Under rather bearish circumstances Under rather bearish circumstances and conditions the corn market held its own and showed a small upturn for the day. Commission houses report notices of consignments of corn as increasing and prospects for a liberal increase in the movement. Kansas City reported nearly 100 cars left over unsold in that market Saturday, and this was reflected by the small takings at Chicago yesterday, purchases amounting to only 45,000 bushels.

There was a dull and narrow market in oats, but the feeling was strong, in sympathy with that in wheat and corn. Chicago is now carrying 10,166,000 bush-els. There were decreases in all stocks for the week. The trade reports an inchicago is now els. There were decreases in information of the week. The trade reports an increase in the country movement.

Pit detectives in the provisions market advanced the opinion after the close last night that the selling of May and July lard was on foreign account. Local longs realized, and this depressed provision prices moderately.

Cash wheat was 1/2012 chigher.

Clearances: Wheat and flour equal to 256,000 bushels: corn. 21,000 bushels: oats, 78,000 bushels: corn. 21,000 bushels: oats, 78,000 bushels: corn. 21,000 bushels: oats, 78,000 bushels.

Cash corn was unchanged to 1/2 higher.

Cash oats were %5%c higher. Liverpool close: Wheat, %d to %d higher; corn, %d higher. Primary wheat receipts, were 576,000 Primary wheat receipts, were 576,090 bushels and shipments 666,000 hushels against receipts of \$21,000 bushels and shipments of 520,000 bushels last year.

Primary corn receipts were 1,655,000 bushels and shipments 330,000 bushels, against receipts of 1,525,000 bushels and shipments of 1,000,000 bushels last year.

Primary cats receipts were 540,000 bushels and shipments 400,000 bushels, against receipts of 900,000 bushels and shipments of 543,000 bushels last year.

GRAIN AND PRODUCE MARKET

Trade Abnormally Dull and is Confined to Professionals.

CORN PIT HOLDS ITS OWN

Yellow Cerent Maintains Good Level and the Prospects Are for an Increased Activity in the Grain.

OMAHA Feb. 17, 1914,

The trade was abnormally duly resterday in wheat and price changes were care in the case, and especially gained in volume after the case, and eather that export the case, and eather that export the fact became apparent that export the fact beautifulation.

Fails to Make up Pails to Make up Ground Lost Day Before.

Fails to Make up Ground

OMAHA Feb. 15, 1914.

The trade was abnormally dull yesterday in wheat and price changes were held within a range of &c. Business was confined largely to the ranks of the professionals, with the number of outsiders extremely small.

There was, an undercurrent of strength which was caused by the advances in the markets of the old world, together with rains in India, where the harvesting of wheat is now progressing, and the fact that the country is out of the running as an exporter under present circumstances. Smaller world's shipments were a help from the standpoint of a buil and the fact that Manitoba wheat was offered only in small quantities at Liverpool, and that the continent was in the market for the cargoes off the English coast were steadying factors.

A cable was received from Antwerp by the Armour Grain company in which it was said that the Argentine Republic was making purchases of wheat in Australia. This cable attracted considerable

finally started to move values were fully steady, and in most cases a little stronger. From this time on the market showed little or no change, and the hig end of the offerings sold on the basis named. Movement was fairly active most of the time and a fair clearance was made by a reasonagly early hour. On the close of the market some very good hogs brought the extreme top to \$8.55.

The figures show little on no change as compared with Monday, the bulk sell-SOUTH OMAHA, Feb. 17, 1914. and bought such kinds in good season at prices fully steady with yesterday. The bulk of a liberal supply of lambs was good, and while trade had only a fair degree of activity, a clearance of such grades was made at a reasonable hour. The in-between grades, forming a smaller percentage of the receipts than on the day previous, helped their sale some, though the market on them was rather slow. Prices on the in-between kinds were steady to easier.

Most of the lambs sold at a range of \$7.0007.55. Some wheat field grades from Idaho sold around \$7.15. About four or five loads of lambs, carried over from yesterday, sold to a feeder buyer this morning for \$8.75. RECEIPTS-CARLOADS. Cattle Hogs Sheep H'ses C. M. & St. P. Ry. of the heavy run the trade was very slow, buyers taking advantage of the situation to secure their cattle at lower prices. It was late before very much business was done.

