

FORM SOCIAL CENTER CLUB

Monmouth Park Residents Name Ed D. Black President.

WORK FOR BETTER CONDITIONS

Playgrounds of Enlarged Proportions and Facilities Will Be Provided—Will Discuss Bond Issues.

The first social center organization in Omaha was effected at Monmouth Park school last night, when fifty neighbors gathered in the school auditorium, elected officers, adopted a constitution and agreed upon a purpose.

All of the fifty present enrolled as charter members of the new organization, which will meet March 3 and on the first and third Fridays of the month thereafter.

Ed D. Black, who was elected president, explaining the purpose of the organization, said:

"We will have a better Omaha if this club, organized as a social center, is a success, for the eyes of the city will be upon us and the fate of the first social center will be watched by all.

"More intelligent voters, social and economic reforms, intelligent discussions of public questions—these are the purposes before the club.

"And our mothers and sisters will, in time, take part with us, not only as they will in this club, but they will stand side by side with us and cast their ballot at the polls."

The following officers of the association were chosen: Ed D. Black, president; A. N. Glover, vice president; Miss Etta Smith, second vice president; H. H. Hauer, third vice president; Mrs. J. M. Sturdevant, fourth vice president; S. C. Jennings, secretary; Ross Wallace, treasurer.

Miss Etta Smith, principal of Monmouth Park school, as second vice president has charge of programs. She appointed a committee and arranged for the first program. A general social time will precede a talk on the several bond issues before the people at the special election of March 10.

Better Playgrounds. Mr. Glover reported that several prominent men were interested in this first social center organization and in the issue of entertainment for boys, provided by Bruce McLain. Concerning the work done to provide playgrounds and physical recreation for boys in the Monmouth Park school district, Mr. McLain said:

"The boys will meet twice each week at this school. In the summer arrangements will be made for games in the evening, lights being installed on the playgrounds. We are attempting to provide better playgrounds and more interesting and efficient recreation for the boys of this neighborhood."

At the close of the meeting a resolution of thanks to the Board of Education for permitting them to use the auditorium of Monmouth Park school for meetings of the social center organization was adopted.

It was decided during the discussion of the program to be given March 3 that the organization would look unfavorably upon any attempt to convert the social center into a dancing club.

Waterloo Dems in Line for Mayor Jim

Quite a gathering of good democrats met in Waterloo Thursday night for the purpose of considering an available candidate for the Second congressional district. The meeting came to order, J. W. Hall was called to the chair and Al Campbell elected as secretary.

The meeting was unanimous in favoring James Charles Dahman of Omaha as its choice for the position. It was the consensus of opinion that he would be supported by 90 per cent of the democratic voters of Waterloo precinct at the coming primary. Many present believed 90 per cent of the democrats of western Douglas county would support him in preference to any other candidate. The following resolution was offered and adopted unanimously:

"We democrats of Waterloo precinct, believe that the time has come when the democratic voters of the Second congressional district should make known their preference for candidate for congressman from this district at the coming primary. We are not entirely in accord with conditions as they exist in our representation from this district. We believe that in order to be successful at the coming election it is imperative that we have as our candidate for congress a strong, capable man whose democracy is unquestionable, therefore, we resolved, that we, the democrats of Waterloo precinct do hereby submit to the voters of the Second congressional district the name of a man who has always been foremost in the fight for the true principles of democracy, a man who has fought for a break in the machine promise, and who, should he be elected to this important position, will be found at all times to be the true representative of the best interests of all the people of this district. Knowing him as we do, and believing in his honesty and integrity, we therefore submit to the democratic voters of the Second congressional district the name of our candidate, Dahman of Omaha as our candidate."

ROBBERIES EMPLOY RUSE IN ROBBING GROCERY

A well dressed woman entered the grocery store of Victor Macelar at Twentieth and Bancroft streets, yesterday shortly after noon, and asked to buy a barrel. She insisted on going to the cellar with the proprietor to inspect the purchase she was about to make.

While they were in the cellar a man entered the store and stole the cash barrel containing about \$20. Macelar heard the man upstairs and ran up to the store, just in time to see the thief disappear with the cash drawer. While he gave chase to the burglar, the woman, evidently an accomplice, escaped. He was able to furnish the police a fair description of both people.

