and the people of Sherman county are desirous of following suit.

A mass meeting of the voters of the county has been called to meet in Loup City this week for the purpose of giving their approval to a plan to build a structure to cost \$75,000.

Two Omaha corporations filed articles with the secretary of state today, the first being the Anderson-Rylander company, which will do a general live stock and grain business with a capital of \$100,000, and the John A. Anderson company, a plumbing concern with a \$20,000 capital. Both corporations are backed by John A. Anderson and C. M. Rylander.

DEINES SUCCEEDS MILES IN HASTINGS ASSOCIATION

HASTINGS, Neb., Feb. 12.—(Special.)—Ed Deines, a member of a drug firm for many years one of the most loyal base ball supporters in Hastings, has been elected president of the Hastings Base Ball association to succeed C. J. Miles, who resigned to become president of the State league. Charles Jacobs has been elected secretary and treasurer. A. R. Thompson is a new member of the board of directors.

President Miles has announced the appointment of two more umpires for the State league. They are Harry McAleer of Kansas City and Herman "Dutch" Meyers of Falls City. The league schedule committee will be called together in a few days, as it now appears that there will be no change in the league membership for the coming season.

An entire ball team has been offered intact to Hastings by a club owner in Iowa. There will be comparatively few changes in Hastings' lineup next season, but a few members of the Iowa club which has been tendered may be signed.

Right of Judge Rose to Sit in Bank Case is Now Challenged. (From a Staff Correspondent.) LINCOLN, Feb. 12.—(Special.)—The right of Justice of the Supreme Court W. B. Rose to sit in the hearing on the Capital National bank cases has been challenged by the Jones National bank and the Bank of Staplehurst in a protest filed with the clerk of the supreme court today.

The claim is made that Justice Rose is prejudiced in favor of the appellant, D. E. Thompson, to such an extent that he cannot give the case impartial consideration; also that he is a brother of appellant's attorney, Helleck F. Rose, and that Helleck Rose is a personal friend of Mr. Thompson and as such he is just as much interested in the suit as if he was a party to it, and that the same relationship is to a great extent shared by Justice Rose, his brother. The objectors claim to have reason to believe that Justice Rose at prior stages of the suit assisted his brother in preparing briefs of appellant and that the conduct of Justice Rose in consideration of these cases has been that of a zealous advocate and interested partisan rather than an impartial judge. For those reasons they desire that he not sit in the case. The sum of \$100.00 is involved in the various suits embracing this one line of litigation.

PROGRESSIVES TO TEST RIGHT FOR PLACE ON BALLOT

(From a Staff Correspondent.) LINCOLN, Feb. 12.—(Special.)—Immediate steps will be taken, according to announcement of F. P. Corrick, chief engineer of the bull moose party, to test the right of that party to a place on the ballot at the next election. The case will be brought in Thayer county on an application for a mandamus to compel the county clerk of that county to place the name of T. H. Carter on the primary ballot as a candidate for a county office.

Rumors had reached progressive headquarters that the county clerk of Thayer county had announced that he would refuse to accept any filing of any candidate under the progressive name as not entitled to that right by law, consequently the test will be made there.

Reduce the High Cost of Living. "THE ECONOMY BOOK" Contains a STRICTLY TRUTHFUL Account of foods served on the American home table. This book has already taken rank with the Cromwell Cookery Book, which is a part of England's history and which was world famous in its day. No similar book has ever received such widespread and favorable notice from newspapers, clubs, and even the United States Government, as has the Administration Economy Book. Columns upon columns of praise have been printed, and it is undoubtedly the most talked of book of the hour. THE FARMER'S WIFE, will find it just as helpful and interesting as her city sister. Its suggestions on economy, its wealth of useful information, its historical significance, its many splendid portraits of prominent women, with their biographies, will appeal to every American woman, no matter whether she lives in the rural districts, in a cottage by the sea, or in a mansion on the boulevard. Dedicated to Mrs. Woodrow Wilson, the most endearingly everyday mistress the White House has ever had, the Economy Cook Book is a fitting and notable tribute to the nation-wide attempt to find some adequate answer to the cost-of-living problem. The four hundred and fifty women who have given their time, attention and experience to the compilation of this book have erected a monument which will stand for all time as a tribute to women's insight and helpfulness.
