AN OMAHA young man, prominent in social and business clubs, has an original and clever way of amusing his friends. This young chap is considered one of the most graceful and best dancers in the city, but he has proved to be more than this—he is exceedingly observant and is clever at mimicking. The other evening following a dinner party the evening was given over to tangoing, but what the guests enjoyed even more than dancing themselves was an entertaining exhibition given by this young man, showing how different prominent men of this city dance the tango.

One prominent business man does the tango with a special hop; another one has unusual dignity which fits in peculiarly with the dance; a certain club man leans forward during the entire dance, and so on. This young chap had a "caricature" of about a dozen well known men.

It has been suggested to this young man that he "imitate" Vernon Castle, and that he give up his business career and become a professional dancer.

ALL OF IT MADE IN OMAHA

Articles to be Served Are Distinctly Local Products, Even to the Bags to Carry Off the Remains.

Buttermilk, beer, cheese and breakfast foods, biscuits and crackers, ham, steak, pork chops and wieners, cream and sausage—all these things, and perhaps a hundred more varieties of edibles, are to be set before the guests at the annual dinner of the Omaha Manufacturers' association at 6:30 o'clock this evening at the Commercial club.

"There will be some sick stomachs there after that food is over," said a manufacturer yesterday.

"We should worry," replied another, "for everything served will be first-class, and if a man mixes too many varieties that is his own fault and not ours."

It is a "made in Omaha" dinner, and Omaha made goods are being donated in great quantities. One dairy firm alone is sending up 250 bottles of pure cream.

Then you will enjoy perfect corset-comfort and correct style always. A hint of some exclusive Nemo features that bring corset-satisfaction to millions:

HERE'S a very late Nemo invention that makes an extremely long corset completely comfortable—the
NEMO DUPLEX REDUCING BANDS
The broad semi-elastic bands are detached at the lacing ends; but when the corset is laced you get a complete incurve and an ultra-flexible skirt. In Nos. 327 and 328—\$3.00.

LONG, tightly-laced corsets of the ordinary sort push the flesh down and form ridges of fat on the upper limbs. The—
NEMO LIMSHAPING EXTENSIONS
—reduce large upper limbs to natural size and give your gowns a perfectly smooth effect. In Nos. 406 and 409, at \$4.00.

EVERY woman, stout or slender, needs abdominal support. For medium figures, sufficient support is given by the
NEMO ELASTIC HOLTITE STRAPS
Used in several models for slender figures; and as a special feature in the Auto-Massage Self-Reducing Corsets Nos. 356 and 357, at \$3.50.

OF all special Nemo features, not one is of greater importance in promoting comfort and health than the famous
NEMO "BRIDGE" CONSTRUCTION
It's all in the skillful designing. You don't see the bridge, but it's there; and it protects the gastric region—no Nemo ever "digs in." You breathe freely; your digestive troubles vanish.

BE A WISE WOMAN! Remember that the Nemo is the ONLY corset made with the DURABLE semi-elastic fabrics, Lastikops Webbing and Lastikops Cloth. Refuse imitations! INSIST on getting the GENUINE Nemo, and thus preserve your figure and guard your health.