"From your druggist get two ounces of Glycerine and half an ounce of Globe Pine Compound (Concentrated Pine). Take these three ounces home and put them into a half pint of good whiskey. Shake well. Take one to two teaspoonfuls after each meal and at bed time. Smaller doses to children according to age." This is said to be the quickest cough and cold cure known to the medical profession. Be sure to get only the genuine Globe Pine Compound (Concentrated Pine). Each half ounce bottle comes in a tin screw-top sealed case. If your druggist is out of stock he will quickly get it from his wholesale house. Don't fool with uncertain mixtures. It is risky. For the past six years this has had a wonderful demand. ALL COMES OUT OVER TEACUPS

Numerous Declarations Follow the Talk Delivered by Miss Dunlap on Votes for Females.

"If my husband was dishonest, I wouldn't live with him!" "I've kept the same maid for ten years and my husband, who is well known for his good nature, has had three stenographers in the last year."

"They have never had to call out the militia to settle any domestic difficulties."

"If their husbands are bad, their wives' votes will not be influenced by them, and if they are good men, they won't want their wives to be influenced by their vote."

"We will not ally ourselves with any political party. We are only after the right to vote. Later we will affiliate with whatever party we desire."

These and like exclamations, declarations and challenges, were all that could be disentangled from the storm of conversation, which ensued when Miss Flora Dunlap of Des Moines, had finished her talk on suffrage at a tea held Friday afternoon at the home of Mrs. E. M. Fairfield.

If pinned down to the truth, it would have to be admitted that Miss Dunlap was not permitted to finish, but was entirely smothered by the clamor of discussion that arose. That there was discussion was not surprising in view of the fact that Mrs. Fairfield, invited to her tea a number of her friends, who had declared themselves as opposed to suffrage, or as neutral, in an effort to convert them to the cause.

Young and Older Ones There.

The guests represented a circle of young society girls and young matrons who were most interesting to note the differences in opinion, which existed between two attractive young society leaders, who have been the dearest of friends since childhood, and a similar difference between the political beliefs of a popular matron and her brilliant young sister.

Burglar, Surprised at Work, Takes Flight

Mrs. Edith Bronce, 238 Capitol avenue, went to the grocery last night, shortly after 8 o'clock, and left the back door of her home unlocked. When she returned, the lights were burning, and she entered the kitchen and called to her son, thinking he had returned during her absence.

Instead of hearing a masculine oath, and a man ran down the stairs from the rooms above, and dashed out of the front door. She called the police, and found upon investigation that she had been robbed of \$9 in cash. Quantities of silverware had been gathered by the burglar and piled on a tray, but he was evidently surprised in the middle of his job, and fled without taking the bulky loot with him.

Grand Jurors Go Into Taylor Case

Four witnesses testified yesterday in the investigation conducted by the grand jury at the court house into the fight over the jury which followed trial of Cadet Taylor's libel suit against The Bee.

Three jurors, C. Benson, M. J. Downs and J. A. McCarthy, and Stanley Rosewater, of counsel for The Bee, were the witnesses. It was presumed that the testimony of the jurors was similar to that given by them in the contempt hearing, when they related that attempts made by Juror Wesley Gard to "sound" them, told of his constant praise for Bromé & Bromé, attorneys for Taylor, and also that Gard swore falsely under oath.

It was announced that the grand jury would sit next Monday. Attorney Connel, who represented The Bee in the libel case has been subpoenaed to testify.

Initials in Hat the Ruin of This Burglar

NEW YORK, Feb. 21.—The initials in a hat led to the arrest and confession, according to police today, of George W. Acker, 23 years old, professional choir singer, who detectives were loath to accuse because of his high standing in church circles.

The arrest of Acker followed an attack made on Mrs. Charles Rose on Wednesday night by a burglar, who, after falling to cower her at the point of a revolver, beat her and escaped, leaving his hat behind. The burglar had posed as a gas inspector to gain admission to the flat.

Central Labor Union Rejects City Charter

At the Central Labor union meeting last night the report of the special committee on the city charter was adopted. The committee reported adversely on the charter because it contains provisions for home rule of elections, for the election of city physician and for civil service tenure of office, and does not contain provisions for the eight-hour day, the six-day week and employment of residents only on city jobs, and does not endorse woman's suffrage. The committee found much to praise in the charter, and expresses regret that the chapters commended can not be adopted separately. C. L. Shamp, member of the body, who was on the charter commission, is commended for his refusal to sign the report of the commission to the public.