When buyers and sellers finally got together on a trading basis, beef steers moved at prices that were in most cases fully 10c lower. While the movement was dull, the big bulk of the cattle had changed hands by midday and pretty much everything disposed of by the close. Cows and heifers, aside from a few early sales of the choicest grades, were life lower than yesterday and the trade not very active.

loc lower than yesterday and the trade not very active.

Feeders of good quality were around loc lower than last week, with stockers in many cases 25c lower.

Key to the Situtiaon-Bee Advertising. beceipts total 19,916 head, be

over 2,500 head short of the correspond-ing days last year.

Trade during the early rounds was rather slow and dull, as buyers first bids were no more than steady, while nucst of the salesmen were holding their offerings for higher money. It did not take traders a great while to get to-gether though, for there was a good buying demand, and a compromise was soon effected, so that when the supply finally started to move values were fully steady, and in most cases a little

President's Position Becomes Known After Conference with Committee.

CAMINETTI WITHOUT W. H. O. K.

Suggestions Made by Commissioner with Reference to Asiatic Exclusion Not in Accord with Excentive's Views.

WASINGTON, Feb. 17 .- President Wilson will vete the Burnett immigration bill if it comes to him for his signature with the so-called literacy test contained in it.

This became known from an authoritative source tonight after Chairman Smith of the senate immigration committee had announced that the bill, virtually as it passed the house, including the literacy test, would be favorably reported to the senate soon. Prospects are that the bill will pass the senate as reported from the committee, but the measure never will become law, according to close friends of the president.

Favors Other Means. The president does not consider literacy a test of character, and believes some other means should be devised to prevent undesirable aliens from entering the United States. He told callers today that he had given his view to the senate committee and had left it to them to

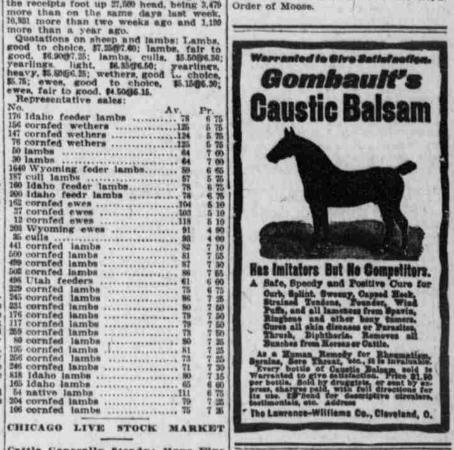

make it public or not, as they chose. The literacy test has twice proved the stumbling block of immigration legislation, once in President Taft's administration, and prior to that during the beumbency of President Cleveland. President Taft vetoed a bill on account of a literacy provision, and President Cleveland let a prior measure of the same character die at the end of the administration by failing to sign the bill.

Not in Accord With Caminetti. It also became known tonight that suggestions with reference to Chinese and Japanese immigration, made to the house committee on immigration last Friday by Commissioner General Caminetti of the immigration bureau, are not in accord with the views of the president, Mr. Caminetti's views were expresed without previous knowledge by the White House.

yesterday, sold to a feeder buyer this morning for \$6.75.

The size of the aged sheep receipts was pretty much the same as yesterday with ewes, as usual, predominating, and the general quality only fair. There was nothing strictly good in this division on sale. What ewes were offered moved largely around \$4.9055.10. A bunch of yearlings, being a straight cut of some which brought \$6.60 yesterday, sold at the same price today. Killed as Car Jumps Track. WATERLOO, In., Feb. 16.—(Special Telegram.)-James Blenis, yard switchman for twelve years for the Illinois Central in this city, was killed today when a coal car upon which he was riding jumped the which brought 26.60 yesterday, sold at the same price today.

The receipts, being estimated at 11.600 head, were liberal, compared with one and two weeks ago. Last Tuesday 10.220 head were yarded, and two weeks ago the receipts amounted to 2.147 head. Taking the first two days of the week together, the receipts foot up 27,500 head, being 3,479 more than on the same days had week. track at a crossing and crashed into the coal sheds. He was 57 years of age and leaves a widow and aged mother. He was an active member of the Brotherhood of Railroad Trainmen, Ancient Order of United Workmen, Maccabees and Loyal Order of Moose.
