Fairfield Against Higher Rates.

FAIRFIELD, Neb., Feb. 13.—(Special).—At one of the largest and most enthusiastic Woodmen meetings ever held in Fairfield, the following members were elected to attend the county Woodmen meeting at Clay Center: F. M. Coleman, E. H. Lewis, J. E. Brodick, S. Bowman and E. L. Lewis.

The following resolutions were adopted: Resolved, That it is the sense of Rose Laurel camp, Modern Woodmen of America, that any increase of rate of assessment over the rates now in force in said order is wholly unnecessary and uncalled for and a useless expenditure of the money of our members.

Resolved, That the membership of this camp is uniformly in favor of change of head officers and especially of head consul and they are firmly convinced that every camp deputy, every committee and every paid employe of said order should be summarily removed from office.

The delegates were instructed to support M. L. Corey for delegate to the state camp.

Chadron for New Officers.

CHADRON, Neb., Feb. 13.—(Special).—The Chadron camp of the Modern Woodmen of America Tuesday evening held a very large and enthusiastic meeting, took in several members and elected ten delegates to the county convention. It unanimously instructed the delegates not to vote for any delegates to the state camp who would not promise to vote only for delegates to the head camp who would pledge themselves to work and vote for an entire new set of head officers and to keep the assessments as low as possible and not in any case to vote for an increase over 25 per cent over the present rate of assessment on all ages at date of entry.

TILDEN, Neb., Feb. 13.—(Special).—The Tilden camp, Modern Woodmen of America, unanimously adopted resolutions endorsing A. R. Talbot for re-election as head consul and also the platform and rate presented by the Nebraska Progressive association and expressing strong disapproval of the unfraternal tactics of the insurgent federation leaders as a whole. Girls! Draw Moist Cloth Through Hair

Try this! Hair gets thick, glossy, wavy and beautiful at once—Stops falling out.

Immediate!—Yes! Certain!—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you will have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair on the fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it—Advertisement.

NEWS NOTES FROM KEARNEY AND BUFFALO COUNTY

KEARNEY, Neb., Feb. 13.—(Special).—The volunteer fire department of this city gave a very successful benefit ball on Lincoln's birthday, the proceeds going to the Woman's Christian Temperance union hospital. This hospital has been kept up by local aid for the last fifteen years, and each year the firemen have given a ball for the benefit of the institution. Kearney will be the only city outside of Omaha to be visited by the Merchants and Manufacturers' association of Milwaukee on their annual trip this spring. The association members will go this year to the northern Pacific coast, stopping in Kearney for one day and a number in Omaha. Plans are being made by the Commercial club to entertain the visitors royally during their stay.

A large harvest of ice is being made in this city this week from Lake Kearney and many cars have been shipped out the Beatrice-Holdrege branch to fill the freeways in those towns. With the recent freeze it did not take long to get the ice in condition. The base ball fair, being held by the association here this week, is proving a great success and it is expected that the last season's deficit will be raised without any trouble, the merchants and citizens attending the fair and spending their money liberally.

Mr. and Mrs. G. W. Snyder, who have lived in Kearney for the last twenty-nine years, celebrated their golden wedding anniversary this week. Four children and fifteen grandchildren were present to help the elderly couple do justice to the day's festivities, one daughter coming from Los Angeles. Mr. Snyder is 77 and Mrs. Snyder 76 years of age and both are in good health.

HIGHLINE SHIPPERS ASK LOWER RATE ON HOGS

EUSTIS, Neb., Feb. 13.—(Special).—Hog raisers and shippers on the Highline, from Loomis to Curtis, are circulating a petition which will be forwarded to the State Railway commission, asking that body to take the matter up with the Burlington route and endeavor to equalize the shipping rates on hogs to St. Joseph, Mo. The petitioners contend that the rates on the Highline are discriminatory, greatly in favor of the shippers on the main line of the road from Oxford west to Indianapolis. The rate from this point is 20 cents per 100, with a minimum of 17.00 pounds. The distance traveled by way of Lincoln is 335 miles. Shippers at Cambridge have a 25-cent rate, and the distance traveled is but 333 miles, making a difference in favor of Cambridge shippers of 1/2 cent per 100 pounds, or, in other words, Eustis shippers pay about \$5 per mile for the extra two miles actually traveled.