Man Sentenced to Leave Liquor Alone For Ninety Months

NEW YORK, Feb. 21.—Seven and a half years of total abstinence from liquor, instead of seven and a half years in jail, was the sentence imposed by Supreme Court Justice Davis today upon Joseph A. Berrigan, president of the Independent Ice Dealers' association, convicted of attempting to extort \$100 from the Knickerbocker Ice company by threats to institute a newspaper campaign against the company.

"It is apparent," Justice Davis said, "that you are a victim of drink, and it would be a good thing to send you away to get the liquor out of your system. I will suspend sentence with the understanding that if you drink you will be brought before this court and sentenced." Seven and a half years' imprisonment was the maximum penalty for the crime.

Culls from the Wire

Despite a shortage of \$1,001,750, creditors of the closed Mercantile bank of Memphis will receive about 30 cents on the dollar. Motion for a retrial of the \$50,000 damage suit instituted by Mrs. Minnie E. Bond of Oklahoma City against United States Senator T. P. Gore, in which a verdict for the defendant was returned here Wednesday, was filed in behalf of Mrs. Bond in Oklahoma City yesterday.

Rather than face a charge—so he wrote in a note—made against him by several small girls, John A. Boyken, a wealthy and prominent druggist of New York, committed suicide yesterday in a bedroom in his store, by drinking poison. He was 63 years old.

The Rev. James T. Williams, formerly a pastor of a church in New Castle, Pa., was locked in jail at Toronto yesterday, after his arrest in company with Mrs. George Thomas. The woman was placed in the custody of her husband, who followed the pair from Pennsylvania and caused their arrest, alleging they eloped.

The Home Beauty Parlor by Betty Dean June: The "French complexion" you require about is probably the craze for liquid powders. They are thought to be more wholesome for the skin, as well as more beautifying and less likely to show than ordinary powder. The following preparation can be made at home from ingredients to be purchased from any druggist. Get 4 ounces spermacin from your druggist, dissolve in one-half pint hot water and add two teaspoonfuls glycerine. It is splendid in effect, looks very natural and clings as if it belonged to your skin. Lily: You will find shampooing with a teaspoonful cantharid dissolved in a cup hot water is a quick and pleasing way to free the scalp of dust, dandruff and excess oil. This is a cleanser and invigorator most appreciated by one whose scalp is either dry, scaly and itchy or profusely oily. Its use restores healthful vigor to my scalp and induced the hair to come in plentifully, with a gloss, and greatly enriched color. Rose: The best blood-cleanser I know is karsene because it acts on the liver and kidneys and if, as you say, you are troubled with severe and constant headaches, it is an indication that your kidneys and blood need attention. To prepare, put one ounce karsene (from the drug store) into one-half pint alcohol whiskey should not be used) then add one-half cupful sugar and hot water to make a full quart. A tablespoonful before meals is the dose. This karsene tonic gently expels poisonous waste from the body and tones up the internal organs so they can do their work. You will find this tonic good for lost appetite, falling strength, and to clear up the complexion. Lorel: Even the woman of middle age nowadays is determined to keep her flesh down and who can blame her, now that present styles demand slimmest? I always recommended parrotia (which I mix up at home) as the safest, cheapest and best flesh-reducer. Get four ounces parrotia at druggist and dissolve in one and one-half pints hot water. Cool, strain and take a tablespoonful before each meal. Dieting or exercise is not necessary with this. Mrs. S.: My own experience with wrinkles was three years ago when I removed them with a very simple, inexpensive preparation which I made by mixing an ounce of alomoin (from my druggist's) in one-half pint cold water and adding two teaspoonfuls glycerine. This, by contracting the skin slowly, restores healthy firmness and keeps the surface circulation of the blood so good that a perfectly natural glow develops in the cheeks. I have used it ever since. Madge: No, you need not have lots of money in order to give your hair and scalp perfect care. I often recommend many made-at-home items which are even better than high-priced patents. As a hair tonic I get an ounce of quinine as the druggist's, dissolve it in one-half pint of alcohol and add one-half pint of water. Rub a little at a time well into the scalp and your dandruff will disappear and you will keep your scalp healthy. Edie: I brighten by eyes and rest them when tired by putting a few drops of crysote solution into each and bathing the lids with the same. I make the tonic by getting an ounce of crysote from the drug store and dissolving it in a pint of clear water. It will not smart and is soothing and healing. It is the safest way of making the eyes sparkling and expressive. Betty Dean's Beauty Book, \$1.—Advertisement.
