TOLEDO GAMES AT CLEVELAND Somers Will Have His Two Associa tion Teams in Action in Same City, One Busy While Other Away.

NEW YORK, Feb. 17 .- A plan by which organized base ball hopes to supply strong competition for the invading Federal league team in Brooklyn is being worked out, it was announced by Edward Z. Darrow, president of the International league.

It is proposed to transfer the Newark team of the International league to play on Ebbets field, the home of the Brooklyn National league club, and to appease the Newark public, which supported a flag-winning club last season, the Jersey City team of the International league would be placed in Newark. As Jersey City was the tail-end club last season, it is planned to pool the players of the two International league teams in order to equalize their strength.

"I am positive that our league can give Brooklyn as good a ball club as the Federal league can," Darrow said. "Nearly every player in our league has been in the majors at some time, yet we do not try to masquerade as a major league."
